

His loving brother, Major Edwin J. "Ski" Korczynski, USAF/CAP, and Precinct Captain to Alderman Richard F. Mell, Chicago's 33rd Ward, summed up his identical twin brother's call to duty in a letter he sent to President Bush, stating that "from the first day of conflict, his brother cast his vote for our American traditions through his dedication and deeds, not merely a slip of paper." Through his actions, Captain Erwin J. Korczynski exemplified the ideals of the Colonial Army's soldiers who answered our fledgling Nation's call.

Captain Erwin J. Korczynski's dedication to service and patriotism kept him from retirement. Instead, equipped with his thirty-five plus years of aviation experience, he shared his knowledge and skills with young, soon-to-be airline pilots. Captain Erwin J. Korczynski sought out and obtained his certification as a commercial airline Check Airman and Flight Instructor.

His remaining years, from age sixty thereafter, were spent as Airline Check Airman and Flight Instructor at the Gulfstream Flight Academy for Gulfstream Airlines based in Miami, Florida. Gulfstream Captain Erwin J. Korczynski trained hundreds of career starting airline pilots who admired and respected him for his zero tolerance flight and pilot standards. These new pilots coined the stories of his Marine Corps days, his Eastern Airline era, his six airline career and his world circles, as "Erwinisms"

Mr. Speaker, our nation will forever be indebted to Captain Erwin J. Korczynski's patriotism and unfailing bravery. He was a loved son, brother, soldier, and instructor who's dedication to serving our country will inspire generations to come. He is survived by his identical twin brother Edwin, wife Henrietta, daughters Elizabeth and Lieutenant/Navy JAG Kriesten, sons Ryan and Christian, granddaughter Emmalyn, daughter to Ryan and Diana, and all his friends.

HONORING THE ARMY NATIONAL GUARD

HON. MARSHA BLACKBURN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 13, 2011

Mrs. BLACKBURN. Mr. Speaker, they are our neighbors, cousins, sisters, and friends. They are called upon to protect America at home and her interests abroad and do so with swiftness and dedication. From humble beginnings to one of the largest military forces in the world, the National Guard is the oldest component of the Armed Forces and I rise today to celebrate their 375th birthday.

Three regiments were established on December 13, 1636 by the Massachusetts General Court in Salem. The early colonies knew the freedoms they sought must be defended. Seeing a great need for the protection of able-bodied men, but having not the money to pay mercenaries, the North, South, and East regiments were organized with the promise to keep a ready state of mind and preparation to fight when needed. Almost four centuries later,

the National Guard operates still by these same watchwords: ready and prepared. From the Mexican War to the Global War on Terror, the men and women of the National Guard have answered this nation's call to service.

For 375 years, the citizen-soldiers of the Army National Guard have protected and defended this great land in times of war, times of peace, and times of calamity. We are ever-thankful for their dedication and watchful eye as they work to protect freedom and freedom's cause. I rise today to honor the National Guard and ask my colleagues to join with me in celebrating the three and a quarter centuries of swift and noble response.

IN HONOR OF FORMER GEORGIA STATE SENATOR ROBERT LOFTON BROWN

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 13, 2011

Mr. BISHOP of Georgia. Mr. Speaker, last week the state of Georgia lost one of its most committed community leaders, beloved public figures and dynamic elected officials with the death of former Georgia State Senator Robert Brown. Senator Brown was a close friend, confidant, and someone who I greatly admired not only for his notable legislative achievements on behalf of the people of Georgia but more importantly for his measured disposition, kind-hearted nature and uncompromising desire to help needy families and low-income communities.

On Wednesday, December 14, 2011, Senator Brown's family members, friends, colleagues, and his constituents will pay tribute to his legacy of achievement and outstanding efforts on behalf of working families during funeral services at Greater Zion Hill Baptist Church in Macon, Georgia.

Although we are all saddened by the unexpected and sudden passing of our friend and colleague, we can all take solace in remembering the positive, enduring impact that he had on our lives and the profound accomplishments that he achieved throughout his exemplary public service.

Senator Brown was born on January 30, 1950 to Joe Brown and Ruby Lofton Brown. He spent his formative years in Greenville, Georgia before moving to Macon to attend and eventually graduate from Mercer University. Following college, Senator Brown permanently settled in Macon and began to gradually establish himself as one of Middle Georgia's most respected political leaders.

While he will be remembered as a wise and thoughtful public figure, Senator Brown had to overcome many obstacles and conquer seemingly insurmountable challenges in his ascension to the status of becoming one of Georgia's most influential legislators. Despite two unsuccessful election attempts for a seat in the Georgia State House, he refused to give up and was eventually elected to the Bibb County School Board.

Following his tenure on the school board, he once again beat the odds and in 1991 won a highly competitive election for the Georgia State Senate. While in the Senate he was appointed as the Governor's Assistant Floor Leader before being elected to serve as that

legislative body's Minority Leader. He served as Senate Minority Leader for six years and while in this position he effectively advanced initiatives that improved public education, consolidated overlapping government functions, and preserved historic landmarks cherished by local residents.

Senator Brown was preceded in death by his beloved parents and is survived by many cousins, close personal friends, an expansive network of professional colleagues and loyal constituents.

Mr. Speaker, it has been said that, "Service is the rent we pay for the space we occupy on this earth." There is no doubt that through his service, Senator Robert Lofton Brown paid his "rent" and the world is truly better because he did.

Therefore, I ask my colleagues to join me today in paying tribute to the life of State Senator Robert Brown—an outstanding legislator, dedicated community advocate, loyal friend and faithful public servant.

FARM DUST REGULATION
PREVENTION ACT OF 2011

SPEECH OF

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 8, 2011

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 1633) to establish a temporary prohibition against revising any national ambient air quality standard applicable to coarse particulate matter, to limit Federal regulation of nuisance dust in areas in which such dust is regulated under State, tribal, or local law, and for other purposes:

Ms. ESHOO. Mr. Chair, H.R. 1633, the Farm Dust Regulation Prevention Act is another step by the Majority to roll back clean air and water laws, and this bill dishes out both injury and insult.

The injury: Republicans convinced farmers that the EPA was going to regulate farm dust (or nuisance dust), a made-up term, not based on scientific or medical evidence. The EPA has no plans to regulate farm dust. In fact, in October of this year, EPA Administrator Lisa

Jackson confirmed that she does not plan to change current law regarding coarse particle emissions, so this bill is completely unnecessary.

The insult: What this bill does do is exempt particle emissions from a wide array of sources including mining operations, cement plants, gravel pits and coal processing plants. These sources emit arsenic, lead, and mercury among other harmful pollutants and these pollutants can cause very serious health problems, including decreased lung function, asthma attacks, respiratory diseases, and worse.

The Energy and Commerce Committee recently received a letter from a team of physicians and researchers at Johns Hopkins School of Public Health. The experts wrote that this legislation, "does not account for current or future knowledge of health risks posed by rural particulate matter exposure, and rather enacts a permanent exemption of rural particulate matter from Clean Air Act regulation. This approach is not supported by the scientific evidence or good professional judgment, and is not scientifically defensible."

This bill ignores science, creates harm, and insults farmers.

I urge my colleagues to oppose this bill.
