STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. BAUCUS (for himself and Mr. GRASSLEY):

S. 3513. A bill to amend the Internal Revenue Code of 1986 to extend for one year the special depreciation allowances for certain property; to the Committee on Finance.

Mr. BAUCUS. Mr. President, over the past several months, we have seen some improvement in our economy.

One year ago, in the first quarter of 2009, GDP was declining at an annual rate of more than 6 percent. Just 1 year later, in the first quarter of 2010, GDP grew at an annual rate of 3 percent.

This marks the third consecutive quarter of real economic growth.

It is not just the GDP that is growing. Consumer spending has risen at an annual rate of 3.5 percent this year. Manufacturing output rose 9 percent over the first 4 months of the year. Businesses have increased spending on equipment and boosted their inventory investments.

But one economic indicator continues to lag behind—employment.

The national unemployment rate stands at 9.7 percent. Over the course of this Great Recession, the American economy has lost more than 8 million jobs. In total, 15 million Americans remain out of work.

We must act to create jobs and get Americans back to work.

We began creating jobs with the 2009 Recovery Act. The nonpartisan Congressional Budget Office reports that last year's Recovery Act added 1.2 to 2.8 million people to America's payrolls.

In March, Congress passed the HIRE Act. The HIRE Act, which includes a payroll tax exemption for new hires, should help to bolster job creation in the coming months.

This week, we are considering the American Jobs and Closing Tax Loopholes Act. That bill will create jobs by providing tax cuts and certainty to American businesses. It will create jobs by improving our nation's infrastructure. And it will create jobs by making direct investments in jobs for young adults and needy families.

After we consider the American Jobs and Closing Tax Loopholes Act, the Senate will consider a small business jobs bill. The Finance and Small Business committees are currently writing that bill.

Today, I am introducing another important jobs bill. This bill will extend bonus depreciation through 2010. I am introducing this extension as a stand-alone bill because of the unique ability of bonus depreciation to help businesses and create jobs.

In 2008, Congress temporarily allowed businesses to recover the costs of certain capital expenditures more quickly than under ordinary depreciation schedules. The 2008 law allowed businesses to immediately write off 50 percent of the cost of depreciable property placed in service in 2008.

The Recovery Act extended bonus depreciation. But the provision expired at the end of 2009.

My bill would extend bonus depreciation to property placed in service in 2010.
