EXTENSIONS OF REMARKS

HONORING DR. JAMES CRAIK ELE-MENTARY SCHOOL STATE MESA CHAMPIONS

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mr. HOYER. Mr. Speaker, I rise today to honor and congratulate a remarkable group of talented young students from Maryland's Fifth Congressional District.

On May 9th, a team from Dr. James Craik Elementary School in Charles County won first place in Maryland's statewide Mathematics, Engineering, Science Achievement (MESA) competition held at the Johns Hopkins University Applied Physics Laboratory in Laurel. To participate in the competition, the students first had to prevail in the regional semi-finals against 21 other Charles County elementary schools.

Led by coaches Nick Gardiner and Susan Steinmet, the team took on a series of challenges that tested their ingenuity, creativity, and determination. Although they faced stiff competition, the team impressed the judges and emerged victorious by incorporating green design elements like solar panels and making the most efficient designs. It is the second time Craik has won the competition in just 3 years.

The team's win represents not only a victory for Craik, but for our State and Nation. With the proper education and support, these students have proven that the next generation of American leaders are poised to push the boundaries of science and technology and achieve great things. I urge my colleagues to join me in applauding this great accomplishment.

IN HONOR OF DR. TIM GILMOUR

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mr. BARLETTA. Mr. Speaker, today, I rise to honor and acknowledge Dr. Joseph E. (Tim) Gilmour for his role as the fifth President of Wilkes University. His unprecedented dedication to education has provided outstanding opportunities for our community as well as all the students of Wilkes University. When Dr. Gilmour leaves Wilkes in the spring of 2012, he will certainly be leaving behind a great legacy.

In June of 2001, Dr. Gilmour accepted the position of President. Dr. Gilmour's accomplishments are too numerous to fully acknowledge. He successfully reached Wilkes University's enrollment goals six years ahead of schedule, increasing the student body by over 26%. He led the creation of an urban planning research-based think tank, the Joint Urban Studies Center. He spearheaded the Institute

of Energy and Environmental Research to study the effects of the Marcellus Shale Drilling. Also, to his credit, was the university's partnership with its neighbor Kings College to help revitalize downtown Wilkes-Barre with the opening of their joint Barnes and Noble Bookstore.

Prior to his position as President with Wilkes University, Dr. Gilmour was an assistant professor of higher education, associate member of the graduate faculty and a senior research fellow at the University of Maryland College Park, associate director of academic affairs for the Council of State College and University Presidents for Washington State, university planning specialist in the Office of Budget and Planning at the Pennsylvania State University, vice president for strategic planning at Georgia Tech, and finally, provost and chief academic officer at Northwest Missouri State University from 1995 to 2000.

In addition to his lengthy service in education, Dr. Gilmour serves on the board of the Wilkes-Barre Chamber of Business and Industry, the Diamond City Partnership, United Way, Earth Conservancy and the Center for Advancing Partnerships in Education. His history of service to Northeastern Pennsylvania spans well beyond his impressive record of service to the university.

Mr. Speaker, I honor Dr. Tim Gilmour for his dedicated service to our community in northeastern Pennsylvania, specifically his outstanding promotion of Wilkes University's educational goals.

IN MEMORY OF RUTH BRINKER

HON. NANCY PELOSI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Ms. PELOSI. Mr. Speaker, it is with great sadness I rise to pay tribute to a beloved San Franciscan, Ruth Brinker, who died Monday, August 8th in San Francisco.

Ruth was a visionary hero who brought healing to San Francisco at a time of horrific tragedy in our city's history. In 1985, the AIDS epidemic was ravaging San Francisco. A retired widow and grandmother who loved to cook, and volunteered for Meals on Wheels, Ruth noticed that malnutrition was killing many who were terminally ill with AIDS before the disease took its toll, but there were no social service agencies providing meals to those too weak from AIDS or too impoverished to feed themselves.

First in her kitchen, and then in a church basement, Ruth prepared delicious meals to deliver to seven San Franciscans wasting away from AIDS. She solicited volunteers and within a few years, one woman's attempt to nurture and care for a handful of people living with AIDS grew into an organization serving 500 meals a day.

As the epidemic spread, Project Open Hand expanded its nutritional services for those with

disabling HIV, and, years later, broadened its mission to include "meals with love" for home-bound and critically ill clients, seniors and the disabled. They also extended their reach beyond San Francisco to Alameda County.

