STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. WEBB:

S. 3148. A bill to amend the Internal Revenue Code of 1986 to provide for the treatment of Department of Defense health coverage as minimal essential coverage; to the Committee on Finance.

Mr. WEBB. Mr. President, today I introduced a bill that speaks directly to the welfare of our military service members and their families. TRICARE, TRICARE for Life, and the non-appropriated fund health plans are the programs that provide health care for our men and women in uniform, their families, retirees, and other eligible individuals. These programs, as well as today's military veterans health care system, exceed the minimum essential coverage required by the health care reform bill passed yesterday by the House of Representatives.

I am pleased to offer a companion bill to one introduced last week by my good friend, House Armed Services Committee Chairman IKE SKELTON, that explicitly protects TRICARE and NAF health plans. Representative SKELTON's bill, which passed Saturday by a vote of 403 to 0, makes it perfectly clear that no TRICARE or NAF health plan beneficiary will be required to purchase additional coverage beyond what they already have.

My companion legislation to Chairman SKELTON's provides a similar reassurance to our servicemembers and their families. It will amend the Internal Revenue Code of 1986 in a way that stipulates that Department of Defense TRICARE health-care coverage will be treated as minimal essential coverage under the health care reform bill when it is signed into law by the President.

There has been a great deal of confusion over the past year surrounding the future of TRICARE and other military health care programs. False allegations have been raised, for example, that the administration planned changes to TRICARE for Life that would jeopardize its future or substantially raise its cost for beneficiaries. It is important to set the record straight.

In my capacity as the chairman of the Personnel Subcommittee of the

Senate Committee on Armed Services, I am committed to protecting the health care coverage programs in place for the military today.

Supporting this bill will reassure our service members that the coverage provided by TRICARE and nonappropriated health plans is properly protected in law as meeting the requirements for individual health insurance mandated by the new health care reform bill. I urge my colleagues to join me in supporting this legislation.

By Mr. BEGICH (for himself and Mrs. MURRAY):

S. 3150. A bill to increase the mileage reimbursement rate for members of the armed services during permanent change of station and to authorize the transportation of additional motor vehicles of members on change of permanent station to or from nonforeign areas outside the continental United States; to the Committee on Armed Services.

Mr. BEGICH. Mr. President, I rise to introduce a bill entitled the Service Members Permanent Change of Station Relief Act—or PCS Relief Act. I am proud to introduce this legislation and thank my cosponsor Senator PATTY MURRAY. This bill will provide our servicemembers and their families much-needed financial relief during these hard economic times.

Like most families, our servicemembers are pinching their pennies too. Unfortunately, often they incur many unnecessary financial burdens related to their service and their sacrifice. For instance, right now, our servicemembers with spouses and children are only reimbursed for shipping one vehicle to or from Alaska, Hawaii, and Guam during a permanent change of station. This means if they get directed to move to a military base in Alaska from Texas, or to Texas from Alaska, they must pay to transport a second car themselves, or they must sell their vehicle and purchase a new car at the next location. This can be a costly option.

However, many military families cannot afford to ship a second vehicle or purchase another car. Without a second vehicle, spouses and children who accompany a servicemember on a permanent change of station may be unable to hold a job, run daily errands, or otherwise participate in their new communities. Many States have large military bases, such as Joint Base Elmendorf and Fort Richardson in Alaska. With housing on one end and base services on another, some families cannot even get to the grocery store or take their children to a doctor in an emergency.

Colleagues, it is unacceptable that we put our military families in a position where they have to make a choice between the inability to meet daily needs and take care of their family in an emergency, or pay more than \$1,500 to ship a second vehicle. Under the PCS Relief Act, our military families will

be able to ship a second car to and from Hawaii, Alaska, and Guam to ease the hardships and alleviate needless costs.

To further alleviate needless costs, the legislation will increase the gas mileage reimbursement rate during a permanent change in station. Currently, when our personnel drive from one military base to the next on their government-directed move, they are reimbursed less than half the amount they get under temporary duty assignments. The temporary duty reimbursement rate reflects the true cost of operating a vehicle. The current PCS reimbursement rate of 16 cents per mile does not, creating yet another financial burden for servicemembers.

It doesn't make any sense that gas mileage reimbursement rates are different amounts for PCS and TDY. Our servicemembers get official orders to move. It is not optional.

They are both official business expenditures. We already ask so much of our servicemembers and their families. They are fighting two wars. They move at the military services' direction, relocating themselves and their families to new military bases every few years. It is unfair we are asking them to pay out of pocket on these government-directed moves, or experience unwarranted and pointless hardships due to financial constraints.

In these tough economic times, it is more important than ever that we show our support for our servicemembers and their families. Relieving stress and strain during a permanent change in station is the least we can do. I ask my colleagues to support the Service Members PCS Relief Act.

S. RES. 464

Whereas the ancient Greeks developed the concept of democracy, in which the supreme power to govern was vested in the people;

Whereas the Founding Fathers of the United States, many of whom read Greek political philosophy in the original Greek, drew heavily on the political experience and philosophy of ancient Greece in forming our representative democracy;

Whereas Greek Commander in Chief Petros Mavromichalis, a founder of the modern Greek state, said to the citizens of the United States in 1821 that "it is in your land that liberty has fixed her abode and . . . in imitating you, we shall imitate our ancestors and be thought worthy of them if we succeed in resembling you";

Whereas the Greek national anthem, the "Hymn to Liberty", includes the words, "Most heartily was gladdened George Washington's brave land";

Whereas the people of the United States generously offered humanitarian assistance to the Greek people during their struggle for independence;

Whereas Greece played a major role in the World War II struggle to protect freedom and democracy through such bravery as was shown in the historic Battle of Crete, which provided the Axis land war with its first major setback, setting off a chain of events that significantly affected the outcome of World War II;

Whereas hundreds of thousands of Greek civilians were killed in Greece during World War II in defense of the values of the Allies;

Whereas, throughout the 20th century, Greece was one of a few countries that allied with the United States in every major international conflict;

Whereas Greece is a strategic partner and ally of the United States in bringing political stability and economic development to the volatile Balkan region, having invested more than \$20,000,000,000 in the countries of the region, thereby helping to create more than 200,000 new jobs, and having contributed more than \$750,000,000 in development aid for the region;

Whereas Greece actively participates in peacekeeping and peace-building operations conducted by international organizations including the United Nations, the North Atlantic Treaty Organization, the European Union, and the Organization for Security and Co-operation in Europe;

Whereas Greece received worldwide praise for its extraordinary handling during the 2004 Olympic Games of more than 14,000 athletes and more than 2,000,000 spectators and journalists, a feat Greece handled efficiently, securely, and with hospitality;

Whereas Greece, located in a region where Christianity meets Islam and Judaism, maintains excellent relations with Muslim nations and Israel;

Whereas the Government of Greece has taken important steps in recent years in furthering cross-cultural understanding and rapprochement with Turkey, as seen with the October 2009 visit to Turkey by the Prime Minister of Greece, George Papandreou, as his first trip abroad just days after being elected;

Whereas Greece and the United States are at the forefront of the effort for freedom, democracy, peace, stability, and human rights;

Whereas those and similar ideals have forged a close bond between Greece and the United States; and

Whereas it is proper and desirable for the United States to celebrate March 25, 2010,

Greek Independence Day, with the Greek people and to reaffirm the democratic principles from which these two great nations were born: Now, therefore, be it

Resolved, That the Senate—

(1) extends warm congratulations and best wishes to the people of Greece as they celebrate the 189th anniversary of the independence of Greece;
