Messrs. RIBBLE, CRAWFORD, and FITZPATRICK changed their vote from “aye” to “no.”

(By unanimous consent, Mrs. EMERSON was allowed to speak out of order.)

WOMEN'S SOFTBALL RAISES \$50,000 FOR YOUNG SURVIVAL COALITION

Mrs. EMERSON. On behalf of Congresswoman DEBBIE WASSERMAN SCHULTZ and myself, we are very proud to announce that the Women's Bipartisan Congressional Softball Team beat the Washington Female Press Corps in our recent softball game by a score of 5-4. In the spirit of our U.S. Women's Soccer team which won today and are on their way to the final in the World Cup—we probably aren't quite in that category. But for us this was the World Cup, and we are very proud and we want to thank everybody for the great support that you gave to us.

I would be remiss if I didn't explain how we won. In the bottom of the seventh inning, because we only play seven innings, with the score tied 4-4, LAURA RICHARDSON and LINDA SANCHEZ were both walked because the other team was afraid of them hitting, and then DEBBIE gets up and she hits a single. And were it not for the fact that LINDA SANCHEZ ran around the bases, collided with the catcher, and slid in on her stomach at home, we would not have won. But we did. Thank you, LINDA SANCHEZ.

I yield to the gentlewoman from Florida.

Ms. WASSERMAN SCHULTZ. Mr. Chairman, we are so proud of not just our victory, which was incredibly sweet, and we're really so sorry that our opposition is not in the press gallery to witness this acceptance of the trophy. But the two things that we are the most proud of, one is that we continue to be the best example of bipartisanship in the Capitol, in the United States Capitol, and we hope that our camaraderie will extend to the rest of the legislative process. Hopefully we can continue to be that example and it will carry over. We know that it carries over for all of our friendships and our relationships. Number two, the beneficiary of the Congressional Women's Softball Game each year is the Young Survival Coalition, which is an organization that is dedicated to raising awareness and providing assistance to young women diagnosed with breast cancer under 40 years old.

Most of you know that I was 41 when I was diagnosed 3½ years ago with breast cancer, and I am still here to talk about it, thank God. Thank you. There are only two women breast cancer survivors in the House of Representatives—myself and SUE MYRICK. So as you can see, that's bipartisan as well. I know she and I both very much appreciate the time and dedication, companionship, camaraderie—I can never get through this without being emotional.

The women on this team came out 20 different times at 7 in the morning to practice to get ready for this game. We raised more than \$50,000 for the Young Survival Coalition. Thank you. So many of you came out, and so many of our staff came out. We had 875 people come watch the game this year. It was just a phenomenal success. We can't thank you enough. We will be back next year. We understand that the press wants a rematch, they told us so the night of the game, and we look forward to beating them again next year.

Mrs. EMERSON. I yield back the balance of my time.

□ 1822

So the amendment was rejected.
The result of the vote was announced as above recorded.

The Acting CHAIR (Mr. WESTMORELAND). The question is on the committee amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The Acting CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. CHAFFETZ) having assumed the chair, Mr. WESTMORELAND, Acting Chair of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under con-

sideration the bill (H.R. 2018) to amend the Federal Water Pollution Control Act to preserve the authority of each State to make determinations relating to the State's water quality standards, and for other purposes, and, pursuant to House Resolution 347, reported the bill back to the House with an amendment adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any amendment to the amendment reported from the Committee of the Whole?

If not, the question is on the committee amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mr. McNERNEY. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. McNERNEY. I am opposed.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. McNerney moves to recommit the bill H.R. 2018 to the Committee on Transportation and Infrastructure with instructions to report the same back to the House forthwith with the following amendment:

At the end of the bill, add the following:

SEC. 6. LIMITATION ON APPLICABILITY.

None of the provisions of this Act, including the amendments made by this Act, shall affect the authority of the Administrator of the Environmental Protection Agency, as in effect on the day before the date of enactment of this Act, with respect to any discharge or standard under the Federal Water Pollution Control Act that could result in an increased loading of a pollutant, including arsenic or perchlorate, into waters that are a source for a public drinking water supply.

The SPEAKER pro tempore. The gentleman from California is recognized for 5 minutes.

Mr. McNERNEY. Mr. Speaker, today I rise to offer a straightforward and commonsense motion to recommit that will protect our country's drinking water. My amendment is an important proposal that, if adopted, will allow a vote on final passage to proceed immediately.

My motion simply clarifies that the provisions of H.R. 2018 do not affect our country's ability to limit pollution of drinking water supplies, including arsenic and perchlorate pollution. Communities across America have suffered from arsenic and perchlorate contamination, a problem with well-documented and serious consequences. In fact, based on information publicly available on government Web sites, there are at least 71 congressional districts that would be directly impacted

by my amendment. These 71 districts have local waters that are contaminated with significant amounts of arsenic and/or perchlorate.

