

As the first African American church founded in Oakland County, Newman A.M.E.'s celebration of 150 years in the community is a testament to the vision and determination of its founders, the Reverends Augustus Green and George Newman, and other determined congregants. Established during a time of great strife and adversity, the founders sought to create a congregation where the negative social and theological tenants of the day would be left behind as members came together in fellowship to worship and perform great deeds in their community. After many years of uncertainty, with services moving from house to house in Pontiac, the congregation acquired its first home on Auburn Avenue in 1872 and received its first full time pastor, the Reverend Benjamin Roberts, in 1882.

Throughout its history, the leadership and congregants of Newman A.M.E. have always heard and answered the call to serve their community, in spite of whatever adversity lay before them. In 1920, facing the challenges of a world where equality was still scarcely more than a dream, the Men's Club of Newman A.M.E. founded the Oakland County Chapter of the National Association for the Advancement of Colored People to fight for greater equality. In the 1960s, even as the Church was displaced from its home, its leaders came together to establish the Newman Non-Profit Housing Corporation, devoted to making affordable housing available to area residents. Just five years after the Church was forced to relocate, the congregation was able to construct and pay off the mortgage on its new and current home.

Under the Church's current leader, the Reverend Lila Rose Martin, the congregation has continued its commitment to the principles of service and egalitarianism on which it was founded. Among its outreach programs, Newman A.M.E. has added a cancer survivor's ministry to help those who have been victims of this terrible disease, and re-instituted a summer program to provide area youth with the tools necessary to develop into productive members of the community.

Newman A.M.E.'s rich history is a true testament to the enduring success that can be achieved when strong bonds of fellowship are tested in the face of trial and tribulation. Even in moments of great challenge and sacrifice, the congregation of Newman A.M.E. has remained dedicated to serving Pontiac and the greater Southeast Michigan Community. The sesquicentennial of Newman A.M.E. is a truly momentous occasion and I wish its leadership and congregation many more years of success in spiritual fellowship and service to our community.

INTRODUCTION OF A BILL TO AMEND TITLE 37, UNITED STATES CODE, TO ENSURE THAT THE BASIC ALLOWANCE FOR HOUSING IN EFFECT FOR A MEMBER OF THE NATIONAL GUARD IS NOT REDUCED WHEN THE MEMBER TRANSITIONS BETWEEN ACTIVE DUTY AND FULL TIME NATIONAL GUARD DUTY WITHOUT A BREAK IN ACTIVE SERVICE

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Ms. BORDALLO. Mr. Speaker, today I have introduced a bill to amend Title 37, United States Code, to ensure that Basic Allowance for Housing (BAH) or Overseas Housing Allowance (OHA) in effect for a member of the National Guard is not reduced when the member transitions between Active Duty and Full Time National Guard duty without a break in active service. I thank my good friend and colleague, Congressman DAVE LOEBSACK of Iowa for working with me on this measure and for his continued commitment to our country's National Guard.

The bill would close an apparent loophole in the application of BAH and OHA pay to certain members of the National Guard. Specifically, this legislation ensures that a member of the National Guard, who is coming home from a deployment and into a Full Time National Guard duty assignment, would not lose BAH or OHA payments to which they are entitled. This fix is needed now because of a recent Per Diem Travel and Transportation Advisory Committee (PDTTAC) legal interpretation that states a member of the National Guard who is on Active Duty on Title 10 orders who then moves into a Full Time National Guard duty position under Title 32 orders must be paid the BAH or OHA based on their home of record and not their permanent duty assignment station. This decision could drastically reduce the amount of BAH or OHA that a servicemember is entitled to when transitioning assignments.

The rationale, or legal basis for this interpretation from the PDTTAC, is unclear; however, this legislation would rectify the situation. Our men and women of the National Guard have deployed in great numbers in support of Operation Iraqi Freedom, now Operation New Dawn; Operation Enduring Freedom and other contingencies. The National Guard, despite these unprecedented deployments abroad, were still able to meet mission requirements at home whether responding to tornado outbreaks, floods, ice storms, and even Hurricane Katrina. Yet, this recent decision by the PDTTAC seeks to treat our men and women in the National Guard without any parity. The PDTTAC effectively assumes that all National Guard duty is part-time whereas Full Time National Guard duty remains in support of the federal mission of the National Guard.

I ask my colleagues to support this measure and clarify, in statute, fair and equitable treatment for members of the National Guard who are on Full Time duty status under Title 32. Again, I thank my colleague Mr. LOEBSACK for his support and leadership with this matter.

