

Bin Laden, and overthrown the Taliban regime that supported them. If there was justice to be had surely, we have found it.

Afghanistan has been embroiled in conflict since 1979 and there is no sign of an end to this conflict. The future stability of Afghanistan is, of course, an ideal we all wish for but with Americans deployed so far away from their homes and families, with our troop presence at an all-time high, and with the insurgency still on-going, we need to reassess why, 10 years later, we are still fighting a costly war with no victory or stability in sight.

We have spent approximately half a trillion dollars in our war in Afghanistan. It is, therefore, past time that we remember what we've learned in the past: that fighting a war against a nationalistic guerilla organization takes more than technological superiority and force of numbers. Imagine what this resource could do on our homeland.

Imagine how many schools, roads, and hospitals half a trillion dollars could build in our own country. Imagine how many hungry kids we could feed or how many of our sick we could treat. Half a trillion dollars could stamp out poverty in places like Philadelphia, Detroit, Memphis, and my hometown of Chicago.

It is perplexing to me, then, why some people would rather spend half a trillion dollars on an unwinnable war abroad rather than on solutions to problems here at home.

I sincerely hope that the Afghan people get to enjoy the benefits of living in a free and prosperous society. They should be free to pursue the education or livelihood of their choosing. I have great respect for our foreign policy and the fact that we care so deeply about the freedoms of those abroad but now is the time we need to be ensuring the economic freedoms of our citizens here at home.

Now is the time that we must refocus on our own country and reinvest in our people and their future. Not tomorrow, not next year, but now! Our rates of unemployment and poverty, if left neglected, will only further divide a nation whose principles serve to inspire the world.

The battles we should be fighting are America's war on poverty and our still-to-be-seen war against unemployment. There is terror here at home, the terror that families face when faced with the question of how they are going to pay their bills or feed their children—the terror and anxieties our citizens feel because they believe their government will simply abandon them. Once again, Mr. Speaker, that is the war we should be fighting and the one that, if we come together, I believe we can win.

IN HONOR OF REV. RICHARD  
NANCE, JR.

**HON. SAM FARR**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mr. FARR. Mr. Speaker, I rise today to honor the life and legacy of Rev. Richard Nance, Jr., whose leadership and social activism over the past 60 years provided inspiration for friends and colleagues alike. Rev. Nance served as the interim pastor of Antioch Baptist Church of San Jose and the First Baptist Church of Pacific Grove.

Richard was the fifth of eight children and was born and raised in South Carolina. Richard had long been involved with the ministries and at the age of twelve joined the White Plains Baptist Church in Laurens, South Carolina. He reported to Ft. Bragg in 1943 to serve in active duty in the army as a telephone and telegraph lineman with the 448th Signal Heavy Construction Battalion.

After serving in the army, Richard was licensed to preach in 1945. He was ordained in 1949 and pastored three rural churches in Laurens and Spartanburg Counties in South Carolina. He attended Benedict College in Columbia, South Carolina and received his BA in May 1950 followed by a BA of Divinity in 1953. Richard then attended Berkeley Baptist Divinity School and earned a Masters there in 1956. In June 1956, Rev. Nance willingly accepted the call to serve as pastor of the First Baptist Church of Pacific Grove and continued to serve passionately there until 1992.

Throughout his career, Rev. Nance made significant contributions to countless organizations. He served as the President of the Monterey Branch of the NAACP where his leadership allowed the branch to address housing restrictions and business and school hiring practices. Rev. Nance contributed to the efforts of both the Pacific Grove and Monterey Peninsula Ministers Associations as their President and was a member of Alpha Phi Alpha.

In addition, Rev. Nance was an active director on many boards including those of the Managers of American Baptist Churches of the West, the Pacific Grove Kiwanis, Monterey County Children's Home Society, the Alliance on Aging, The Pacific Grove Library, and the Pacific Grove Police Review Board.

Mr. Speaker, I know that I speak for the entire House in recognizing the tremendous accomplishments and contributions that Rev. Richard Nance, Jr. made throughout his bright lifetime. We honor the family that he loved and cherished: his wife Esther Collins Nance, who pre-deceased him, their sons Christopher and Marcus, and daughter Karen Small. On behalf of the United States Congress, I would like to applaud these significant efforts and honor his memory and to thank God for sharing such a wonderful leader with this community.

HONORING THE SERVICE OF HIS  
EXCELLENCE YASHAR ALIYEV,  
AMBASSADOR EXTRAORDINARY  
AND PLENIPOTENTIARY OF THE  
REPUBLIC OF AZERBAIJAN TO  
THE UNITED STATES OF AMERICA

**HON. DAN BOREN**

OF OKLAHOMA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mr. BOREN. Mr. Speaker, as the co-chairman of the Congressional Azerbaijan Caucus, I rise today to honor the distinguished service of His Excellency Yashar Aliyev, the Ambassador of Azerbaijan to the United States.

