ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR (Mr. CHAFFETZ) (during the vote). There is 1 minute remaining in this vote.

□ 1349

Mr. POSEY changed his vote from "no" to "aye."

So the amendment was rejected.

The result of the vote was announced as above recorded.

Stated for:

Mr. DEUTCH. Mr. Chair, on rollcall No. 318, had I been present, I would have voted "aye."

The Acting CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. GARDNER) having assumed the chair, Mr. CHAFFETZ, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 1231) to amend the Outer Continental Shelf Lands Act to require that each 5-year offshore oil and gas leasing program offer leasing in the areas with the most prospective oil and gas resources, to establish a domestic oil and natural gas production goal, and for other purposes, and, pursuant to House Resolution 257, reported the bill, as amended by that resolution, back to the House with a further amendment adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

The question is on the amendment.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mr. HOLT. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. HOLT. I am opposed.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. Holt moves to recommit the bill H.R. 1231 to the Committee on Natural Resources

with instructions to report the same back to the House forthwith with the following amendments:

Page 4, line 19, strike the final closing quotation marks and following period, and after line 19 insert the following:

"(7) NO FOREIGN SALES.—In each oil and gas leasing program under this section, the Secretary shall specify that all oil and natural gas produced under leases issued under the program shall be offered for sale only in the United States."

Page 6, after line 3, insert the following (and redesignate accordingly):

"(3) REDUCING NUMBER OF NONPRODUCING LEASES.—In developing a 5-year oil and gas leasing program, the Secretary shall seek to reduce the number of nonproducing offshore oil and gas leases by 50 percent by 2017.

Mr. HOLT (during the reading). Mr. Speaker, I ask unanimous consent to dispense with the reading.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

Mr. DUNCAN of South Carolina. I object.

The SPEAKER pro tempore. Objection is heard.

The Clerk will read.

The Clerk continued to read.

The SPEAKER pro tempore. The gentleman from New Jersey is recognized for 5 minutes in support of his motion.

Mr. HOLT. Mr. Speaker, time and again over the past week, I have referred to the majority's trio of offshore drilling bills as "amnesia acts." They willfully forget the lessons derived at great cost in lives and livelihoods from the Deepwater Horizon spill last summer. Mr. Speaker, and with these amnesia acts, the majority offers false promises to Americans who are struggling to make ends meet as gas prices continue to rise.

The truth is that giving away more of the American people's offshore resources to Big Oil companies will do absolutely nothing to ease the prices at the pump. How do we know? Because the oil giants already are sitting on 11.6 billion barrels of oil in the Gulf of Mexico without lifting a finger to extract it.

If my colleagues really believe that more domestic drilling is the answer to high gas prices, then they should support this final amendment, which does two things: first, to encourage the oil companies to drill on the tens of millions of acres of public land they already hold so that Americans can benefit from domestic oil production before the oil companies rush to lock up more land; and second, the amendment would help to keep the oil produced within the United States of America here at home.

Mr. Speaker, the facts speak for themselves. Opening vast portions of the east and west coasts to drilling makes no sense when 79 percent of all the potential oil resources on the whole continental shelf already are available in the current offshore leasing program. Why risk every inch of American coastline, which supports millions of jobs in tourism and fishing and over \$225 billion in related eco-

nomic activity when the Energy Information Administration tells us that unrestrained offshore drilling might lower gas prices not at all in the foreseeable future and maybe pennies two decades from now?

Oil companies are active on just 10 million of the 34 million acres under lease in the gulf. My Republican colleagues say, yes, but it takes time and money to explore before you can start production. Well, the fact is that of the 24 million lease acres lying fallow in the gulf, they hold 70 percent of the region's technically recoverable oil, but the companies aren't exploring on a single one of those acres. They haven't even submitted exploration plans in those areas. Why should they when they can squat on these resources and still make \$32 billion in profits just in the last 3 months?

Mr. Speaker, every kindergartner knows you should clean your plate before you get a second helping. Evidently the oil company executives never learned that lesson. Here is our chance to deliver the lesson to them, and if my colleagues truly believe that we need more drilling, not just more giveaways to Big Oil, then let's at least make sure the oil companies use the resources they have already leased instead of stockpiling them, and let's make sure that Americans get to use the oil produced on their land.

