

HONORING CHARLES RUTLEDGE III

HON. GEOFF DAVIS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Friday, May 13, 2011

Mr. DAVIS of Kentucky. Mr. Speaker, I rise today to recognize Mr. Charles Rutledge, III, a Mathematics Content Specialist with the Kentucky Department of Education in Northeast Kentucky.

Mr. Rutledge was recently selected by President Barack Obama to receive the Presidential Award for Excellence in Mathematics and Science Teaching.

This award is recognition of Mr. Rutledge's achievement and dedication during more than a decade in the education field. Before joining the Kentucky Department of Education, he was a teacher for 10 years at Prichard Elementary School in Grayson, Kentucky where he taught mathematics, second grade and third grade.

Mr. Rutledge was recognized by the President for his hands-on teaching style that brings math to life for his students and helps them to recognize numbers as representations of values, and not merely symbols.

Today, as we celebrate the accomplishments of this exceptional Kentuckian, it is my hope that others are inspired by his hard work and perseverance.

I urge the House to join me in commending Charles Rutledge for his time and devotion in teaching and helping the youth of the Commonwealth of Kentucky.

**A TRIBUTE IN HONOR OF ASIAN
PACIFIC AMERICAN HERITAGE
MONTH AND THE HEP B FREE
CAMPAIGN**

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, May 13, 2011

Ms. ESHOO. Mr. Speaker, I rise today in honor of Asian Pacific American Heritage Month and a particular effort to benefit the Asian Pacific American (APA) community, the Hep B Free Campaign. This is a month to acknowledge and celebrate the APA community's vital economic, cultural, academic, and political contributions to our diverse and dynamic country. I'm proud to join more than 150,000 of my APA constituents in California's 14th Congressional District, whose work enriches our lives every day.

As we acknowledge the extraordinary impact of the APA community, this is also a time to address a more sobering impact on the APA community, the grave health threat of Hepatitis B. Hepatitis B is the greatest cause of liver cancer in the world, resulting in up to 80 percent of all liver cancer, three hundred and fifty to four hundred million people in the world are chronically infected with Hepatitis B, which takes a life every 30 seconds. Most of them are Asian. One in ten foreign-born Asian Americans are chronically infected with Hepatitis B, 100 times the infection rate of the general population. Without treatment, 1 in 4 will die from liver cancer or liver failure, often in their prime adult years. In California alone, liver cancer is among the leading causes of

cancer deaths among Laotians, Cambodians, Vietnamese, Chinese, Korean, and Filipinos. Nearly 10 percent of the Asian population in my District is chronically infected, and nearly half have not been vaccinated to protect them from infection.

Given the gravity of this health challenge, I'm proud to recognize the outstanding work of the Hep B Free Campaign which promotes public and provider awareness, including programs for screening, vaccination, and linkage to follow-up treatment.

Hep B Free was originally started by Asian Week Foundation, a community-based non-profit that celebrates the diversity of Asian Pacific America through identity assemblage, with special expertise in bringing together the multiplicity of groups and personality that make up our community; Stanford University's Asian Liver Center, the only non-profit organization in the country addressing this pressing public health disparity; and the San Francisco Department of Public Health because they recognized the egregious health disparity experienced by APA in terms of Hepatitis B. I'm proud this campaign began in San Francisco, continued in San Mateo County and has now launched its campaign in Santa Clara County with the additional support of Asian Americans for Community Involvement and the Santa Clara County Public Health Department. I look forward to supporting Hep B Free as they expand their efforts to the rest of the country. As Assemblywoman Fiona Ma, Majority Whip of the California Assembly and Honorary Chairperson of the Hep B Free Campaign, said, "We can set a model for the nation and be an inspiration to efforts around the globe in eradicating Hep B."

We celebrate APA Heritage Month just a month after the death of Dr. Baruch Blumberg, a brilliant and compassionate scientist whose discovery of the Hepatitis B virus and creation of the vaccine won him a Nobel Prize and the gratitude of all whose lives are affected by the disease. The Hep B vaccine is known as the first anti-cancer vaccine because it is so effective at preventing Hep B infection and the liver cancer that could develop.

Mr. Speaker, I ask my colleagues to join me in honoring Asian Pacific American Heritage Month and the Hep B Free Campaign's extraordinary efforts to ensure that the millions of Asian Pacific Americans who strengthen our Nation can live long and healthy lives.

HONORING JOHN MURPHY**HON. MICHAEL H. MICHAUD**

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Friday, May 13, 2011

Mr. MICHAUD. Mr. Speaker, I rise today to congratulate John Murphy, President and CEO of the Maine Credit Union League, on his induction into the Credit Union House Hall of Leaders.

For nearly two decades, John has served as President and CEO of the Maine Credit Union League. He has worked diligently on the behalf of credit unions for even longer. I have had multiple opportunities to work with John on the issues that impact his members and, as a result, the people and the economy of Maine, and I have always found him to be a dedicated and thoughtful advocate.

The Credit Union National Association inducted John into the Credit Union House Hall of Leaders because he has shown a unique level of commitment to ensuring that these vital community institutions are able to continue serving the individuals and small businesses that make up their customer base. His name will be on permanent display to the thousands of individuals that visit the Credit Union House each year. John is the first inductee from the State of Maine, and I cannot think of a more appropriate individual.

It has been an honor to work with John in the past, and I have no doubt that this recognition in the Hall of Leaders will inspire him to continue his advocacy on behalf of credit unions and the people they serve. I know that the sixty-four credit unions in Maine, as well as their 613,000 members, greatly appreciate John as a resource and as their representative fighting for the issues that matter to them.

Mr. Speaker, please join me in honoring John Murphy and congratulating him on his induction into the Credit Union House Hall of Leaders.

IN SUPPORT OF MEDICARE**HON. DORIS O. MATSUI**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, May 13, 2011

Ms. MATSUI. Mr. Speaker, I rise today to voice my support for Medicare and to once again state my strong opposition to the Republican budget plan introduced by Mr. RYAN of Wisconsin. This plan would end Medicare as we know it.

Medicare is a program that Americans pay into their entire working lives and expect to benefit from when they retire. Unfortunately, House Republicans continue to support a proposal that would strip away the guaranteed benefits under Medicare. Their plan calls for Medicare to be replaced from a program of guaranteed benefits to one in which seniors would be given a voucher to purchase insurance from an insurance company.

As if this were not bad enough, the vouchers this plan proposes to give Medicare enrollees would in no way keep up with the rising costs of health care. Therefore, enrollees would be saddled with more and more out-of-pocket expenses over time.

The non-partisan Congressional Budget Office Congress's official actuary projected that these vouchers could actually double out-of-pocket costs for the average beneficiary in the short-term and triple them in the long-term. This is something that I am adamantly opposed to and will fight against it taking place.

Now, to be clear, these changes would not affect current enrollees but it would affect the next generation of retirees including many of our children and grandchildren. But the Republican plan would immediately strip away all the benefits seniors stand to gain and perhaps already are enjoying from the health care law enacted last year.

The health care law is already closing the Medicare Part D coverage gap—known as the "Donut Hole"—providing for free preventive care to Medicare and Medicaid beneficiaries and ensuring that America's seniors have access to the care they need.

The health care law also provides free preventive care for Medicare enrollees care that

is often critical to helping you and your doctor diagnose and treat diseases or ailments as soon as possible. But the repeal of the health care law included in the Republican budget plan would change all this under the guise of "deficit reduction."

But the reality is that none of the cuts would help pay down the deficit OR balance the budget. These cuts would instead pay for tax cuts to those who need it the least providing subsidies to Big Oil preserving tax loopholes to companies that ship jobs overseas all this while they are making record profits. Tax cuts for Big Oil and the largest corporations should not be paid for on the backs of America's seniors!

And this kind-of thinking does not reflect the needs or priorities of seniors and families in my district. I have heard from scores of Sacramentans about how the changes to Medicare included in the health care law has helped them. One gentleman in particular comes to mind. Gary, who takes 8 different name brand medications, regularly falls into the "Donut Hole." But as a result of the health care law, he will save close to \$1,000 per month which means that Gary will be able to continue to take his medication, and make ends meet. And his savings will only grow over time. However, people like Gary would lose out on this benefit, should the Republican proposal be enacted.

As Co-Chair of the Congressional Seniors Task Force, I am working with my colleagues to ensure that proposals that would hurt seniors are not enacted. I believe that if someone works hard all their life and plays by the rules then they deserve high-quality health care and a secure retirement. I am committed to making that dream a reality and I am confident that as more and more people learn about what this plan would do the American people will speak out against it loud and clear.

I thank Representative TONKO for his leadership on this issue.

HONORING STEWART'S SHOPS AND THE DAKE FAMILY

HON. CHRISTOPHER P. GIBSON

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, May 13, 2011

Mr. GIBSON. Mr. Speaker, I rise today on behalf of the people in New York's 20th District to express our sincere appreciation for the continued hard work, dedication, and contributions made to our communities by Stewart's Shops and the Dake Family.

Beginning in 1921, Percy and Charles V. Dake began making Dake's Delicious ice cream in Greenfield, NY. They continued to expand their operations into and around Greenfield and Saratoga Springs until 1945, when they bought Donald Stewart's dairy and ice cream shop on Route 50 in Ballston Spa, renaming it Stewart's Shop in order to commemorate the former owner. Adding on brothers Charles S. and William, this family-run operation continued to grow through the expansion of services and a strong community presence, including donating five percent of its annual revenue to local not-for-profits.

