Whereas for more than 80 years, Congress has rejected repeated calls by the recording industry to impose a performance fee on local radio stations for simply playing music on the radio, as such fee would upset the mutually beneficial relationship between local radio and the recording industry;

Whereas local radio stations provide free publicity and promotion to the recording industry and performers of music in the form of radio air play, interviews with performers, introduction of new performers, concert promotions, and publicity that promotes the sale of music, concert tickets, ring tones, music videos, and associated merchandise;

Whereas committees in the Senate and House of Representatives have previously reported that "the sale of many sound recordings and the careers of many performers have benefitted considerably from airplay and other promotional activities provided by both noncommercial and advertiser-supported, free over-the-air broadcasting":

Whereas local radio broadcasters provide tens of thousands of hours of essential local news and weather information during times of national emergencies and natural disasters, such as on September 11, 2001, and during Hurricanes Katrina and Rita, as well as public affairs programming, sports, and hundreds of millions of dollars of time for public service announcements and local fund raising efforts for worthy charitable causes, all of which are jeopardized if local radio stations are forced to divert revenues to pay for a new performance fee;

Whereas there are many thousands of local radio stations that will suffer severe economic hardship if any new performance fee is imposed, as will many other small businesses that play music including bars, restaurants, retail establishments, sports and other entertainment venues, shopping centers, and transportation facilities; and

Whereas the hardship that would result from a new performance fee would hurt businesses in the United States, and ultimately the consumers in the United States who rely on local radio for news, weather, and entertainment, and such a performance fee is not justified when the current system has produced the most prolific and innovative broadcasting, music, and sound recording industries in the world: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress should not impose any new performance fee, tax, royalty, or other charge relating to the public performance of sound recordings on a local radio station for broadcasting sound recordings over the air, or on any business for such public performance of sound recordings.

SENATE CONCURRENT RESOLUTION 8—RECOGNIZING WOMEN SERVING IN THE UNITED STATES ARMED FORCES

Mrs. BOXER (for herself, Mr. Burr, Mrs. Hagan, Mrs. Gillibrand, Mr. Sanders, Mrs. Shaheen, Mr. Bennet, and Mr. Lautenberg) submitted the following concurrent resolution; which was considered and agreed to:

S. CON. RES. 8

Whereas women have served with distinction in the United States Armed Forces since the American Revolution and have made significant and lasting contributions to the security of the United States;

Whereas in 2011, women comprise nearly 16 percent of the United States Armed Forces and serve in positions of responsibility in the active and reserve components of the Army, Marine Corps, Navy, Air Force, and Coast

Guard, as compared with less than 5 percent in 1976 when women were first integrated into the service academies;

Whereas women serve at the highest levels in the Department of Defense and other governmental organizations contributing to the defense of the United States; and

Whereas the accomplishments of generations of women have contributed to the history of the United States Armed Forces and to the strength of the United States: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress—

- (1) recognizes the importance of women to national defense throughout the history of the United States; and
- (2) encourages the people of the United States to honor women who have served and who continue to serve the United States in the United States Armed Forces.