Soon, Ambassador Aliyev will return to Azerbaijan after the conclusion of a successful tour in Washington. His leadership has been critical to strengthening the friendship between the United States and Azerbaijan, and I want to recognize and thank him for his service.

Before being named Ambassador Extraordinary and Plenipotentiary of the Republic of Azerbaijan to the United States of America by President Ilham Aliyev in October 2006, Ambassador Aliyev served four years as Azerbaijan's Permanent Representative to the United Nations. During this time, he was chairman of the Fourth Committee of Special Political and Decolonization of the 60th U.N. General Assembly, vice president of the 59th General Assembly, vice president of the Economic and Social Council, and vice president of the U.N. Conference on the Illicit Trade in Small Arms and Light Weapons in All Its Aspects.

As Ambassador to the United States, he has worked with great skill and dedication to enhance the bond between the United States and Azerbaijan. To this important end, he has been tremendously successful on several fronts.

Ambassador Aliyev has solidified the strategic partnership between our nations. In recent years, Azerbaijan has participated in initiatives to curb nuclear proliferation, fight international terrorism, and maintain regional security in southwestern Asia. Moreover, it has provided multi-faceted support to U.S. operations in Afghanistan and Iraq.

Also during his tenure, Ambassador Aliyev has deepened economic ties between the United States and Azerbaijan. Azerbaijan supplies oil and gas to the United States and other Western countries, thereby providing vital energy to the global economy. Moreover, American energy companies are participants in a collaborative effort to further develop Azerbaijan's oil and gas reserves in the Caspian Sea.

Of great importance to me, the relationship between my home state of Oklahoma and Azerbaijan has continued to grow under the leadership of Ambassador Aliyev. In recent years, the Ministry of Defense of Azerbaijan and the Oklahoma National Guard have engaged in joint training exercises and operations through the National Guard State Partnership Program.

Ambassador Aliyev has broadened collaboration between his country and Oklahoma beyond military cooperation. Earlier this year, he visited Oklahoma and met with various elected officials and business leaders. I am confident his visit laid the groundwork for expanding opportunities for Azerbaijan to cooperate with Oklahoma's business community and universities.

It has been an honor to work with Ambassador Aliyev. I hope he will reflect on his time served in Washington with a sense of pride. As a result of his work, the relationship between the United States and Azerbaijan has never been stronger.

In closing, it has been a pleasure to work with Ambassador Aliyev. I thank him for his dedicated service. He will forever be a trusted friend of the United States. I wish him well in all his future endeavors.

HONORING THE UNITED STATES  
NAVY

**HON. CHRISTOPHER S. MURPHY**

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Thursday, October 13, 2011*

Mr. MURPHY of Connecticut. Mr. Speaker, I rise today to honor the United States Navy

and the extraordinary service of all of its members. Today marks the 236th year of the Navy's existence. Since its birth in 1775, our sailors have bravely served our Nation here at home and in all corners of the globe. Whether it is protecting Americans and our allies, to keeping the seas open for commerce or assisting other nations after global disasters, the United States Navy has truly been a global force for good.

My own state of Connecticut has a proud naval tradition. We are fortunate enough to be home to the Naval Submarine Base New London, which is known as the "First and Finest Submarine Base". Originally commissioned as a navy yard on April 11th, 1868, our base now boasts 15 home ported submarines and employs over 7,500 service members and civilians. As a result, the base is one of the largest employers in southeastern Connecticut. Over the years, and with the establishment of naval schools and training facilities, the base has become a symbol of strength and pride for Connecticut, and for the entire Navy. Not only was the first diesel powered submarine commissioned in Groton, but our New London base was the first in the history of the Navy.

Mr. Speaker, I believe that we can all agree the Navy deserves recognition for their continued and constant service to our country. From skirmishes with the Royal Navy in 1776 to today's operations in the Middle East, the Navy has remained an organization that all Americans can be proud of. I ask my colleagues to join me, and the people of Connecticut, in applauding the current and former sailors around the world for their service in the U.S. Navy.

#### SCREEN ACT FOR 112TH CONGRESS

### HON. RICHARD E. NEAL

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 13, 2011

Mr. NEAL. Mr. Speaker, I rise today to introduce the Supporting Colorectal Examination and Education Now (SCREEN) Act. This legislation will remove barriers to one of the most effective preventive health screenings available, saving lives and reducing health care costs in the process. I urge all of my colleagues to support this important legislation.

The statistics surrounding colon cancer are startling. Colon cancer is the number two cancer killer in the United States for both men and women. (CDC Colorectal Cancer Vital Signs; July 2011)

Over 50,000 people will die this year from this disease according to the American Cancer Society (2010 Fact & Figures).

These deaths become more tragic when one considers that colorectal cancer is highly preventable with appropriate screening. According to the American Cancer Society (2010 Facts & Figures), the 5 year survival rate is 90% for those diagnosed at an early stage; however, less than 40% of the cases are diagnosed at that stage.