I would like to insert into the RECORD the congressional districts that have these toxins in their waters and urge all of my colleagues, especially those representing these locations, to vote for my amendment.

Arsenic and perchlorate have been linked to many harmful health effects. These effects include bladder, liver, lung and prostate cancers, reproductive and development impediments, and thyroid complications. These health problems have no party line. They affect Democrats and Republicans alike. According to the Centers for Disease Control and other experts, the effects of the contamination can either be short lived or linger for years within the body. These consequences can be especially tragic for children and the most vulnerable among us.

Many of us have experienced one of these conditions or witnessed a loved one going through a serious illness. It's a heartbreaking experience. No matter what our differences on policy matters or the legislation we are debating today, I know that all of us believe we should do everything we can to prevent these diseases.

Our country has made tremendous progress in improving water quality in the decades since the Clean Water Act was passed. We have doubled the amount of waters that are safe for fishing and swimming since the Clean Water Act was passed decades ago. That's a proud legacy and one that we should strive to continue. One of the most basic things we can do is to prevent contamination from serious toxins like arsenic. As written, H.R. 2018 ties our country's hands and makes it more difficult to combat pollution of our drinking water supplies.

Today, more than 200 million Americans rely on public drinking water systems that utilize surface waters. Preserving the quality of water is critically important to the millions of Americans who rely on it for drinking, to farmers who rely on it for clean water to grow their crops, and to the businesses around the country that depend on healthy waterways. My amendment is needed to protect the health and well-being of tens of millions of Americans.

Now, we can have legitimate differences and vigorous debate about the proper roles of State and Federal Government, but we should all be united to preserve clean, healthy drinking water for ourselves, our children, and future generations.

I will say again that if my amendment is adopted, a vote on final passage of H.R. 2018 will proceed immediately. The motion to recommit is an important policy proposal, and I urge my colleagues to support it.

Please do the right thing for families and businesses across America and stand up for the health and safety of our drinking water.

I urge my colleagues to support this commonsense motion to recommit.

Mr. Speaker, I yield back the balance of my time.

□ 1830

Mr. GIBBS. I rise in opposition to the motion.

The SPEAKER pro tempore. The gentleman from Ohio is recognized for 5 minutes.

Mr. GIBBS. Mr. Speaker, as we have seen time and time again, this motion is nothing more than a partisan political move.

There has been ample time for my colleagues on the other side of the aisle to suggest amendments to this bill in regular order. As we've been doing all year, our Republican majority is openly considering bills through the committee process and full consideration by the House. This bill is no exception. And yet here we have a last-minute motion that is designed to ensure that EPA can continue to unilaterally force its own one-size-fits-all Federal policies onto the States' water quality programs.

The underlying bill, H.R. 2018, reestablishes the States' balanced role in carrying out the provisions of the Clean Water Act. But this motion, in effect, says that the underlying bill will not apply virtually anywhere the Clean Water Act applies. Implicitly, this motion also says that the States cannot be trusted in protecting the quality of their waters and the health of their citizens, and the Federal Government knows best.

The fact is that our bill is the result of bipartisan work that will protect against unwarranted intrusions by the U.S. EPA. It ensures the continuation of longstanding cooperation between the Federal Government and the States to appropriately issue regulations. Passage of the underlying bill will stop the EPA from repeatedly creating regulatory uncertainty and forcing unnecessary and endless delays, and the time to act is now.

With that, I urge a "no" vote on the motion.

I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mr. McNERNEY. Mr. Speaker, I demand a recorded vote.

The SPEAKER pro tempore. Pursuant to House Resolution 337 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the further consideration of the bill, H.R. 2354.

□ 1856

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the further consideration of the bill (H.R. 2354) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2012, and for other purposes, with Mr. CHAFFETZ (Acting Chair) in the chair.

The Clerk read the title of the bill.
The Acting CHAIR. When the Committee of the Whole rose on Tuesday, July 12, 2011, the bill had been read through page 24, line 23.

AMENDMENT NO. 57 OFFERED BY MR. REHBERG

Mr. REHBERG. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

Page 24, line 18, after the dollar amount insert "(reduced by \$2,200,000) (increased by \$2,200,000)".

The Acting CHAIR. The gentleman from Montana is recognized for 5 minutes.

Mr. REHBERG. Mr. Chairman, this amendment directs \$2.2 million of the Department of Energy's Fossil Energy Research Development budget to the Risk Based Data Management System.

The Risk Based Data Management System is a State governmental agency-based information system initiative to help States collect and aggregate essential oil, gas, and environmental compliance information, local geology data, base of freshwater data, well construction specifics, area production historical data, and information provided by companies applying for permits.

This type of information system has resulted in better environmental protection; public disclosure of all chemicals; easier, cheaper, and faster environmental compliance for industry-enhanced State environmental enforcement. That's why my amendment is broadly supported by State environmental agencies, State regulators, the energy industry, and many in the environmental community.

Providing this funding will allow for enhanced environmental protection