TRIBUTE TO WARREN CARTER

HON. KEVIN MCCARTHY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Mr. MCCARTHY of California. Mr. Speaker, I rise today to honor Warren Carter, who passed away on July 21, 2011. Warren was a family man and a respected community leader.

Warren grew up in McFarland and earned his bachelor's degree in 1958 from La Verne College (now the University of La Verne). He worked briefly as a teacher and later in the insurance industry. However, his true passion was farming.

In the 1960s, Warren planted almonds on 200 acres in McFarland, becoming one of the first to grow a crop that turned out to be one of Kern County's largest agricultural commodities. He was also active in almond production research.

His commitment to the agriculture industry extended beyond just farming. Warren served on the Almond Board of California from 1979 to 1992, including for two years as chairman and four years as vice chairman. Additionally, he served as president of the Kern County Farm Bureau, and shared his love of agriculture as chairman of the parent advisory committee for McFarland High School Future Farmers of America.

Warren also was involved in many community activities. For instance, he enjoyed working with the local youth, and was a past director and chairman of Kern County Youth for Christ. Additionally, he was a co-founder and past director of Kern County Student Leadership, a high school leadership program that is now on 20 campuses throughout the county.

Warren brought his leadership, charisma, and work ethic to the real estate industry when he purchased Watson Realty in 1980, eventually growing it from 20 agents to 100. His son, Ken Carter, is now president and owner.

Warren is survived by his son Doug and daughter-in-law Dena, son Ken and daughter-in-law Renee, daughter Karen and son-in-law Joey, 10 grandchildren, and his brother Wayne and sister Opal. His wife, Lenore passed away in 2009. Warren will truly be missed, but he will be remembered as a strong leader and a man dedicated to improving his community.

INTRODUCTION OF THE NANO-TECHNOLOGY ADVANCEMENT AND NEW OPPORTUNITIES ACT

HON. MICHAEL M. HONDA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Mr. HONDA. Mr. Speaker, I rise today to introduce the Nanotechnology Advancement and New Opportunities (NANO) Act.

The NANO Act is a comprehensive bill to promote the development and responsible stewardship of nanotechnology in the United States. The legislation draws upon the work of the Blue Ribbon Task Force on Nanotechnology that I convened. The Blue Ribbon Task Force included nanotechnology experts with

backgrounds in established industry, startup companies, consulting groups, non-profits, academia, government, medical research, and venture capital from around my home State of California, which is a leader in the field of nanotechnology.

Nanotechnology has the potential to create entirely new industries and radically transform the basis of competition in other fields, and I am proud of my work with former Science Committee Chairman Sherry Boehlert on the Nanotechnology Research and Development Act of 2003 to foster research in this area.

But one of the things I have heard from experts in the field is that while the United States is a leader in nanotechnology research, our foreign competitors are focusing more resources and effort on the commercialization of those research results than we are.

In its report Thinking Big About Thinking Small, which can be found on my website, the Blue Ribbon Task Force on Nanotechnology made a series of recommendations for ways that the Nation can promote the development and commercialization of nanotechnology. The NANO Act includes a number of these recommendations.

In addition, the bill addresses concerns that have been raised about whether the Federal Government is doing enough to address potential health and safety risks associated with nanotechnology. The NANO Act requires the development of a nanotechnology research strategy that establishes research priorities for the Federal Government and industry that will ensure the development and responsible stewardship of nanotechnology. This strategy will help to resolve the uncertainty that is one of the major obstacles to the commercialization of nanotechnology—uncertainty about what the risks might be and uncertainty about how the Federal Government might regulate nanotechnology in the future.

The NANO Act also includes a number of provisions to create partnerships, raise awareness, and implement strategic policies to resolve obstacles and promote nanotechnology. It will: create a public-private investment partnership to address the nanotechnology commercialization gap; establish a tax credit for investment in nanotechnology firms; authorize a grant program to support the establishment and development of nanotechnology incubators; establish a Nanoscale Science and Engineering Center for “nano-CAD” tools; establish grant programs for nanotechnology research to address specific challenges in the areas of energy, environment, homeland security, and health; establish a tax credit for nanotechnology education and training program expenses; establish a grant program to support the development of curriculum materials for interdisciplinary nanotechnology courses at higher education institutions; direct NSF to establish a program to encourage manufacturing companies to enter into partnerships with occupational training centers for the development of training to support nanotechnology manufacturing; and call for the development of a strategy for increasing interaction on nanotechnology interests between DOE national labs and the informal science education community.

