

At long last, the scientific community has recognized the severity and scope of this problem and is engaged in its solution. Congress has created this superb program, which is succeeding where others have failed. Congress must provide the necessary resources to continue this progress.

Additional funding would be used for pilot studies of promising treatments, for clinical trials of treatments shown effective in earlier pilot studies, and for the execution of collaborative research plans developed by consortiums of scientists funded in prior years.

As you know, our nation owes a sacred debt to the men and women who willingly serve and sacrifice while wearing our country's uniform. At this critical time in researching and understanding Gulf War illness, it is vital that bipartisan leadership points out the accomplishments of this small program to our colleagues, to ensure that it survives the current legislative session and its benefits are not lost to veterans of the Gulf War and future wars.

I urge my colleagues to support this important amendment to ensure the continuation of the Gulf War Illness Research Program.

BIRTHDAY OF IRV PICKLER

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 7, 2011

Ms. LORETTA SANCHEZ of California. Mr. Speaker, today I would like to honor the life of Irv Pickler, and wish him the best in his 90th year of life. Irv has demonstrated an exceptional dedication to public service in the community, and has made a lasting effect on all the people he has touched.

After graduating from California State University, Los Angeles, with a bachelor's degree in Business Administration, Irv joined the United States Army and later transferred to the United States Air Force. In England, he flew 35 missions into France and Germany as a bombardier-navigator. After 4 years of service, he returned to Los Angeles to be with his wife and young children.

Eventually settling in Southern California, Irv opened his own printing company, "Printing Dimensions," in Orange County. Today, nearly 55 years later, Irv works to bring people together to accomplish client objectives with his company, "Pickler and Associates." Irv has demonstrated a firm commitment to community involvement. As a member of the Kiwanis Club of Greater Anaheim, he was twice named "Kiwanian of the Year." In 1993, he was elected as a Distinguished Lieutenant Governor of the club. Irv has also served 25 years on the Cypress College Foundation Board of Directors.

In the 1970s, Irv was appointed to the Cemetery Commission in Anaheim, and to the Orange County Planning Commission, on which he served one term as a chairman. In 1982, Irv was elected to the Anaheim City Council, serving a total of 12 years, including 3 times as Mayor pro-tem. He consolidated half a dozen Orange County transportation agencies into the Orange County Transportation Authority, which produced gains in efficiency, and increased accountability. When California introduced its first cellular solar-powered callbox system, Irv was behind it. He negotiated the

agreement with the California Department of Transportation and the California Private Transportation Corporation to construct the nation's first fully-automated, congestion priced toll road, State Route 91. Irv laid the groundwork for the purchase of right-of-way and widening of Interstate 5, which resulted in the largest public works project in Orange County in over a generation. He also helped pass Measure M, the successful sales tax program that invested in voter-approved transportation projects. It's no question that he demonstrated exceptional leadership during his tenure as Vice President of the Orange County Transportation Authority.

Irv currently serves as a member of the Orange County Water District Board of Directors. He has previously served as Water Issues Committee Chairman and on the Administration/Finance Committee, Investment Committee, External Communications Task Team, and Santa Ana Water Project Authority. During his tenure on the Water District Board of Directors, Irv played a key role in the development of the revolutionary Groundwater Replenishment System, a project that has been recognized with numerous national and international awards.

Irv has served as chairman of the Orange County Solid and Hazardous Waste Management Advisory Committee; president of Orange County Division of the League of California Cities, and member the Anaheim Union High School District Board of Trustees, Anaheim's Parks and Recreation Commission, the Anaheim Public Library Board, the Transportation Corridor Agencies, Southern California Regional Rail Authority, and the Southern California Air Quality Management District Inter-Agency Implementation Company.

Other government agencies with which Irv has worked include the Los Angeles/San Diego Rail Corridor Committee, Orange County Cities Airport Authority, Southern California Association of Governments, Foothill/Eastern Transportation Corridor Agency, and Metrolink Joint Committee, and he also supports Acacia Adult Day Care, Alzheimer's Foundation, the Anaheim Family YMCA, the Anaheim Boys and Girls Clubs, and Anaheim Arts Council.

It is clear that Irv Pickler has maintained a firm devotion to public service throughout his life. As he embarks upon his 90th year, I would like to recognize his achievements and thank him for his dedication.

REAFFIRMING COMMITMENT TO NEGOTIATED SETTLEMENT OF ISRAELI-PALESTINIAN CONFLICT

SPEECH OF

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 6, 2011

Mrs. MALONEY. Madam Speaker, I rise to express my strong support for H. Res. 268, reaffirming America's support for direct Palestinian-Israeli negotiations as the best means to settle the conflict and the only path to statehood for the Palestinians.

A Palestinian state created in the middle of this conflict would be a state created to make war.

Nothing would be more dangerous or more unworkable than for the Palestinians to gain the status of statehood without at the same time taking on the duties of a responsible state—namely, a commitment to peace with its neighbors and basic rights for all of its citizens.

The United Nations—a body established as a place of peace—should not create a state that is committed to destroying its neighbor. And, until the Palestinians agree to recognize Israel's right to exist and disarm the terrorists, there is no chance that a Palestinian state would be committed to peaceful co-existence with its neighbor.

This resolution is a simple, basic, common-sense restatement of the clear fact that the dispute between the Palestinians and the Israelis cannot be resolved unilaterally; it cannot be resolved by UN fiat; it cannot be resolved by outside forces; it cannot be resolved if the Palestinians refuse to recognize Israel as a Jewish state; it cannot be resolved if Palestinians refuse to forswear terrorism against Israel and take actions to dismantle their terrorist infrastructure; it cannot be resolved if the Palestinians continue to set preconditions for coming to the bargaining table; and, it cannot be resolved unless all members of the Palestinian unity government agree to abide by previous agreements with the United States and Israel.

This conflict can only be resolved by both parties sitting down at a table and hammering out an agreement on the basic issues that divide them.

The Palestinians must understand that they will only have a state once they make peace with Israel.

I hope the United States would make clear its intention to veto any unilateral declaration of statehood at the United Nations and to penalize the Palestinians if they are foolhardy

enough to pursue a path that will only lead to more conflict and bloodshed.

That's why I strongly urge my colleagues to join me in voting for H. Res. 268 and in opposing the Palestinians' dangerous and desperate effort to obtain an empty declaration of statehood without peace at the United Nations.

HONORING REVEREND GEORGE
LEE JOHNSON

HON. JEFF DENHAM

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 7, 2011

Mr. DENHAM. Mr. Speaker, I rise today with my colleagues, Mr. NUNES and Mr. COSTA, to acknowledge and honor the life of a beloved leader in the Fresno Community, Reverend George Lee Johnson, and to recognize his tireless work as the Senior Pastor of Peoples Church. Ministering to thousands, Reverend Johnson earned the respect of fellow clergy and civic leaders alike.

The son of a Baptist minister, George Lee Johnson, or G.L. as he came to be known, grew up in Houston. He moved to Fresno in 1961 to work as the Associate General Director of the Latin American Orphanage. That same year, Reverend Johnson and his wife, Jackie, joined the then small Peoples Church. In 1963, Reverend Johnson became the Pastor of Peoples Church at the age 37.

Reverend Johnson's commitment to his faith and the congregation of Peoples Church resulted in significant growth of the organization. His uplifting messages of hope and faith appealed to many worshippers. In 1978, Peoples Church moved to a sanctuary with capacity of more than 2,000 people, allowing over 5,000 people to attend numerous different services on Sunday. With an ever-increasing following, Peoples Church attracted a mix of civic leaders. Moreover, Reverend Johnson's hard work and service were influential in the community of Fresno. He organized the Pastor's Prayer Summit in Oakhurst, where over 45 clergy members met to pray for guidance for civic leaders in combating Fresno's crime rate and resolving socioeconomic problems. The success of this event inspired Reverend Johnson to organize a weekly Citywide Pastors Prayer Meeting which began in 1993 and still takes place today. In 2001, the Reverend was instrumental in bringing the Central Valley Billy Graham Crusade to Bulldog Stadium, an event which united more than 200,000 people.

Reverend G.L. Johnson retired from Peoples Church in 2008 after 45 years of service as the Senior Pastor. However, his retirement from the church did not mark the end of his ministry. Reverend Johnson continued to support the church and lend his wisdom and knowledge to the many Fresno residents who looked to him for guidance. He also traveled throughout the world, teaching at various religious conferences. After a brave battle with cancer, Reverend George Lee Johnson passed away surrounded by his loving family at the age of 83.

Mr. Speaker, please join Mr. NUNES, Mr. COSTA, and I in honoring Reverend George Lee Johnson for his unwavering leadership, and recognizing his accomplishments and contributions as Pastor of Peoples Church.

The life of Reverend George Lee Johnson serves as an example of excellence to those in our community, and his legacy will not be soon forgotten.

INTRODUCING THE AMERICAN
TRAVELER DIGNITY ACT OF 2011

HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 7, 2011

Mr. PAUL. Mr. Speaker, today I introduce legislation to protect Americans from physical and emotional abuse by Federal Transportation Security Administration employees conducting screenings at the nation's airports. Year after year the TSA seems more belligerent toward Americans simply seeking to travel within their own country—a most basic of our fundamental rights—and sadly Americans are just expected to shut up and take it. We should not have to shut up and take it.

Many Americans continue to fool themselves into accepting TSA abuses by saying "I don't mind giving up my freedoms for security." In fact, they are giving up their liberties and not receiving security in return. Time and time again we see the revolting pictures of Federal screeners with their hands down the pants of children while parents watch helplessly in agony. We see elderly or disabled Americans being forced to endure all manner of indignity. At the same time, we repeatedly hear of passengers who seem to check all the boxes marked "suspicious activity" slipping through unencumbered. Just recently we read of a Nigerian immigrant breezing through TSA security checks to board a flight from New York to LA—with a stolen, expired boarding pass and an out-of-date student ID as his sole identification. We should not be surprised to find government ineptitude and indifference at the TSA, however.

What we ultimately need is real privatization of security, but not phony privatization with the same TSA screeners in private security firm uniforms still operating under the "guidance" of the Federal Government. Real security will be achieved when the airlines are once again in charge of protecting their property and their passengers.

To move us in that direction, I am today introducing the American Traveler Dignity Act, which establishes that any Federal employee or agency or any individual or entity that receives Federal funds is not immune from any U.S. law regarding physical contact with another person, making images of another person, or causing physical harm through the use of radiation-emitting machinery on another person. It means they are not above laws the rest of us must obey. As we continue to see

more and more outrageous stories of TSA abuses and failures, I hope that my colleagues in the House will listen to their constituents and join with me to support this legislation.

ANOTHER UNFOLDING TRAGEDY
IN SUDAN

HON. FRANK R. WOLF

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 7, 2011

Mr. WOLF. Mr. Speaker, I submit an article which recently ran in the BBC regarding the unfolding tragedy in Sudan.

On the eve of the birth of a new nation in South Sudan, Khartoum is once again perpetrating acts of violence against its own people—this time in Southern Kordofan.

First-hand accounts emerging from the region are chilling . . . door to door executions, reportedly based on ethnicity and political affiliation; Antonov bombers leaving a trail of devastation in their wake, mass displacement.

The world says, "never again," and yet in the face of mounting atrocities, where is the outrage?

[From BBC News, June 23, 2011]

SUDAN'S SOUTH KORDOFAN: "BOMBINGS,
BLOOD AND TERROR"

More than 70,000 people are said to have fled violence in Sudan's South Kordofan state, where the government says it is disarming rebels. The region borders South Sudan, a largely Christian and animist region, which is due to gain independence from the mostly Arabic-speaking, Muslim north on 9 July.

There is concern about the humanitarian crisis and the alleged atrocities being committed. The area has effectively been cut off by the military and not much has been heard from people in the area. One aid worker who has just left the region told the BBC's Will Ross about his experiences:

It is terrifying. The civilians try to hide but generally they run in panic and hence, sadly, there are many casualties who die because of shrapnel. There are bombings and shellings every day in different areas.

There is a plane called an Antonov which circles high in the sky and keeps coming over. Then there is the whistle of the bombs as they fall. You have a few seconds to run but you do not know if it is going to fall on you or not. The sounds of the explosions are huge and sometimes the craters they leave are five or six metres across.

Burning hot pieces of jagged metal, the shrapnel, go flying across the air and if you are not below the surface in a hole or a dug-out you are at huge risk.

BLOOD AND FLIES

Then there are the MiGs [planes] which come in very, very fast and low. These fire
