By Mr. BROWN of Ohio (for himself and Mr. FRANKEN):

S. 1068. A bill to amend the Higher Education Act of 1965 to provide for temporary student loan debt conversion authority; to the Committee on Health, Education, Labor, and Pensions.

Mr. BROWN of Ohio. Mr. President, this month marks commencement season at our great colleges and universities across Ohio and the Nation. I have had the honor of speaking at a few this year—Owens Community College, Ashland University, Cleveland Marshall College of Law, and Ohio Northern University.

It is a day of achievement and accomplishment, a reaffirmation of why education is a key to our economic prosperity. But it is also a day of anxiety. Graduates are leaving campuses to enter a difficult job market saddled with student debt.

Approximately 2/3 of Ohioans who attend a private or public 4-year college or university graduate with an average of nearly \$26,000 in student loan debt. Unfortunately, as student loan debt levels continue to grow, the Nation's hiring climate remains sluggish. This has led to limited employment opportunities for recent graduates; nearly half of the 2009 graduating class is currently unemployed or employed in a position that does not require a college degree.

Such circumstances are leading to undue personal stress and potentially, a lifetime of financial challenges. Far too often, individuals and families are becoming part of the “sandwich generation” where families are paying for the cost of their children's education while also taking care of their aging parents.

That is why last year I supported—and the President signed into law, the Health and Education Reconciliation Act, the single largest federal investment in student aid in generations. The law ends wasteful subsidies to private lenders through the Federal Family Education Loan, FFEL, Program. In doing so, we cut out the middleman and loans are now not only originated, but also serviced, by the U.S. Department of Education.

By ending subsidies to private banks, we saved billions of dollars, and used the savings to allow the maximum Pell Grant award to reach a historic level. We made it easier for students to repay loans through the Income-Based Re-

payment Program. We did this all at no cost to the taxpayer.

For many colleges and universities, the transition from FFEL to the Direct Loan program has been a resounding success as there has been no disruption to borrowers or financial aid administrators.

For those borrowers who are in the middle of the transition period, I, along with my good colleague Senator FRANKEN, am introducing the Student Loan Simplification and Opportunity Act. This legislation, by simplifying loan repayment and reducing the loan amount, benefits college graduates. And this legislation, by removing costly subsidies provided to private lenders, saves 1.8 billion dollars that will be reinvested in the Pell Grant Program, thereby ensuring that other deserving students can afford to attend college.

The Student Loan Simplification and Opportunity Act would allow students with both FFEL loans and Direct Loans to voluntarily transfer their FFEL debt to a Direct Loan servicer over a nine-month period.

By converting loans, the likelihood that a borrower may miss a payment and end up further in debt would decrease. On average, a borrower with multiple loan servicers has a 20 percent higher chance of defaulting on their loan payments. Yet, this program not only simplifies a borrower's loan repayment, it reduces the amount owed. Borrowers who transferred their debt would be rewarded with up to a 2 percent reduction in the principal amount of their FFEL loan.

I am proud to introduce the Student Loan Simplification and Opportunity Act, as this legislation will benefit both borrowers and taxpayers.