This generous and voluntary donation has brought over \$2.25 million to not-for-profits in our area, in addition to the organization's con-

tribution of over \$15 million to an employee profit sharing plan and \$2 million in scholarship assistance to family members of employees through the "Make Your Own Scholarship" program. Overall, this tremendous organization has had over \$1 billion in community sales, provides approximately 4,000 jobs in 328 convenience stores in New York and Vermont, and works closely with local governments and organizations to serve my constituents inside and out of their stores.

For these reasons, I am happy to stand today in recognition of the Dake Family as they receive the C. Jordan Vail Spirit of Philanthropy Award, given at the Celebration of Philanthropy Luncheon in Albany, NY on May 24, 2011. This family, and the business they have built over the last ninety years, are a model of private enterprise and they have certainly earned this award. I am honored to be given the opportunity to commemorate their dedication to our community and the economic contributions they provide.

INTELLIGENCE AUTHORIZATION ACT FOR FISCAL YEAR 2011

SPEECH OF

HON. ROBERT HURT

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 12, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 754) to authorize appropriations for fiscal year 2011 for intelligence and intelligence-related activities of the United States Government, the Community Management Account, and the Central Intelligence Agency Retirement and Disability System, and for other purposes:

Mr. HURT. Mr. Chair, I rise today in support of H.R. 754, the Intelligence Authorization Act for Fiscal Year 2011.

Our intelligence community plays a critical role in keeping us safe from those who seek to do us harm, and I believe we need to ensure that they have the necessary tools to do their job to the fullest.

It was the hard work and dedication of the members of the intelligence community that helped lead us to securing a great victory in the war on terror—the death of Osama bin Laden. We will be forever grateful to them—and all of those in the intelligence field—for their service to this country, including those in Virginia's 5th District.

I would like to take this opportunity to recognize and thank the work of the Defense Intelligence Agency, the National Geospatial Intelligence Agency, and the National Ground Intelligence Center located in Charlottesville, Virginia, and those members of the intelligence community across the 5th District who are working every day to help ensure the safety of all Americans.

A top priority of government is to protect its citizens from threats at home and abroad. While I believe that we need to prioritize all spending in the context of a balanced budget, we need to make sure that those in the intelligence field are equipped to carry out their duties to help protect and defend our nation, especially when we are engaged in a global war on terror and thousands of American troops continue to serve bravely in harm's way around the world.

I urge support of H.R. 754.

INTELLIGENCE AUTHORIZATION ACT FOR FISCAL YEAR 2011

SPEECH OF

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 12, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 754) to authorize for fiscal year 2011 for intelligence and intelligence-related activities of the United States Government, the Community Management Account, and the Central Intelligence Agency Retirement and Disability System, and for other purposes:

Mr. VAN HOLLEN. Mr. Chair, I rise in support of H.R. 754, the FY 2011 Intelligence Authorization Act. I thank Chairman ROGERS and Ranking Member RUPPERSBERGER for bringing this bipartisan bill to the floor today.

This bill sets the funding levels for the 16 agencies that comprise the nation's intelligence community including the Central Intelligence Agency and parts of the Office of the Director of National Intelligence and the Federal Bureau of Investigations. It also supports the dedicated and skilled men and women who work in secret at these and other elements of the nation's clandestine services that helped bring Osama bin Laden to justice.

H.R. 754 authorizes funding for the counterterrorism analysis and worldwide clandestine operations of the CIA; the tactical intelligence support of the National Security Agency; the electronics surveillance and real-time analysis of the National Geospatial Agency; and the coordination of the National Intelligence Director. The coordinated efforts of all these agencies enable the U.S. to anticipate and respond to emerging threats and to maintain its technological advantage over our adversaries around the world.

Bringing Osama bin Laden to justice was the result of the hard work and sacrifice by this nation's intelligence and Special Forces community. These brave men and women are silent warriors who deserve our gratitude and unwavering support. I commend them for their ongoing efforts to disrupt, dismantle and defeat terrorism around the world.

I encourage my colleagues to join me in thanking our intelligence professionals for all that they do to keep our country safe and I urge passage of this bill.

INTELLIGENCE AUTHORIZATION ACT FOR FISCAL YEAR 2011

SPEECH OF

HON. DAVID DREIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 12, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 754) to authorize appropriations for fiscal year 2011 for intelligence and intelligence-related activities of the United States Government, the Community Management Account, and the Central Intelligence Agency Retirement and Disability System, and for other purposes:
