PERSONAL EXPLANATION

Mrs. DAVIS of California. Mr. Speaker, on Tuesday, March 8, 2011, I missed the following votes due to illness.

Had I been present, I would have voted:

“Yea” on rollcall No. 163.

“Yea” on rollcall No. 164.

ELECTING A MEMBER TO A CERTAIN STANDING COMMITTEE OF THE HOUSE OF REPRESENTATIVES

Mr. LARSON of Connecticut. Mr. Speaker, by direction of the Democratic Caucus, I offer a privileged resolution and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 149

Resolved, That the following named Member be and is hereby elected to the following standing committee of the House of Representatives:

(1) COMMITTEE ON ENERGY AND COMMERCE.—Mrs. Christensen.

Mr. LARSON of Connecticut (during the reading). Mr. Speaker, I ask unanimous consent that the resolution be considered as read and printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Connecticut?

There was no objection.

The resolution was agreed to.

A motion to reconsider was laid on the table.

ALL-OF-THE-ABOVE ENERGY POLICY

(Mr. GUINTA asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. GUINTA. Mr. Speaker, in my home State of New Hampshire, I have had the pleasure of talking to many constituents over the course of the last several days who have expressed their great concern relative to the rising gas prices not just in New Hampshire, but all across the country. Just today, gas prices are now at \$3.45 a gallon, minimum.

This and many Congresses have failed their obligation and responsibility to have an approach to solving the energy crisis and the energy challenges that are before us. And I call both on this body and the President of the United States to come with an all-of-the-above energy policy so we can once and for all look the American people in the eye, my constituents in New Hampshire, and give them hope for a true reduction not just in gas prices, but to have long-term sustainability and viability from our own country in how we have our oil and other opportunities to reduce our dependence on foreign oil.

This is something that is critical not just today and in the coming weeks, but its been critical for our Nation's infrastructure as well as our economy. I again hope that this body acts swiftly and promptly.

CONSTITUTION CAUCUS

The SPEAKER pro tempore (Mr. FLEISCHMANN). Under the Speaker's announced policy of January 5, 2011, the gentleman from Indiana (Mr. STUTZMAN) is recognized for 60 minutes as the designee of the majority leader.

Mr. STUTZMAN. Mr. Speaker, I am honored to represent the people of Indiana's Third District, and I am also proud to serve as a cochair of the Constitution Caucus here in Congress. The hottest fires make the strongest steel. After seeing Washington assail the Constitution, Americans went to the polls last November and demanded a return to our first principles. As a result, the membership of this caucus has more than doubled. We began this Congress by reading the Constitution right here on the floor. We have come here this evening in that same spirit.

I rise today to continue a conversation that used to fill the halls of this great building. There was a time in our Nation's past when Members of Congress openly and passionately debated the interpretation of the Constitution. We are here tonight to renew that discussion.

When we were sworn in, each of us took an oath to uphold and defend the Constitution. This means that we are required to interpret and apply it to our daily work. I am sure that we all take that oath very seriously. However, I am also sure that, without vigilance, we slip out of tune with the principles enshrined in that founding document.
