

Harper will now have 4 years of uninterrupted government. Plans to create jobs without increasing taxes and paying down the national deficit are top priorities of this new majority.

The relationship of Canada and South Carolina has been strong for many years. This year marks the 50th annual Canadian-American Days Festival at Myrtle Beach, which celebrates the partnership between our citizens. We welcome Canadian vacationers. We are grateful that former South Carolina Speaker of the House, David Wilkins of Greenville, served as the United States Ambassador to Canada from 2005 to 2009. Canada is our leading trade partner, which I know firsthand and appreciate, with the Michelin Tire Corporation of Lexington producing earth-mover tires for recovery of oil sands resources in Alberta.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

TEACHER APPRECIATION WEEK

(Ms. LORETTA SANCHEZ of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise today in observation of Teacher Appreciation Week, which commenced on May 2 and will end tomorrow. It's not only appropriate to recognize our hardworking and dedicated educators, it is necessary.

In honor of Teacher Appreciation Week, I would like to recognize all the teachers in my district. I have visited every school back home, and I feel fortunate to have the classrooms filled with passionate teachers who are committed to every student by addressing their needs and guaranteeing their academic success.

I would specifically like to recognize the 2011 Teacher of the Year recipients from the school districts in Anaheim and Santa Ana, California. Mr. Erick Rossman, Ms. Anne "Mac" Devine, Ms. Sylvia Immanuel, Ms. Michelle Majewski, Mr. John Lombardi, and Ms. Valencia Davis, thank you. Thank you for your passion and your outstanding success and work with our students.

DRILLING EQUALS AMERICAN JOBS

(Mr. PALAZZO asked and was given permission to address the House for 1 minute.)

Mr. PALAZZO. I rise today, Mr. Speaker, in strong support of H.R. 1230.

As the Congressman from Mississippi's gulf coast, I have seen firsthand the damaging effect of the administration's decision to delay lease sales for offshore oil exploration. I also have worked offshore myself as a rigger, a roustabout, and a materials manager. I understand the positive economic impact offshore jobs have on the local and regional economies. By the administra-

tion's own admission, we have already seen 12,000 jobs lost with a direct salary impact of \$500 million. To prevent these jobs from permanently being sent to other countries, we need firm timelines for considering permits to provide certainty to investors and employers.

I not only support the passage of the Restarting American Offshore Leasing Now Act, but I urge the administration to undo their record of blocking and delaying energy production and to proceed with scheduled lease sales promptly. We must not continue to unnecessarily sideline a vibrant industry that is critical to our economic and national security.

BIG OIL

(Ms. CHU asked and was given permission to address the House for 1 minute.)

Ms. CHU. In my home county of Los Angeles, hardworking, middle class families are struggling every day to put gas in their cars so that they can get to work and take their children to school. But I did a double take recently when I saw that a gas station in my district had the highest price per gallon in the country—almost \$5 a gallon.

What is the Republican response? They just released their budget. It gives more tax breaks to Big Oil. They don't want to reward you for working hard. They want to reward ExxonMobil which made \$34 billion last year in pure profits, more money than any other company in the world.

You are stuck paying over \$4 a gallon for gas and the Republicans also want you to pay \$4 billion in tax breaks for Big Oil?

Stop the \$4 billion Republican giveaway. Let's make smart investments that will lower gas prices and put Americans back to work. It is time to say "no" to the GOP, the Grand Oil Party.

GAS PRICES

(Mrs. HARTZLER asked and was given permission to address the House for 1 minute.)

Mrs. HARTZLER. I rise today to express the frustration of the good people of Missouri's Fourth District with our Nation's gas prices. As I traveled around the Fourth District last week speaking at eight town hall meetings, the one comment I heard everywhere I went was that gas prices are crippling our families and our businesses.

One over-the-road trucker that I visited with from El Dorado Springs told me that just a couple of years ago he would bring \$1,000 in cash on the road with him for a week's worth of diesel, but now he has to come up with \$2,500 in cash before climbing in the cab. This is extremely hard for someone just trying to make ends meet, and carrying so much cash is dangerous, too.

Every extra dollar in gas prices means one less dollar for a family's

food, clothes, or spending time together at a ball game. For the average driver, the increased cost of gas since the President took office is nearly \$1,100 a year.

We must stop the government from standing between its citizens and reasonable gas prices. This country has been blessed with some of the most abundant resources on the face of the Earth, but this administration has stood in the way of exploring and utilizing them at every turn. It's time for the President to get out of the way and let us get to work developing our own sources of energy.

EXPRESSING SUPPORT FOR THE RECOVERY EFFORTS IN NORTH CAROLINA

(Mr. BUTTERFIELD asked and was given permission to address the House for 1 minute.)

