

hand. At the first opportunity to use a computer, Jeanne automated most of her tasks and encouraged administrators, teachers, and secretaries to take advantage of this new technology.

Over the next several years, Jeanne earned a reputation among co-workers for being an expert on technology solutions. The district quickly recognized Jeanne's expertise and asked her to develop computer classes for fellow staff members. Her knowledge of student management automation resulted in her appointment to the selection committee for the district's first student information system.

Jeanne's experience and reputation led to her selection for a district-wide position in the newly formed Department of Information Technology. In her new role, Jeanne became the sole trainer for over 1,500 employees. She developed technology training for new employees and introduced downloadable video clips to the training process. The groundwork provided by Jeanne Laurence in technical education and training has made a significant contribution to the professional development of the staff and to the educational success of the students in the Rapid City Area Schools. Her tireless efforts have brought great credit to her school district and to herself. Congratulations on a well deserved retirement.●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Mrs. Neiman, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the Committee on the Judiciary.

(The nominations received today are printed at the end of the Senate proceedings.)

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY THAT WAS DECLARED IN EXECUTIVE ORDER 13159 OF JUNE 21, 2000, WITH RESPECT TO THE RISK OF NUCLEAR PROLIFERATION CREATED BY THE ACCUMULATION OF WEAPONS-USABLE FISSILE MATERIAL IN THE TERRITORY OF THE RUSSIAN FEDERATION—PM 63

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides

for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the emergency declared in Executive Order 13159 of June 21, 2000, with respect to the risk of nuclear proliferation created by the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation is to continue beyond June 21, 2010.

It remains a major national security goal of the United States to ensure that fissile material removed from Russian nuclear weapons pursuant to various arms control and disarmament agreements is dedicated to peaceful uses, subject to transparency measures, and protected from diversion to activities of proliferation concern. The accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared with respect to the risk of nuclear proliferation created by the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation and maintain in force these emergency authorities to respond to this threat.

BARACK OBAMA.

THE WHITE HOUSE, June 17, 2010.