Mr. Speaker, I am pleased to now yield to the ranking member of the Resources Committee, the gentleman from Massachusetts (Mr. MARKEY).

Mr. MARKEY. I thank the gentleman.

Oil companies already have the drilling rights to public lands the size of Minnesota on which they are not producing oil. Minnesota is the land of 10,000 lakes, and the area oil companies already have could be the land of 10,000 wells but they are not drilling on it. And are Republicans saying they should drill on what they have? No. They want to put drill rigs off our beaches in New England, the Outer Banks, and California, all before we have implemented a single safety reform recommended by the independent blue-ribbon BP spill commission.

Today, five of the largest oil companies testified in defense of their billions of special tax breaks. ConocoPhillips said today it would be un-American to take away Big Oil's tax breaks. Well, it's not un-American. It's unbelievable that Big Oil has the arrogance to continue to defend its tax breaks as consumers are being tipped upside down at the pump.

And how are these tax breaks for Big Oil paid for? I will tell you how. The Republicans are planning to put a drill rig on top of the Medicare program. Republicans are building an oil pipeline into the pocketbooks of our seniors for tax breaks for the oil companies. The Republican agenda is to cut checkups for Grandma and cut checks for Big Oil. They want to cut health care for Grandma and give welfare to the Big

Oil executives. The Republican plan is tax breaks for Big Oil and tough breaks for our Nation's seniors.

Vote "yes" on this recommittal motion.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. DUNCAN of South Carolina. Mr. Speaker, I continue to reserve my point of order while rising in opposition to the motion.

The SPEAKER pro tempore. No point of order was reserved.

The gentleman is recognized for 5 minutes.

Mr. DUNCAN of South Carolina. This Democrat motion is just one more example of congressional Democrats attempting to obstruct a bill that will increase access to American energy resources. This motion is already the law. The law says the President has an authority to restrict foreign sales, and "use it or lose it" is already the law of the land. If my friends want to reduce the nonproducing leases, then we need to get this administration to issue permits in a timely manner.

This motion is trying to deflect criticism from the policies that have been perpetrated that block American energy production, cost jobs and raise prices. It is simply a distraction from the real work that needs to be done to increase the supply of American energy.

The bill we're voting on today represents a real choice, Mr. Speaker, on the future of American energy: a choice between using American energy resources or remaining dependent on an OPEC cartel; a choice between creating jobs in America or creating jobs offshore of Brazil.

With this motion, the party opposite is standing for a "drill there and not here" policy. Mr. Speaker, that is not a strategy that will work to create American jobs. The underlying bill will create these jobs.

Finally, this is a choice between strengthening our energy security in the face of \$4 a gallon gasoline or being held hostage to the whims of volatile foreign regimes. Mr. Speaker, there can be no national security without energy security.

As a small business man, I know what the pressure of \$5 a gallon diesel fuel did to my business back in 2008, and we only had two trucks on the road.

□ 1400

Now think about what this is going to do to every household, every trucking business, every shipper, and every farmer in our country. The Nation's families are hurting, Mr. Speaker. They're trying to decide between putting fuel in their cars to go to work or putting food on their tables to feed their children. We must act to increase the supply of American energy, and Mr. Speaker, this bill will get us moving in the right direction. This is a common-sense, free market solution that can help us restore America's greatness.

Congress took bipartisan action in 2008 to lift the moratorium on offshore drilling and exploration. Yet this administration has unilaterally defied the will of this Congress and the will of the American people by effectively re-instating a moratorium. The energy resources don't belong to President Obama. They belong to the American people, and they should be used to create American jobs, to generate revenue, to reduce gasoline prices, and to strengthen our national security.

I urge my colleagues to vote against this motion. Let's pass this bill to return these American energy resources back to where they belong, and that is to the American people.

May God continue to bless America.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED VOTE

Mr. HOLT. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 15-minute vote on the motion to recommit will be followed by 5-minute votes on passage, if ordered; adoption of House Concurrent Resolution 50, by the yeas and nays; and adoption of House Resolution 264, by the yeas and nays.

The vote was taken by electronic device, and there were—ayes 180, noes 243, not voting 8, as follows:
