

COMMENDING J. OSCAR WARD AND MEMBERS OF THE GREATER IRVING REPUBLICAN CLUB

### HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 5, 2011

Mr. MARCHANT. Mr. Speaker, I rise today to commend Mr. J. Oscar Ward of Irving, Texas, President of the Greater Irving Republican Club, and its members for their concern and respect for our Soldiers, Sailors, Airmen, Marines, and Coast Guardsmen that are serving in harm's way. I appreciate their efforts in calling attention to the unfortunate extra challenges faced by the surviving family of Chief Warrant Officer Bradley Gaudet of Gladewater, Texas.

Chief Warrant Officer Gaudet was killed from injuries sustained in a helicopter crash on June 5, 2011 in Afghanistan. His surviving family faced significant hurdles and resistance from the military in transferring his body from Ft. Drum, New York to its final resting place in Gladewater, Texas. These are challenges that should never be a concern to a grieving family. I appreciate President J. Oscar Ward and the members of the Greater Irving Republican Club for their firm resolve in calling attention to the burial of Chief Warrant Officer Gaudet.

I would like to further recognize the assistance and kindness of Southwest Airlines for flying the body of this fallen hero from New York to Texas for his final resting place. Without their assistance, this situation could have been even worse for all of Chief Warrant Officer Gaudet's surviving family and loved ones.

We should never allow a situation similar to what happened to Chief Warrant Officer Gaudet to ever be experienced again by a grieving family. I call on my colleagues to help ensure that every possible consideration is made for every surviving family. I am requesting that any rules and regulations that may preclude the proper burial at the location of the surviving family's choosing of a brave American hero be promptly changed. We must avoid anything similar to this ever occurring again.

HONORING THE SERVICE AND MEMORY OF REVOLUTIONARY WAR PATRIOTS STEPHEN HEARD, JOHN DARDEN, MAMMY KATE, DADDY JACK, DIONYSUS OLIVER, AND PETER OLIVER

### HON. PAUL C. BROWN

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 5, 2011

Mr. BROWN of Georgia. Mr. Speaker, I rise today to honor the memory of Governor Stephen Heard, Captain John Darden, Mammy Kate, Daddy Jack, Captain Dionysus Oliver, and Peter Oliver for their patriotic service accomplished during the American Revolution.

Stephen Heard, who served as Governor of Georgia in 1781, Captain John Darden, Captain Dionysus Oliver, and Peter Oliver all fought courageously in the American War of Independence. Mammy Kate and Daddy Jack, who were slaves at the time, played a pivotal role as well. When their master, Heard, was

captured at the Battle of Kettle Creek, the British condemned him to die. But on the eve of Heard's execution, Mammy Kate and Daddy Jack rescued him from the British prison at Fort Cornwallis, and for their heroic deeds, Heard awarded them their freedom.

All six of these Revolutionary War patriots are buried in what is currently Elbert County, Georgia. On October 15, 2011, the community will honor the memory of these patriots with a grave marking dedication conducted by the Stephen Heard and Kettle Creek Chapters of the National Society Daughters of the American Revolution, and the Samuel Elbert, Button Gwinnett, and Washington-Wilkes Chapters of the Georgia Society Sons of the American Revolution.

Mr. Speaker, it is my honor to pay tribute to these six brave heroes, who with countless other patriots, successfully achieved for us American liberty and made way for our nation to stand as a beacon of freedom and hope to the rest of the world.

RECOGNIZING DR. ADAM G. RIESS,  
THE 2011 PHYSICS NOBEL PRIZE  
WINNER, FOR HIS OUTSTANDING  
ACHIEVEMENTS

**HON. JOHN P. SARBANES**

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, October 5, 2011*

Mr. SARBANES. Mr. Speaker, I rise today to recognize Dr. Adam G. Riess, who was recently awarded the Nobel Prize for his outstanding contributions to the field of physics. Dr. Riess is a constituent of mine living in Baltimore, Maryland.

The Nobel Prize is awarded each year to recipients for outstanding achievement in physics, chemistry, medicine, literature, and peace. These prestigious awards, which were established through the generosity and vision of Albert Nobel, are reserved for the most important discoveries and inventions.

Dr. Riess, who is a professor of physics and astronomy at Johns Hopkins University and a senior staff member at the Space Telescope Science Institute, shares the 2011 physics award with two other scientists for their combined discovery that the universe is expanding at an accelerated rate—a concept that Albert Einstein first introduced but could never fully explain or prove. This discovery was made through extensive years of studying the explosions of supernova stars.

Johns Hopkins University is a Maryland institution second to none in the world and Dr. Riess is the fourth member of the faculty to receive the Nobel Prize. Hopkins, the affiliated Applied Physics Lab, the National Institutes of Health, and other premier scientific institutions in our state showcase the best of public-private partnerships and have produced innovations that change the world and power our local economy. Dr. Riess' discoveries, and the many breakthroughs and innovations that are accomplished in partnership with the federal government, underscore the importance of federal funding for scientific research. Dr. Riess indicated that the Hubble Space Telescope, in particular, was critical to his research.

I applaud Dr. Riess' outstanding achievement as it reflects many years of study and hard work and a deep commitment to scientific innovation. Congratulations to Dr. Riess and his colleagues for their groundbreaking work in the field of physics and for their extraordinary contributions to science.