Mr. BUTTERFIELD. Mr. Speaker, I rise today to express appreciation for the good work on the part of local emergency responders, FEMA, the Division of Emergency Management, the American Red Cross, and the many other agencies that have been helping survivors in my congressional district recover from the devastating tornadoes that hit North Carolina on April 16.

I represent, Mr. Speaker, one of the hardest hit communities, Bertie County, where 12 people lost their lives, 50 were injured, and dozens are now homeless. I am grateful that President Barack Obama was very quick to announce that 19 counties were eligible for Federal disaster assistance, and the hard work toward recovery is now under way. More than 4,700 people in North Carolina have applied for State and Federal disaster assistance. We are a generous and resilient people, and I know we will recover.

Mr. Speaker, I ask that my colleagues join me in applauding the recovery efforts and in expressing deep sorrow for the victims and their families.

CONGRATULATING INDIANA ON ITS ACCOMPLISHMENTS IN THEIR LEGISLATIVE SESSION

(Mr. STUTZMAN asked and was given permission to address the House for 1 minute.)

Mr. STUTZMAN. Mr. Speaker, I rise today to honor and congratulate the State of Indiana, Governor of Indiana Mitch Daniels, and Indiana State Legislature's accomplishments this past session that just ended.

I believe it is important to reflect momentarily on the achievements made in Indiana to give promise and hope that the same can be done here in Washington. Something I'm particularly proud of is the fact that Governor Daniels and the legislature have passed the fourth straight gimmick-free balanced budget for the State of Indiana which will give Indiana a budget in the black 8 years running. We can do the same here in Congress.

This legislative session in Indiana has also produced real education reform that was passed to usher in real choice for students and parents. Governor Daniels led the charge for full funding for kindergarten, the Nation's most expansive voucher program, more charter schools, and rewarding our teachers based on their effectiveness. We can do the same here in Congress.

As we discuss tax reform and how to do it here in Washington, Indiana's already done it. They have done it by lowering corporate tax rates, lowering property taxes to give a great place for businesses to do work. We can do the same here in Congress.

As a former State legislator in Indiana under the Daniels administration, I rise today because, in the midst of despair and partisan bickering, I know we can do the same here in Congress. We must do better.

Mr. BISHOP of Utah. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Colorado (Mr. POLIS), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

GENERAL LEAVE

Mr. BISHOP of Utah. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

Mr. BISHOP of Utah. Mr. Speaker, House Resolution 245 provides for the consideration of two very important bills, H.R. 1229, the Putting the Gulf of Mexico Back to Work Act, and H.R. 1230, the Restarting American Offshore Leasing Now Act, both under a structured rule. With many amendments, all of which are Democrat amendments having been made in order, this is a very fair rule.

I commend the sponsor of the two bills, the chairman of the Natural Resources Committee, Mr. HASTINGS of Washington, for his leadership in bringing both of these bills to the House.

H.R. 1229 is a bill that goes to the heart of the bureaucratic delays, which are preventing the approval of drilling permits within the Gulf of Mexico; and it modifies the standards and procedures governing Federal leases and permits in order to streamline the process, making the development of these domestic resources a reality instead of the status quo of paying lip service to drilling and then stifling drilling through bureaucratic inaction.

H.R. 1230 is a bill that would direct the sale of oil and gas leases within the Outer Continental Shelf, reversing a failed administration policy of canceling and delaying those processes.

Mr. Speaker, over the last 2 years, many Republicans have come to this floor and have sung the same refrain of "show us the jobs." It was, indeed, a nice song and a catchy tune—so catchy that the minority of today seems to have been picking up on that kind of song as well. I don't expect to hear that today, or at least we ought not to hear it today, because the two bills before us under this rule are real bills that create real jobs for people.

Unlike the bills we have seen over the past couple of years which have led us to a situation where today there are twice as many workers in the government as there are in all of manufacturing in this Nation, which is an exact reverse of the situation this Nation was in in 1960, these are not going to be government jobs which attack the taxpayers and suck the money out of their wallets to fund them. These are going to be real jobs that grow the private sector, that expand the economy, that provide wealth, and that will provide, actually, millions of new government revenues coming into this country.

The situation we find ourselves in today with regard to energy is one that is detrimental to everybody. Everyone who goes to the pump to fill their cars recognizes the cost is increasing and will continue to increase. They recognize that the situation we are in puts all our jobs in jeopardy, and it is because of the inaction of this particular administration. The President has continually said that he wants to do action, to move forward, to develop American energy, but the actions of his administration have, quite frankly, failed to meet the rhetoric of the administration.
