

proprietor, and activist in Brooklyn and the greater New York State.

Rev. Waterman is the fifth Pastor of Antioch Baptist Church located in Brooklyn, New York. Reverend Waterman has brought many gifts to Antioch—the three most notable being his exuberance, a willingness to get the job done and spirituality. Rev. Waterman tries to impress on people that God desires our praise and worship, and has been labeled “The Preacher of Thunder” by the late Dr. William A. Jones. He encourages his congregation to know God so that hearts, and thereby lives, can be changed.

Being born in Brooklyn, New York and raised in Hemingway, South Carolina, Rev. Waterman is a very ambitious businessman in his spare time when not actively operating the church. He fully embodies the notion that he truly can do all things through Christ. In his ninth year, Rev. Waterman’s focus is on moving the church toward building God’s Kingdom by restoring people, both spiritually and physically. Antioch is concerned about the health and spirituality of the community. Building the Church, Building the People, and Building the Community. Antioch continues on its path, uniting for fellowship and following Christ.

Rev. Waterman is a premier example of an activist. He is a lifetime member of the NAACP and serves on Community Board # 3 as the Chairperson of the Transportation Committee. Rev. Waterman is a part of the Black Brooklyn Empowerment Convention as the Chair of Securing Our Institutions Cluster. He serves as the Ecumenical Chair in Brooklyn for BLCA, Black Leadership Commission on Aids and is the President of the A.A.C.E.O., African American Clergy and Elected Officials Organization of Brooklyn.

Mr. Speaker, I would like to recognize Rev. Robert Waterman for his excellent leadership of faith based initiatives in Brooklyn and commitment to service.

#### CONDEMNING THE IRANIAN PLOT TO CARRY OUT BOMB ATTACKS IN WASHINGTON, DC

#### HON. JOSEPH CROWLEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mr. CROWLEY. Mr. Speaker, I rise today to condemn the Iranian plot to carry out bomb attacks in our Nation’s Capital and to praise our law enforcement officials who have once again stepped in to thwart terror and preserve our safety.

Two days ago, law enforcement officials revealed Iranian participation in a plan to assassinate a foreign ambassador on U.S. soil by blowing up a busy D.C. restaurant. They also cited plans to attack Israeli embassies in Washington, DC and Argentina. Without the efforts of our law enforcement agencies, these attacks could have killed possibly hundreds of innocent bystanders right here in our Nation’s Capital and elsewhere.

This plot goes beyond a handful of individuals; it once again displays the Iranian regime’s cruel disregard for innocent human life.

Iran continues to sow violence and instability in the Middle East, to traffic weapons, to pursue the acquisition of nuclear capabilities and to brutally suppress its own people. This

is the country whose leader threatened to “wipe Israel off the map.” This latest attempt to murder diplomats and citizens in D.C. and abroad is proof positive that Iran remains a serious danger.

Last year, I helped lead the effort to pass sanctions on the Iranian regime—to end its ability to finance repression and terrorism. This attempted attack on our homeland demonstrates the world must do more. China and Russia, in particular, can do a lot more—for too long they have avoided applying tough pressure on the Iranian regime. But we too can do more. Iran remains a threat to U.S. national security and to global peace and stability, and it is time to increase U.S. and multi-lateral pressure even further.

#### HONORING THE COLD SPRING FIRE DEPARTMENT ON THEIR 100TH ANNIVERSARY

#### HON. MICHELE BACHMANN

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mrs. BACHMANN. Mr. Speaker, I rise today to congratulate the Cold Spring Fire Department on their 100th anniversary this year. It is my honor to join with the Cold Spring community in celebrating this milestone marking a century of service.

Since ancient Rome, communities have depended on fire departments to control and prevent fires to homes, businesses and public buildings. Today’s community fire department continues the work of fire management and prevention, but has added the responsibility of first responders for medical and other rescue situations as well. When so much is depending on individuals to volunteer for this dangerous work, we owe them our deepest gratitude. As the city of Cold Spring gathers to show their thanks to the firefighters who have trained, worked and lived in their community, let me add my gratefulness for the support they have shown these everyday heroes this last century.

October is also National Fire Prevention Month, so I also thank the Cold Spring Fire Department for their efforts to educate and train the public in fire prevention at home and in the outdoors. Mister Speaker, please join with me in thanking all of America’s firefighters for their prevention efforts and then in congratulating the Cold Spring Fire Department on their 100th Anniversary.

#### HONORING THE CHESHIRE HOME 30TH ANNIVERSARY

#### HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor the Cheshire Home located in Florham Park, Morris County, New Jersey, as it celebrates its 30th Anniversary this year.

Established in 1981, the Cheshire Home has served the area’s physically disabled adults with a time-honored philosophy first carried out by Lord Leonard Cheshire, a World War II Royal Air Force Pilot, who established

the international organization to serve disabled veterans. Since 1948, hundreds of Cheshire Homes have opened up worldwide, each acting independently, but all being guided by the same set of values.

The unique setting of the Cheshire Home provides a stimulating living experience where residents not only receive professional medical care, but also have the opportunity to contribute to their community and live an independent lifestyle. As only one of twenty-four licensed specialized care facilities in the state of New Jersey, the Cheshire Home is the only facility that specializes in the 18–55 age range, making it a truly unique facility. The residents at Cheshire Home are offered a myriad of services including, medical, educational, recreation and counseling programs and services.

In 1986, Cheshire Home began its first expansion when two community-based homes were added. The residences were built for individuals with the ability to live with an increased measure of independence. In 1988, the Cheshire Home established its onsite Community Resource Center. The Center is a place where an array of programs and services are conducted, including vocational training and education.

Cheshire Home and its residents have also reached out to the community through multiple programs. Members of the surrounding community are invited to take part in computer classes where Cheshire residents frequently act as mentors. A second program, the Awareness by Learning Experience (A.B.L.E.) program, was created to raise awareness in children, teens and adults of the challenges and capacities of disabled persons. Activities such as a “wheelchair obstacle course” give participants a glimpse at the challenges faced by disabled persons. The residents of Cheshire Home have presented this program to hundreds of communities and schools throughout New Jersey.

Cheshire Home is a place dedicated to serving disabled adults by providing a specialized environment that fosters the growth of a personal measure of independence in each resident. They have also proved over and over to be a good neighbor to the community. But above all, Cheshire Home provides young, disabled adults with the most important thing: a home.

Mr. Speaker, I ask you and my colleagues to join me in congratulating the Cheshire Home, their board of trustees, staff and volunteers as they celebrate their 30th Anniversary.

#### IN RECOGNITION OF THE 50TH ANNIVERSARY OF THE ESTABLISHMENT OF FLORIDA ATLANTIC UNIVERSITY LOCATED IN BOCA RATON, FLORIDA

### HON. ALLEN B. WEST

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mr. WEST. Mr. Speaker, I rise today to recognize Florida Atlantic University (FAU) as it marks the 50th Anniversary of its establishment in 1961. FAU is Florida’s fifth largest public university.

Through the last five decades, FAU has pursued a mission of delivering top-quality higher education, research, creative activities and civic engagement. Today FAU provides a national model of excellence in serving students across a very large geographical region through a well-developed distributed campus system.

From its humble beginning on an abandoned World War II-era United States Army airfield in Boca Raton, FAU has expanded to include campuses and sites in Davie, Fort Lauderdale, Dania Beach, Jupiter, Port St. Lucie and Fort Pierce.

The university is currently serving a record-high student body of more than 29,000 individ-

uals including the founding class of the Charles E. Schmidt College of Medicine, America’s newest medical school.

FAU takes special pride in the fact that its student body ranks as the most racially, ethnically and culturally diverse among the 11 institutions in Florida’s State University System. Forty-six percent of students classified as minority or international.

In the last 50 years the university has awarded degrees to more than 120,000 alumni. The University and the alumni is a strong engine of economic growth and FAU generates an estimated \$2 billion annually in its six-city service region.

FAU’s 10 distinguished colleges offer students the opportunity to pursue more than 170 degree programs on the undergraduate and graduate levels. The students are taught by a faculty of 1,500 skilled and dedicated men and women who possess expertise in their fields and a true passion for passing on their knowledge to the next generation of leaders. Areas in which FAU has earned national recognition include ocean engineering, marine science, business, accounting and public administration.

Long recognized as an outstanding teaching institution, FAU is now claiming a place among America’s great research universities. FAU researchers are at work in a host of essential areas, ranging from discoveries in the life sciences to new engineering technologies.

In 2010, the United States Department of Energy awarded FAU’s Center of Excellence in Ocean Technology the broader designation of the Southeast National Marine Renewable Energy Center. Researchers at this interdisciplinary center are working to address our nation’s energy needs through the development of technology to generate energy from Florida’s strong offshore currents. FAU is ranked as a “High Research Activity” university by the Carnegie Foundation for the Advancement of Teaching.

While FAU excels in the sciences, FAU is also a vibrant center of the arts showcasing faculty and student presentations of many kinds, including lectures, plays, concerts and exhibitions. The university also recognizes its role in the community by offering South Florida’s retired citizens the opportunity to take a wide variety of interesting classes through the FAU Lifelong Learning Society which happens to be the largest and most successful program of its kind in the nation.

FAU’s students, alumni, faculty, administrators and staff can take pride in all that their university has accomplished during its first 50 years as they look forward to even greater achievements in the next decades to follow. This institution is an asset of great value to all Americans and to all Floridians deserving recognition and commendation during their Semicentennial.
