TRIBUTE TO CAPTAIN PERRY
HOLLOWELL

HON. TODD ROKITA

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 4, 2011

Mr. ROKITA. Mr. Speaker, I rise today to recognize and thank an important member of Indiana's law enforcement community.

Captain Perry Hollowell is a twenty-nine-year police veteran having served at the state, county, and municipal levels. Currently, Captain Hollowell is assigned to the training division at the Indiana Law Enforcement Academy as Director of In-Service Training. He has served as Sheriff, Chief Deputy, Lieutenant, and Sergeant. Captain Hollowell has an extensive military background, which included graduating from the U.S. Army Sergeants major Academy and as deputy Commandant of the Indiana Military Academy. Captain Hollowell is a graduate of the FBI National Academy and Oakland City University with honors and earned a Master's Degree in Business Management. He has instructed law enforcement and the military for three decades and is currently adjunct faculty at two universities.

In the wake of the horrific attack on Representative GABRIELLE GIFFORDS and her staff, I felt it was important to do something to protect my staff, so that we may avoid, or God forbid react to, a situation like the one in Tucson, should one unfold at a Fourth District event.

We also invited, and they participated, the staff of the entire Indiana delegation. To this day, I feel that this was not only one of the best things that any of us Members can do for our staffs, but also the best way we can honor the service and memory of Gabe Zimmerman, Representative GIFFORDS' staffer, who was killed in that attack.

Captain Hollowell led the safety training for the Indiana Congressional Delegation's district staff this Spring. The training included public event planning to avoid or recognize a physical threat and how to act and react in the event of an active shooter. The training sessions provided important basic knowledge for congressional staff members to employ should the need arise during public events where their Member of Congress' and the general public's safety are at risk.

I appreciate and would like to honor his exceptional dedication to his profession and the time he gave in this endeavor. I would like thank his family for selflessly supporting Captain Hollowell in his long and accomplished career as soldier, law enforcement officer, and instructor. I am proud to honor Captain Hollowell in recognition of his leadership and service to his family, colleagues, and community.

RONALD BOYLES EARNED HIS
SPOT IN MOUNT AIRY'S SPORTS
HALL OF FAME

HON. VIRGINIA FOX

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 4, 2011

Ms. FOXX. Mr. Speaker, I rise today to congratulate Ronald Boyles Jr. of Mount Airy, NC. Mr. Boyles, who is a fixture in the Mt. Airy community, was inducted into the Mount Airy Sports Hall of Fame this year, receiving the prestigious Granite City award for his years of dedication to sports in Surry County.

Not only did Mr. Boyles have an illustrious high school sports career in Mount Airy, he also dedicated much of his life to coaching local youth in various sports, sponsoring countless sports teams in his work at Boyles Shoe Store and officiating more sporting events than anyone in Mount Airy could hope to ever tally.

Few have ever deserved this honor as much as Ronald Boyles. His love of sports and his commitment to helping young people develop character, fair play and sportsmanship was second to none.

For example, by his own estimate he has attended more than 2,000 Surry County high school and youth league games over the course of his 70 years of involvement in Mount Airy sports. He has truly seen it all—from Mount Airy's football title in 1948 to more recently it's 2009 state championship title.

Ronald Boyles dedication to sports in Surry County has been an example of true community spirit during the decades he's been active playing, coaching, officiating and cheering the young people of Surry County. He truly deserves his place in the Hall of Fame thanks to the many lives he touched through the years.

BREAST CANCER DEADLINE 2020

HON. THOMAS E. PETRI

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 4, 2011

Mr. PETRI. Mr. Speaker, today I want to commend the National Breast Cancer Coalition, NBCC, for its work to "change the conversation" about breast cancer through its Breast Cancer Deadline 2020. I have signed the Congressional Declaration of Support for this initiative.

It is estimated that 261,100 women and 1,970 men were diagnosed with breast cancer in 2010. In that same year, 39,840 women and 390 men died of the disease, which translates to one death every 14 minutes. While breast cancer mortality has been dropping, the pace has been much too slow: In 1991, 119 women in the U.S. died of breast cancer every day, while in 2010 that number was 110.

The stakes are too high to continue the current trend. Thousands have already lost their

lives to this terrible disease, and sadly thousands more may lose their lives in the next decade if more progress is not made quickly. January 1, 2020, is an ambitious but necessary target if we are to finally end the tragedy of breast cancer, so I thank NBCC again for their leadership in this effort.

CELEBRATING THE REPUBLIC OF CHINA (TAIWAN'S) 100TH ANNIVERSARY

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 4, 2011

Mr. WILSON of South Carolina. Mr. Speaker, October 10th marks the 100th Anniversary of the founding of the Republic of China (Taiwan). Sharing the same ideals of individual liberty and freedom, Taiwan and the United States have developed a strong relationship and become strong allies for one another. Double Ten Day has long been special to our family with our third son, Julian Dusenbury Wilson born October 10, 1971.

During World War II, the two countries fought side by side against the Japanese invaders. My father, Hugh DeVeaux Wilson, joined the Fourteenth Air Force of the Army Air Corps known as the now famous Flying Tigers. The Flying Tigers served an integral role in the battles of the Pacific Theater of World War II protecting millions of Chinese from the invaders. My father developed a life-long appreciation of the Chinese people and the Chinese culture. Consequently, the First Lady Madame Chiang Kai-shek became the first woman to ever address a joint session of the United States Congress.

During the Cold War, Taiwan played a pivotal role in America's Korean War effort. General Douglas MacArthur once described Taiwan as an "unsinkable aircraft carrier in the Pacific" when discussing the alliance during the Korean War effort.

Taiwan was also a key base, and intelligence-gathering source, for U.S. forces in the Vietnam War. I have visited the capitol of Taipei and it has become a model of economic

dynamism for capitalism which obviously has influenced mainland Chinese who abandoned the failed economic system of communism for the opportunities of free market capitalism.

I therefore, urge all my colleagues to join me in congratulating one of our nation's strongest allies, the Republic of China, Taiwan, on its century of existence and the fine democratic example which it has set for nations across Asia.

THE PARTNERSHIP BETWEEN THE MAYO CLINIC AND ARIZONA STATE UNIVERSITY

HON. DAVID SCHWEIKERT

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 4, 2011

Mr. SCHWEIKERT. Mr. Speaker, during this last district work period I had the opportunity to attend a press conference announcing the expansion of the Mayo Medical School in Arizona. This expansion, which will be done in cooperation with Arizona State University, is an exciting event that will lead to continued improvements in the field of medical education and provide research to meet tomorrow's needs.

Mr. Speaker, I wish to insert into the RECORD the comments of John Noseworthy, M.D., Mayo Clinic president and CEO, on the announcement of the partnership between the Mayo Clinic and Arizona State University. This is a truly wonderful relationship between these institutions and I look forward to having the Mayo Clinic in Arizona for many years to come.

REMARKS OF JOHN NOSEWORTHY

We are here today because of a convergence of three imperatives. First, there is a strong need for new models of health care delivery in our country. Second, Mayo Clinic believes that one answer to this need lies in new models of training future physician leaders. Third, we are ready to take a bold step in this direction today with our collaborator, Arizona State University. This new Arizona branch of Mayo Medical School is firmly aligned with Mayo's commitment to patient-centered academic excellence and redefining the field of medical education. Together with ASU, we will create the health care workforce of the future.

Clearly, the United States is a leader in bringing innovation and new technologies into health care, yet health care in the United States is fragmented, the quality of care is variable, imperfectly measured, and expensive with costs rising every year. Many patients struggle to find answers that integrate the opinions of their physicians. Patients don't always benefit from advances in