During colorectal cancer screening by colonoscopy, pre-cancerous polyps are removed during the same encounter, thus preventing cancer from developing, as opposed to other cancer screenings where early detection is the goal. That is one reason why the U.S. Preventive Services Task Force provides an "A" rating for CRC screenings.

The CDC "colorectal cancer control program" screening target rate is 80%. The American Cancer Society and other patient advocacy groups have a target rate of 75%. Unfortunately, only half of the Medicare population is being screened, despite the availability of a Medicare colon cancer screening benefit. According to CMS and American Cancer Society (March 2011), Medicare claims indicate that only 52–58% of beneficiaries have had any colorectal cancer test and there is "clearly an opportunity to improve colorectal cancer screening rates in the Medicare population."

The latest findings by the American Cancer Society confirm that screening rates among the Medicare population continue to be in this 50th percentile range, with screening rates among minority populations that are especially low among Medicare-aged beneficiaries.

The CDC concludes that 1,000 additional colorectal cancer deaths will be prevented each year if screening rates reached 70.5%. (CDC Colorectal Cancer Vital Signs; July 2011).

In addition to saving lives, colorectal cancer screening has been demonstrated to save Medicare long-term costs as noted by the New England Journal of Medicine in a recent article (Feb. 2008).

The direct costs of treating colorectal cancer in 2010 reached \$4 billion. (CDC Colorectal Cancer Vital Signs; July 2011)

I am pleased that Congress took steps to improve access to life-saving colon cancer screening when it passed the Patient Protection and Affordable Care Act (PPACA) in March 2010.

While Congress has made tremendous strides in increasing colorectal cancer utilization rates in PPACA, this bill will further make live saving screenings more accessible to Medicare beneficiaries.

Currently, Medicare waives cost-sharing for any colorectal cancer screening recommended by the U.S. Preventive Services Task Force. However, should the beneficiary have a precancerous polyp removed, the procedure is no longer considered a "screening" for Medicare coding purposes.

The unintended consequence of this is that the beneficiary is obligated to pay the Medicare coinsurance because the procedure is no longer a "screening." However, the purpose of the screening is to find and remove precancerous polyps.

The SCREEN Act waives all Medicare beneficiary cost-sharing for colorectal cancer screenings that become "therapeutic" or diagnostic procedures.

The legislation also resolves this unintended consequence for beneficiaries participating in health insurance exchanges beginning in 2014.

The SCREEN Act also provides incentives for Medicare providers to participate in nationally recognized quality improvement registries so that our Medicare beneficiaries are in fact receiving the quality screening they deserve.

Lastly, the SCREEN Act removes barriers to screening rates by allowing a Medicare beneficiary to sit down and discuss the importance of the procedure before seeing the provider for the first time right before procedure. The federal government and colorectal cancer patient advocacy groups have concluded that the "fear of the procedure" is a major impediment to increasing colorectal cancer screening rates.

Promoting access to colorectal cancer screening is good policy. It will save lives and reduce costs to families and the health care system. Please join with me in the fight against colorectal cancer by cosponsoring this legislation.

#### HONORING THE SOMERSET HILLS YMCA

### HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 13, 2011

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor the Somerset Hills YMCA located in Bernards Township, Somerset County, New Jersey, which is celebrating its 60th anniversary.

From its modest beginning, first operating at the Dobb's Realty Building in Bernardsville and later at the Mill Street Firehouse, the Somerset Hills YMCA has been of great importance to its surrounding community. Within the first ten years of operation, the Somerset Hills YMCA already had 500 members and acquired a seventeen acre site to accommodate its growing membership.

In the 1980s, the facility on Mt. Airy Road in the Basking Ridge section of Bernards Township was expanded to provide its members with a state of the art facility. It offers three pools, a large gym, a dance studio, a café and much more. The YMCA provides more than 200 programs annually, including wellness, fitness, programs for those with special needs, day care, active older adults programs, sports, dance, adventure-based activities for teens and corporations, specialized family activities and a variety of community service programs including Career Forum, Special Olympics and Saturdays in Motion. In 2010, it partnered with the National Inclusion Project to insure that even people with disabilities could engage in these many programs. The YMCA is truly a place where all members of the community, regardless of age or ability, can participate, work out and enjoy themselves.

Since its opening, the Somerset Hills YMCA has had what they call, "a deep commitment to youth development, social responsibility, and health and well-being for all." Not only does this YMCA offer its programs to 22,000 people in the surrounding community, it also offers financial assistance to those who cannot afford membership.

The Somerset Hills YMCA is dedicated to its motto, "Strengthening the Foundations of the Community," and is committed to serving its neighbors. Most recently, in the wake of the devastation caused by Hurricane Irene, the Somerset Hills YMCA graciously opened its doors to those who lacked electricity and running water in the area, regardless if they were members or not. Its unwavering dedication to go above and beyond their mission is what makes this organization great. I am honored to have the Somerset Hills YMCA in my district as it is truly a place of public service.

Mr. Speaker, I ask you and my colleagues to join me in congratulating the Somerset Hills YMCA as they celebrate 60 years of community service.
