ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to five requests for 1-minute speeches on each side of the aisle.

ISRAEL'S FIRE

(Mr. QUIGLEY asked and was given permission to address the House for 1 minute.)

Mr. QUIGLEY. Madam Speaker, in the wake of the worst fire in Israel's history, I want to commend USAID and the U.S. Forest Service for leading America's vital effort to help extinguish the flames.

Now that the fires are out, the hardest work begins. The U.S. Forest Service will work closely with the Jewish National Fund and the State of Israel's national foresters to rebuild the destroyed forest.

Their first order of business will be assessing the damage and creating a plan for the long-term renewal of the historically significant Carmel Forest. The Mount Carmel region in Israel is rich in biblical history, most famous as the site of Elijah's battle with the prophets of Baal.

The coordinated efforts of the JNF and the U.S. Forest Service will ensure this precious area is restored and maintained for generations. The partnership of the U.S. Forest Service and the Jewish National Fund is yet another reminder of the strong ties between the United States and Israel.

I urge my colleagues support the efforts of the JNF as it works to restore and rebuild this beautiful and ancient region of Israel.

AMAZON.COM WELCOMED TO SOUTH CAROLINA

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, Lexington County, South Carolina, received great news this week as Amazon.com announced plans to open a distribution center in Cayce. This will bring 1,200 jobs to the Midlands, and I truly thank Amazon.com for their economic commitment to our State.

The Lexington County Council, with the Central Carolina Alliance, put together a positive incentives package, promoted by Economic Development Manager Chuck Whipple.

Joe Taylor, Secretary of the South Carolina Department of Commerce, has proven his success of creating long-term private sector jobs. Under Secretary Taylor's leadership, the Department of Commerce has recruited 82,695 jobs and \$16.7 billion in capital investment. As a result of local leaders like Secretary Taylor, the future is looking bright for South Carolina. His proven successor is BMW executive Bobby Hitt, named by Governor-Elect Nikki Haley.

In conclusion, God bless our troops, and we will never forget September 11th in the global war on terrorism. Welcome back to Washington Adjutant General-elect Bob Livingston, America's only elected adjutant general.

HUMAN RIGHTS DAY

(Ms. LORETTA SANCHEZ of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise today to recognize Human Rights Day.

Today, people around the world recognize the human rights violations that continue to occur in so many countries like Vietnam and China. It is also a day where we honor the men and women who sacrifice their freedom in order to fight for human rights.

At this moment, there are three individuals imprisoned in Vietnam for exercising their rights of free speech and expression: Tran Khai Thanh Thuy, Le Thi Cong Nhan and Pham Thanh Nghien are three women democracy activists who have been denied their basic human rights by their own government, Vietnam.

The people of America enjoy the freedom to speak and worship freely, but it is important for us to remember those who do not have the same freedoms as we do. So, today, let's remember all those freedom fighters and let's work together in the coming year to ensure that people like these three women are allowed to express themselves.

OUT-OF-CONTROL SPENDING

(Mr. BUCHANAN asked and was given permission to address the House for 1 minute.)

Mr. BUCHANAN. Mr. Speaker, our national debt is quickly approaching \$14 trillion. Yesterday, Congress approved another trillion dollars, funding government next year, without making the necessary cuts.

This spending bill does nothing to reverse the out-of-control spending of the last 2 years. Instead, it continues this incredible growth of borrowing and spending that puts our country on the track to bankruptcy. In the past 50 years, we have only balanced the budget five times.

This has to change. During my first week, I introduced the constitutional balanced budget amendment that says simply we don't spend more than we take in.

We need to pass the constitutional budget amendment, and we need to pass it today.

CUTTING TAXES FOR MILLIONAIRES AND BILLIONAIRES

(Mr. TONKO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TONKO. Mr. Speaker, my colleagues on the other side of the aisle have said over and over again that cutting taxes for millionaires and billionaires will create jobs. It simply has not.

Albert Einstein once described insanity as doing the same thing over and over again and expecting different results. That is why I rise today to ask, where are the jobs? Where are they? It is time we restore sanity to the discussion on tax cuts.

Tax cuts for millionaires and billionaires do not create jobs. They are also not supported by the general public. In fact, according to a CBS poll from last week, only 26 percent of Americans support millionaire tax breaks and only 46 percent of Republicans support millionaire tax breaks.