I look forward to working with Science, Space and Technology Committee Chairman HALL and Ranking Member JOHNSON on this bill and their committee’s other efforts to reauthorize the Nation’s nanotechnology research and development program.

PERSONAL EXPLANATION

HON. STEVE KING

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Mr. KING of Iowa. Mr. Speaker, on rollcall No. 327 I was unable to cast my vote on the House floor because I was ill.

Had I been present, I would have voted “yes.”

THANK YOU BRAD LEAKE

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Mr. WILSON of South Carolina. Mr. Speaker, today I would like to extend my sincere appreciation to Brad Leake for his hard work and service to the people of the Second Congressional District of South Carolina. After working in the Midlands District office in West Columbia for over two and half years, Brad will be leaving on August 16th to work for the South Carolina Department of Social Services.

Brad began interning in the Washington office before becoming a caseworker in the Midlands District office. As a caseworker, Brad served as an important voice and liaison between constituents and federal agencies. Frequently, he would inquire to federal agencies on behalf of constituents on important issues such as receiving Social Security benefits and veterans’ affairs information.

Finally, I would like to thank Brad for his role in successfully serving as Deputy Campaign Manager for my campaign during the 2008 cycle.

It is with sincere appreciation that I would like to thank Brad and his wife, Emily, all the best as you enter this next phase of your life.

IN HONOR OF LANCE CORPORAL
ERIK GALVAN, AN AMERICAN
HERO

HON. PETE SESSIONS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Mr. SESSIONS. Mr. Speaker, I rise today in honor of an American hero, Lance Corporal Erik Galvan, USMC of the 1/5 Bravo Company.

While out on patrol in Sangin, Afghanistan on June 15, 2011, Lance Corporal Galvan was struck by an IED explosion and lost his right hand and both his legs. Thanks to quick response and attentiveness of his fellow soldier, Sergeant Joshua Yarbrough, his life was saved. Sergeant Yarbrough immediately placed tourniquets on all of the lost limbs and then proceeded to assist another injured Marine who also lost both legs after stepping on an IED. Lance Corporal Galvan’s family has a history of public service. His older brother, Lance Corporal Edward Galvan, is also with the United States Marine Corps. With the love and support of his family and friends, Lance Corporal Galvan exhibits great strength and perseverance and now hopes to become a

Crime Scene Investigator upon his full recovery.

Mr. Speaker, I ask my esteemed colleagues to join me in recognizing Lance Corporal Galvan. No words can fully express our gratitude for the sacrifice of our brave and dedicated service men and women. May our thoughts and prayers be with Lance Corporal Galvan as he recovers from his injuries.

SUCH LIGHT

(By Albert Caswell)

Such . . .
Such Light . . .
All in that fight . . .
But, comes such heroes . . . who but bring
their light!
Shining all there in the darkness of war, so
bright!
Oh . . . Oh . . . Such Light!
As you Erik, have but brought to this our
world . . . this night
All in your most sacred sacrifice, all in this
light!
Which burns so bright, burns so bright!
All in your most magnificent Shades of
Green . . .
As there as seen, all in honor’s light!
To win that battle, to win that fight!
As when such hearts of valor do so ignite!
As you so walked into the darkness of war’s
dark light!
All for God and Country and what is right
. . . is right!
Such Light!
And then as you lay dying!
Somehow your heart of brilliance, so kept on
trying!
To win that fight!
To live on into this world, but to bright your
light . . .
Because you are a
United States Marine, who can win any
fight!
All for yourself and family, and lost Brothers
In Arms,
like Nic O’Brien who died in that fight!
All in their most gallant . . . most gallant
light!
And though you have lost your two strong
legs . . .
And hand, you won’t moan or beg!
Because all inside of you our Lord so gave!
So gave such light!
To So Teach Us . . .
To So Beseech Us . . .
To So Reach Us . . .
All in Such Light!
And if ever I
have a
son . . .
I pray his life has shown . . .
Has shown . . .
Such Light!

HISTORY OF A BALANCED BUDGET
AMENDMENT

HON. JESSE L. JACKSON, JR.

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Monday, August 1, 2011

Mr. JACKSON of Illinois. Mr. Speaker, the current budget situation is most poignant when looking at the origins of the Balanced Budget Amendment and its history.

Mr. Speaker, after listening to my colleague’s across the aisle present the Republican Study Committee’s budget this morning, I’m apt to wonder what it is they’re studying over there. Hopefully I’ll be able to set the record straight.
