HONORING MATHEW A. BRUNO

HON. JEFF DENHAM

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 3, 2011

Mr. DENHAM. Mr. Speaker, I rise today to acknowledge and honor the life of a beloved leader in the Modesto community, Mathew A. Bruno. Matt was born in Akron, Ohio, on December 25, 1943, and passed away surrounded by his family on September 19, 2011, in Modesto, California.

In 1946, at the age of 3, he and his family moved to Ripon, California. Growing up in Ripon he farmed peaches, almonds, and grapes with his father Tony and his two brothers Joe and Ed. Matt graduated from Ripon High School in 1961. In 1966, he left the family farming operation, and bought La Loma Liquors in Modesto.

Matt married Barbara Claypool in 1967, and together they owned and operated La Loma Liquors until they sold the business in 1972. Matt then purchased Turlock Appliance Center, and one year later purchased Miller Dairy Supply. In 1974, he merged the two companies to form Turlock Dairy & Refrigeration, Inc., a 65-employee company on South Walnut Road that played a key role in the expansion of dairy farming in the area. With Turlock Dairy & Refrigeration, Matt focused the business on dairy construction, dairy equipment, and dairy refrigeration. Matt loved all things agriculture and owned several other agriculture-related businesses through the years.

"He always put his customers and employees first," said son Tony Bruno. "He always told my brother and me that the only thing we could offer as a company is to have good service."

Throughout their 44 years of marriage, Matt and Barbara enjoyed traveling together and entertaining their many friends at their home. Matt loved tending his garden at home and sharing the bounty with anyone and everyone. He was very generous in every aspect of life; always ready to give to someone in need, whether they be in need of money, food, time, or a drink. "You can't walk on one leg!" is what Matt would say if you tried to leave after

having only one glass of wine. He was the most gracious host and loved being surrounded by people. In fact, Matt's greatest joy was spending time with his family and friends, especially his three grandchildren.

Mr. Bruno and his wife, Barbara, often held a fund-raising dinner for the Education Foundation of Stanislaus County. He also was involved with the Center for Human Services, the Memorial Hospital Foundation and other causes.

Matt is predeceased in death by his parents Tony and Martha Bruno and his brother Joe Bruno. He is survived by his wife Barbara Bruno, his son Tony (Gretta) Bruno, his son Mathew (Natalie) Bruno, and his three grandchildren Francesca, Matteo, and Rocco.

Mr. Speaker, please join me in honoring Matt Bruno for his unwavering leadership, and recognizing his accomplishments and contributions. The life of Matt Bruno serves as an example of excellence to those in our community, and his legacy will not be soon forgotten.

HONORING NATIONAL WOMEN'S
POLITICAL CAUCUS OF CALIFORNIA

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 3, 2011

Ms. LEE of California. Mr. Speaker, I rise today to honor the National Women's Political Caucus of California, NWPC CA, who are celebrating 100 years of women voting in California, starting with the historic and narrowly won California state referendum and the first California Civic League, Berkeley Forum led by Miss Blanche Morse in 1911. It is an immense honor to represent Bay Area communities who have truly been at the forefront of a century's worth of major achievements in social justice.

Furthermore, NWPC is celebrating the 40th anniversary of its founding in 1971, when 320 women from 26 states met under the leadership of women's movement stalwarts like my mentor, former Congresswoman Shirley Chisholm, Bella Abzug, Gloria Steinem, and Betty Friedan. Four decades later, their work to empower women elected leaders and to champion citizens' informed participation in civic affairs has changed America as we know it.

Within NWPC's first three years of recruitment and leadership programming, the number of female state officeholders increased by 36 percent. Now, as a multi-partisan organization supporting an unprecedented era of women's leadership, NWPC and its California Chapter are making strides to achieve equality for all women, to ensure their reproductive freedom, and to eradicate all forms of discrimination.

As members of the National Women's Political Caucus of California, you are part of a magnificent legacy. By broadening women's participation in the political process and honing feminist women for election and appointment to public office, you are championing the vision, hopes and sacrifices of our forebears. You have pledged to continue to be the kind of bold pioneer and astute advocates who led us to this point. Therefore, I would like to thank you for your dedicated service in guiding and encouraging women toward civic engagement.

On behalf of the residents of California's 9th Congressional District, I would like to congratulate you on this milestone and thank you for the invaluable service you provide to our community. I wish the National Women's Political Caucus' local, state and national members all the best as you forge ahead toward another 100 years of bolstering women's leadership, promoting equitable policies and creating a more just and peaceful world.

PERSONAL EXPLANATION

HON. MICHAEL M. HONDA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 3, 2011

Mr. HONDA. Mr. Speaker, on September 23, I was unavoidably detained in a meeting with the President of the United States, and so I was not present several of the rollcall votes on amendments to H.R. 2401 held that day. Had I been present I would have voted:

"Aye" on rollcall 728, the Welch Amendment to add the Chair of the Council on Environmental Quality, the Secretary of Health and Human Services, and the Director of the Centers for Disease Control and Prevention to the interagency committee that the bill would create, and to direct that committee to look at important health impacts on the most vulnerable populations (such as children and the elderly) that would be affected by EPA's proposed rules.

"Aye" on rollcall 729, the McNerney Amendment to direct the interagency committee to examine the effect on clean energy jobs and clean energy companies, including those that export clean energy technology, to the items to be considered in the analyses required by the bill.

"Aye" on rollcall 730, the Moore Amendment to ensure that the interagency committee will analyze the impact a rule or action could have on low-income communities and public health.

"Aye" on rollcall 731, the Capps Amendment to require the interagency committee to include in its analyses an estimate of the incidence of birth and developmental defects and infant mortality that would result from a delay to covered rules and covered actions under the bill.

"No" on rollcall 732, the Kinzinger Amendment, which seeks to add regulations that have not even been proposed to the list to be analyzed by the interagency committee.

"No" on rollcall 733, the Dent Amendment, which would further undermine environmental protections by adding EPA's National Emission Standards for Hazardous Air Pollutants from the Portland Cement Manufacturing Industry and Standards of Performance for Portland Cement Plants to the rules the must be examined by the interagency committee created by the bill.

"Aye" on rollcall 734, the Hastings (FL) Amendment to exclude from the interagency committee's review all rules and regulations that already undergo a cost-benefit analysis.

"Aye" on rollcall 735, Connolly Amendment No. 8 to require the interagency committee to study policies which will lead to creation of American jobs in the pollution control and clean energy sector.