So I ask, who are my Republican friends listening to? Is it the average family or small business in their district, or is it Wall Street CEOs and an army of special interest lobbyists?

The trickle-down effect has not worked. As any farmer will tell you, you fertilize a plant from bottom up, not top down, because if its roots are strong, the plant will be strong. Our country's roots are the middle class, and it's time we give them nutrients to thrive.

TIME TO EXPAND AMERICAN ENERGY EXPLORATION

(Mr. SMITH of Nebraska asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Nebraska. Mr. Speaker, American families are preparing for the holiday season and doing so by paying the highest fuel prices in 2 years.

In addition to gasoline, heating oil and diesel prices are expected to increase year over year for the first time since 2008, and analysts are predicting oil will hit \$100 a barrel very soon. At a time when our economy is struggling to recover, such skyrocketing energy prices could be catastrophic.

This is why it makes no sense the administration recently announced plans to cancel further energy exploration and development in deep offshore areas. These sources of American energy are known to contain more than 86 billion barrels of recoverable oil.

This decision to prevent energy development hurts our economy and costs American jobs. Let's give Americans what they deserve. The time is now to expand exploration of American energy resources.

STOP SHOOTING CHILDREN

(Mr. BAIRD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BAIRD. My colleagues, it is time to call on our allies in the State of Israel to stop shooting children.

Since March of this year, 17 children have been shot by Israeli snipers near the border of Gaza, shot for the crime of picking up small pieces of rock to use for aggregate because the Israeli blockade is preventing construction materials from coming into Gaza. Seventy percent of these children were shot while doing this activity beyond the 300-meter unilaterally imposed security zone. Young children and adults are picking up small pieces of gravel because they cannot import concrete to rebuild schools, hospitals, clinics and water treatment facilities without it.

Let us call upon our allies in the State of Israel to stop shooting children, to prosecute those who have shot children, and to lift the blockade to allow raw materials in and economic prosperity to succeed.

On this Human Rights Day it's the least we can do.

SUPPLY AND DEMAND

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, a recent headline in the Atlanta Journal-Constitution talked about the scarcity of heating fuel,

which sent prices through the roof. By contrast, the Philadelphia Inquirer reported on a drop in utility bills in the area due to Marcellus Shale drilling in Pennsylvania. Both are classic examples of such supply and demand.

Heating fuel in Atlanta is fed, in great part, by the production of offshore oil and natural gas reserves from the Gulf of Mexico. Unfortunately, last week vast amounts of our own oil and natural gas reserves off the Atlantic and Pacific coast were placed off limits by the White House, limiting production and, as a result, supply.

Secretary of the Interior Salazar, through regulation, not legislation, removed nearly all of our vast offshore oil and natural gas reserves from the production process. The result, not one barrel of oil or cubic foot of natural gas owned by other citizens will be produced until at least 2022.

In Pennsylvania, recent development of Marcellus Shale natural gas has brought the opposite effect. A lower rate from the Philadelphia Gas Works will save the average customer almost \$15 per month.

The solution is obvious, and Congress should reclaim its jurisdiction over our energy future.

THE DREAM ACT

(Mr. SCHIFF asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHIFF. Mr. Speaker, for the past three Congresses, I've been an enthusiastic cosponsor of the DREAM Act, which I see as an essential component of comprehensive immigration reform.

No child raised in America should be permanently penalized for the immigration status of their parents. The DREAM Act gives young people a chance to contribute to the United States, often the only country they know. I've heard from many high school students in my district who have done everything right, but discover when they apply to college that they are not a citizen, that the doors of education and a better life they have worked for so hard are closed to them.

The U.S. has a proud tradition of welcoming immigrants who want to work hard and play by the rules and build a better life for themselves and their families. The DREAM Act comes from that tradition. It will make our economy, military, and Nation stronger.

Yesterday evening I was proud to cast an "aye" vote on the rule to bring the DREAM Act to the floor. I was not on the floor later that night and missed the final vote on the act. Had I been present, I would have enthusiastically voted "aye," and I urge my Senate colleagues to take up the legislation in the remaining days of the 111th Congress.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. ALTMIRE). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Record votes on postponed questions will be taken later.
