#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. JOHANNIS (for himself, Mr. GRASSLEY, Mr. LUGAR, Mr. BOOZMAN, Mr. ROBERTS, Mr. VITTER, Mr. KIRK, Mr. INHOFE, Mr. PAUL, Mr. JOHNSON of Wisconsin, Mr. SESSIONS, Mr. THUNE, Mr. ENZI, Mr. MORAN, Mr. ISAKSON, Mr. BLUNT, Mr. HOEVEN, Mr. CHAMBLISS, Mr. NELSON of Nebraska, and Mrs. MCCASKILL):

S. 1528. A bill to amend the Clean Air Act to limit regulation of nuisance dust in areas in which that dust is regulated under State, tribal, or local law,

to establish a temporary prohibition against revising any national ambient air quality standard applicable to coarse particulate matter, and for other purposes; to the Committee on Environment and Public Works.

Mr. JOHANNIS. Mr. President, I have come to the floor many times, as we all do, to discuss issues that are important to our States, in my case the State of Nebraska, on issues that are important for our Nation. Many times those comments deal with what seems to be the constant regulatory assault on our Nation's job creators.

In meetings across Nebraska—and I did 15 townhall meetings in August—the second and third questions I often got, if not the very first, concerned the regulatory burden our Federal agencies are placing on our job creators.

This administration has generated nothing short of a mountain of redtape, including hundreds of new regulations. Of these, at least 219 have been categorized as significant. What that means is they will cost more than \$100 million per year, \$100 million taken out of our economy to finance regulation. The administration doesn't even dispute the mountain of redtape, nor does it dispute the size of the mountain that is created.

In a letter from the President to Speaker BOEHNER, the White House identified seven regulations on its agenda, each costing not \$100 million but at least \$1 billion per year. These costs take important capital out of our economy. These costs weigh on our job creators. These costs punish the little guy, and there is no doubt about it.

This mountain is so massive, the administration has had to expand the Federal workforce itself to write the regulations and to enforce them. Employment at Federal agencies is up 13 percent since President Obama took office.

With unemployment in excess of 9 percent, and underemployment greater than that, this administration is expanding the size of government to fuel more job-suppressing restrictions, and it makes no sense. It makes no sense to me as an individual Senator, but it makes no sense to the people of Nebraska.

For this reason, I am introducing legislation with the senior Senator from Arizona to press the pause button on this massive wave of redtape before it engulfs our very economy.

Our legislation is very straightforward. It says: Our small businesses are getting crushed; our citizens can't find jobs. Freeze the regulatory onslaught through 2013.

But our work simply cannot stop there. We also need some targeted regulatory reforms to rein in government bureaucracies that are simply out of control. Thus, I will also be introducing two other pieces of additional legislation today to help temper the endless quest for additional power, jurisdiction and, therefore, regulation.

The first one would close a loophole that allows agencies to grab power
