

a grant under the American Recovery and Reinvestment Act. The boat maker earned a \$2.6 million grant under the Maritime Administration's Small Shipyards Grant Program which it has put to use in helping to design a new, state-of-the-art construction building. The spacious facility, which was unveiled in September of last year, measures 42,000 square feet and is able to maneuver vessels up to 200 feet long and 50 feet wide. It features two construction bays, each equipped with two, 20-ton cranes. A central mezzanine contains shop space and offices for production support, supervision, design, and engineering. The company also purchased modern shipbuilding tools and equipment to sharpen their boat-making skills.

In conjunction with this critical Federal aid, many members of the local community collaborated to help the company, raising an astonishing \$140,000 to help replace tools and provide general assistance to the employees. Indeed, the town of Boothbay joined countless organizations like the Boothbay Harbor Region Chamber of Commerce and the Boothbay Region Land Trust to support Washburn & Doughty and its outstanding workers. Their working in concert is truly a testament to Maine's culture of cooperation and its deep sense of community values.

Since the fire of 2008, Washburn & Doughty Associates, Inc. has rebounded at an incredible pace. Late last year, the company posted positive job growth, having gone from 92 employees during early 2008 to 125 employees at present. This 35-percent increase in employment can be directly attributed to the steely resolve and dedicated work ethic of the men and women of Maine's working waterfront.

Undeniably, Bruce Doughty and Bruce Washburn embody these attributes as evidenced by their deep and abiding commitment to the firm's dedicated workforce and their unwavering resolve to rebuild. When times were bleak, they maintained their unyielding focus, and despite encountering countless hurdles along the way, persevered, rebuilt the company, and further solidified its reputation as one of the top steel construction shipyards in the Northeast. I applaud the strong efforts of everyone at Washburn & Doughty to rebuild their company in such an impressive manner, and wish them a smooth road forward full of success.●