Long before the advent of powerful medications to control HIV/AIDS, Project Open Hand's home-cooked meals and groceries were a lifeline to the ill and isolated individuals battling this devastating disease. Project Open Hand has been using "food as medicine" with great compassion and care for 26 years, bringing dignity and independence to those it serves. Now in its 26th year, Project Open Hand delivers 3,500 meals every day and serves as a model to more than a hundred organizations in the United States, and increasingly around the world.

In 2005, Ruth received the prestigious Jefferson Award for public service. In 2007, I was proud to nominate Project Open Hand for the national Victory Against Hunger Award from Congress. Last year, Project Open Hand honored her with its Visionary Award which will now be named in her honor.

As our nation marks 30 years since the first AIDS diagnosis, we are inspired by the commitment and compassion of Ruth Brinker in the earliest days of the epidemic.

I hope it is a comfort to her daughters Lisa and Sarah, her grandson Max and great-granddaughter Bailey that so many people loved Ruth and will never forget her. Her wonderful spirit and her legacy will live on in the hundreds of meal-delivery organizations worldwide that she inspired and the millions who have received food and love because of Ruth's courage and compassion.

IN HONOR OF FATHER GHEZZI

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mr. BARLETTA. Mr. Speaker, today, I rise to recognize the service that Father Richard G. Ghezzi has provided to the Catholic Church throughout his 25 years in the Roman Catholic priesthood. Father Ghezzi has dedicated his life to the mission of the Catholic Church and, through the execution of those ideals, has benefitted Northeastern Pennsylvania in numerous ways.

After graduating from Pennsylvania State University and working for his family business, Richard Ghezzi received his calling to join the priesthood. In 1978, he began preparations and earned his Masters in Divinity from Mary Immaculate Seminary. He was ordained on August 30, 1986 and began his work in the August 30, 1986 and began his work in the Throughout his service, Father Ghezzi has supported the parishioners of Our Lady of Grace parish in Hazleton, Sacred Heart of Jesus parish in Peckville, St. Thomas Aquinas parish in Archbald, St. Ann parish in Bentley Creek, St. Joseph parish in St. Joseph, and

• This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor. Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor. St. Ann parish in Tobyhanna. Currently, Father Ghezzi is serving as chaplain of the Little Flower Manor Nursing Home and St. Therese Residence in Wilkes-Barre.

Mr. Speaker, I commend the vital role this true leader has taken on shaping the religious landscape of so many communities. Father Ghezzi has humbly served for twenty-five years, throughout which he has certainly touched many lives and left a lasting impact on the parish's he has helped to build.

OBTAINING THE RANK OF EAGLE SCOUT

HON. SANDY ADAMS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mrs. ADAMS. Mr. Speaker, I would like to congratulate Christopher Steven Hostettler for achieving the rank of Eagle Scout.

Throughout the history of the Boy Scouts of America, the rank of Eagle Scout has only been attained through dedication to concepts such as honor, duty, country and charity. By applying these concepts to daily life, Christopher has proven his true and complete understanding of their meanings, and thereby deserves this honor.

I offer my congratulations on a job well done and best wishes for the future.

IN HONOR OF RAYMOND S. ANGELI

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mr. BARLETTA. Mr. Speaker, today, I rise to acknowledge Raymond S. Angeli, President of Lackawanna College, for his outstanding service to both his community as well as the students he has tirelessly represented since 1994. President Angeli's departure from Lackawanna College will surely be a loss for not only the College, but for all who matriculate there.

President Angeli is no stranger to serving both his community and his country. Prior to his position at Lackawanna College, he was a Lieutenant Colonel in the United States Army. He has also served as a representative to the Southwest Asia Working Group in the Pentagon, Deputy Director of U.S. army Personnel in Sattlip, Thailand, a Department of Defense Inspector General, and Secretary of the Department of Community Affairs of Pennsylvania under Governor Robert Casev.

Lackawanna College has seen unprecedented growth under the helm of President Angeli. The College moved to their current Scranton location in 1996. This move made the College more accessible to students as well as providing the space for a plethora of academic opportunities. To this campus, President Angeli has also seen the addition of a theater, a student center and dormitories. Lackawanna College did not stop expanding; President Angeli's legacy includes the New Milford location as well as the expansion of the Lake Region campus.

Mr. Speaker, I recognize Lackawanna College President Raymond S. Angeli or his pro-

motion of educational priorities in Northeastern Pennsylvania. He has truly played an integral role in ensuring that this community's youth has the tools to have successful futures.

OBTAINING THE RANK OF EAGLE SCOUT

HON. SANDY ADAMS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mrs. ADAMS. Mr. Speaker, I would like to congratulate Logan Isaac Edmondson for achieving the rank of Eagle Scout.

Throughout the history of the Boy Scouts of America, the rank of Eagle Scout has only been attained through dedication to concepts such as honor, duty, country and charity. By applying these concepts to daily life, Logan has proven his true and complete understanding of their meanings, and thereby deserves this honor.

I offer my congratulations on a job well done and best wishes for the future.

IN HONOR OF FATHER O'HARA

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mr. BARLETTA. Mr. Speaker, today, I rise to honor and acknowledge Father Thomas O'Hara for his 12 years of service as President of King's College, a liberal arts Catholic college located in Wilkes-Barre, Pennsylvania.

Father O'Hara fostered a strong sense of community throughout King's College. As a native of my own hometown of Hazleton, PA, he is the first alumnus president of King's College. Ordained in 1978 by the Congregation of Holy Cross, Father O'Hara first taught political science at King's College from 1988 to 1994. He now leaves the Presidency to return to the classroom as a political science professor.

Under Father O'Hara's administration, King's College has achieved national accolades for its academic programs and service to the community. King's was recently recognized among the Nation's best in a ranking that stresses service to the community and social mobility of the student body. He has seen the College through tremendous physical growth as well, with the Scandlon Gymnasium expansion and the addition of the Alumni Hall, Gateway Corners and Barnes and Noble downtown bookstore, Kings has greatly increased the opportunities available to its students.

Mr. Speaker, I recognize today a true Northeastern Pennsylvania inspiration who has dedicated his life to the service of others. Father O'Hara has admirably accomplished King's mission of preparing students for meaningful and purpose driven lives. I commend his important service to his community and his country.

IN HONOR OF BERNADINE P. HEALY

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, August 12, 2011

Mr. KUCINICH. Mr. Speaker, I rise today in honor of Dr. Bernadine P. Healy, one of the seminal figures in the health community.

Dr. Healy was born on August 2, 1944 in New York City, the daughter of Michael and Violet Healy. She graduated from Hunter High School in 1962 and proceeded to graduate from Vassar College in 3 years. She then went on to Harvard Medical School, from which she graduated in 1970. Following postdoctoral work, she became a full-time professor in 1982 at Johns Hopkins University, where she was the cardiac director from 1976 to 1984.

In 1984 she was the deputy science adviser to President Ronald Reagan. From 1985 to 1991 she directed research and practiced cardiology at the Cleveland Clinic Foundation, which was directed by her husband, Dr. Floyd D. Loop. She also served as president of the American Heart Association from 1988 to 1989.

Bernadine was the first woman to run the National Institutes of Health, a role which she held from 1991 to 1993. She became well-known for her intensity and capacity to innovate. She challenged conventional wisdom regarding women's health, especially the belief that coronary conditions were largely concerns for men. In response, she began the Women's Health Initiative, a study that focused on the causes, treatment, and prevention of cardio-vascular diseases in women. Even though her role ended, the study continues to produce findings that affect the way the world views what is considered to be "healthy."

Dr. Healy was also the first physician to lead the American Red Cross, dean of the Ohio State University medical school from 1995 to 1999, and an adviser to President George W. Bush on bioterrorism.

Mr. Speaker and colleagues, please join me in honoring Dr. Bernadine P. Healy, a vital figure in the health community and a woman whose contributions to women's health benefited millions of Americans.

 $\begin{array}{c} \text{HONORING THE PLYMOUTH FIFE} \\ \text{AND DRUM CORPS} \end{array}$

HON. THADDEUS G. McCOTTER

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES Friday, August 12, 2011

Mr. McCOTTER. Mr. Speaker, today I rise to honor and acknowledge the Plymouth Fife and Drum Corps based in Plymouth, Michigan as they celebrate 40 years of service to our community and our country.

Formed in November 1971 by Mark and

Formed in November 1971 by Mark and Carol Petty, the Plymouth Fife and Drum Corps is not only the first fife and drum corps in Michigan, but the first fife and drum corps in the entire Midwest. Corps members aged 12–18 are dedicated to the preservation of the arts of color guard, fifing, and drumming through performances at parades, historical and patriotic celebrations, and other civic events.
