STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. BINGAMAN (for himself and Mr. UDALL of New Mexico):

S. 1730. A bill to permit Mexican nationals who legally enter the United States with a valid border Crossing Card through specific ports of entry in

New Mexico to remain in southern New Mexico for up to 30 days, to the Committee on the Judiciary.

Mr. BINGAMAN. Mr. President, I rise today to introduce legislation, along with Senator TOM UDALL, aimed at increasing economic activity in New Mexico communities situated along the U.S.-Mexico border.

Currently, Mexican nationals holding biometric Border Crossing Cards, also known as Laser Visas, may travel up to 25 miles into the United States for a period of up to 30 days. The purpose of this initiative is to promote border commerce by allowing frequent, low-risk visitors to travel to U.S. border communities to conduct business, visit family, and shop.

Unfortunately, New Mexico has not benefited under this program to the extent that other border states have. The three largest cities along the New Mexico border—Las Cruces, Lordsburg, and Deming—are all outside of the current 25-mile geographical limit, and Mexican nationals with BCCs must acquire additional permits to visit these cities.

In order to address a similar situation, an exception was made for Arizona in 1999 to allow BCC holders to travel to Tucson. This change resulted in increased economic activity without in any way jeopardizing security. Tailoring the program to maximize its impact in the respective border states is the right approach, and I fail to see why a similar modification should not be made for New Mexico.

The legislation we are introducing today, the Southern New Mexico Economic Development Act, would expand the geographic limit from 25 miles to 75 miles to permit visitors coming to New Mexico to reach the larger cities in the southern part of the state. This change would facilitate economic activity at a crucial time as border communities are looking to increase tourism and create growth.

Changing this regulation wouldn't cost taxpayer money, it will increase economic activity in communities that have been hit hard by the economic downturn, and will do so in a manner consistent with our border security efforts.

I look forward to working with my colleagues to pass this legislation.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 1730

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Southern New Mexico Economic Development Act".

SEC. 2. TEMPORARY ADMITTANCE OF MEXICAN NATIONALS WITH BORDER CROSSING CARDS.

The Secretary of Homeland Security shall permit a national of Mexico, who enters the United States with a valid Border Crossing Card (as described in section 212.1(c)(1)(i) of

title 8, Code of Federal Regulations, as in effect on the date of the enactment of this Act), and who is admitted to the United States at the Columbus, Santa Teresa, or Antelope Wells port of entry in New Mexico, to remain in New Mexico (within 75 miles of the international border between the United States and Mexico) for a period not to exceed 30 days.

Mr. UDALL of New Mexico. Mr. President, I rise today to join Senator BINGAMAN in introducing the Southern New Mexico Economic Development Act, legislation that will bring additional business from Mexico to cities and towns in southern New Mexico.

Our bill would increase economic opportunities for southern New Mexico businesses by extending the distance that Mexicans who are issued Border Crossing Cards, BCC, by the U.S. State Department can travel in New Mexico without the need to obtain a Form I-94 and pay an additional fee.

The BCC is a credit card-style document with many security features and 10-year validity. BCCs are only issued to applicants who are citizens and residents of Mexico. Applicants must meet the eligibility standards for B1/B2 visas and undergo fingerprinting and an interview at the U.S. Consulate and they must demonstrate that they have ties to Mexico that would compel them to return after a temporary stay in the United States.

Currently, BCC holders who are authorized to enter into the United States can remain up to 30 days and travel no more than 25 miles beyond the border, except in Arizona where they can travel up to 75 miles. Those who wish to travel farther or remain longer must request an I-94 form, arrival/departure record, at the port of entry and pay a small fee. Our bill would extend the distance BCC holders who enter the United States from New Mexico ports of entry can travel within the State from 25 miles to 75 miles.

Arizona provides a precedent for making this change. In 1999, the border zone in Arizona was extended from 25 miles to 75 miles because there were no large Arizona cities within 25 miles of the border. This was done through the Federal rulemaking process. The extension was designed to specifically include Tucson within the zone so that it could get the economic benefit of BCC holders entering Arizona. Tucson conducted a study indicating that, after implementation of this rule, the commercial gain from Mexican visitors was estimated to reach \$56.3 million a year.

However, in Texas, New Mexico, and California, the border zone limit remains 25 miles. This doesn't hurt Texas and California since El Paso, San Diego, and many smaller towns in those states are within the 25 mile zone. However, like Arizona, New Mexico does not have a city within 25 miles of the border. This means BCC holders cannot travel to southern New Mexico cities like Las Cruces, Deming, and Lordsburg without additional paperwork and paying a fee. Because of this, many visitors face the inconvenience
