

I extend my deepest congratulations to Virginia Larson for winning the Arvada Wheat Ridge Service Ambassadors for Youth award. I have no doubt she will exhibit the same dedication and character in all her future accomplishments.

IN HONOR AND RECOGNITION OF  
JACKIE JENKINS

**HON. LORETTA SANCHEZ**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 21, 2012*

Ms. LORETTA SANCHEZ of California. Mr. Speaker, I rise to honor and recognize Jackie Jenkins of Westminster, California, who was recently selected as one of the California School Employees Association's (CSEA) top five Members of the Year. She will receive the award at the 86th Annual CSEA conference later this year.

Mrs. Jenkins has served the Westminster School District for over 25 years as a parent, through the PTA, in many classified positions, and currently as the School Office Manager at the largest elementary school in the district.

Throughout her career, Mrs. Jenkins has exemplified professional service to parents, students, and staff. Not only does she expertly manage the school's office, but she is a mentor to others and her high standards of service are an example for other classified employees in the school district.

Mrs. Jenkins also consistently brings out the best in each and every student. She listens to them read, encourages to them to be better classmates, and even helps students carefully place their first lost tooth in a special container. It's clear to everyone she encounters that Mrs. Jenkins is a sensitive and caring confidant to all.

In addition to being a consummate office manager, Mrs. Jenkins serves as the CSEA President. In this role, she has motivated others to serve in CSEA and built the capacity of the organization so it can continue to ensure the success of every student in the school district.

According to her school principal, Linda Reed, and her many supportive colleagues at the Westminster School District, Mrs. Jenkins is a positive person that has a great sense of humor, and always encourages everyone to be the best they can be.

Mr. Speaker, I know my colleagues will join me in congratulating Mrs. Jenkins on this award and thank her for her humble service and dedication to ensuring that our children receive a rich and rewarding education.

HONORING THE MORRIS COUNTY  
LIBRARY ON THEIR 90TH ANNIVERSARY

**HON. RODNEY P. FRELINGHUYSEN**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 21, 2012*

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor the Morris County Library located in the Township of Whippany, Morris County, New Jersey who are celebrating their 90th anniversary.

The staff of the Morris County Library (MCL), through their dedicated hard work, has made the library a vibrant source of pride and activity for the local community. Following the passage of a bill in 1921 by the New Jersey Legislature to establish county libraries, the Morris County Library was formed in 1921 by a public vote. With over 10,000 books catalogued and a new book car to help their books reach the public, the library opened its doors in Morristown in 1922 to serve Morris County.

The MCL continued to grow in its early years and by 1927 established a children's book section, which by the end of the year, saw every book in circulation checked out. The MCL also opened its resources to the local community with donations of books to the State Hospital at Morris Plains, Civilian Conservation Corps and the Morris County Jail. The MCL played a significant role in our nation's defense during World War II by becoming a federal depository for government publications, as well as boasting a large collection of books on U.S. defense.

The MCL grew with the times, instituting an automated book catalog and circulation system in 1970 and a completely computerized catalog in 1987. This growth meant that a new building was required to contain the resources and accommodate the future growth of this Morris County institution. An architectural plan for a new library was unveiled in 1991 and by 2001 the new Morris County Library building in Whippany was dedicated. The new library contained group study rooms and public meeting rooms which instantly received high demand from the public. Their computer rooms also were capable of hosting training courses on a wide variety of subjects.

Today, the Morris County Library serves 487,000 people with their collection of over 247,000 books and sees 521,000 borrows per year. In 2011 alone, their reference desk answered 63,815 questions, several for my office! The meeting rooms of the library have also seen significant use hosting thousands of meetings a year. The MCL continues to partner with community organizations such as the AARP, Carol G. Simon Cancer Center and the U.S. Veteran's Administration. The MCL has seen a number of awards during its history, including the NJ Library Association Swartzburg Preservation Award and Librarian of the Year from the New York Times.

The significant resources held in the library and these community partnerships would not be possible if not for the commitment shown by the staff of the Library. Their work on behalf of literacy and their community has made the Morris County Library a vital institution in Morris County and New Jersey.

Mr. Speaker, I ask you and my colleagues to join me in congratulating the staff of the Morris County Library as they celebrate their 90th anniversary.

HEALTH CARE COST REDUCTION  
ACT OF 2012

**HON. CHRISTOPHER S. MURPHY**

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 21, 2012*

Mr. MURPHY of Connecticut. Mr. Speaker, I rise today to recognize the value of the medical device industry in my State and our nation as a whole.

This industry is working on some of the most exciting and cutting-edge technologies in the entire health care sector and has changed the lives of millions of Americans.

According to estimates, the medical device industry employs approximately 430,000 nationwide. My State is fortunate to have a vibrant medical device industry with nearly 8,000 individuals directly employed at companies, such as BD and Covidien. These companies also support approximately 12,000 more indirect jobs in my home state. Beyond providing quality, high-paying jobs, these businesses are responsible corporate citizens who are trying to enhance the communities where they are located and the people who live there. For example, employees at BD's plant in Canaan, Connecticut—which recently celebrated its 50th anniversary—have served as mentors to the Housatonic Valley Regional High School and have contributed generously to the United Way and other local charities. In line with a growing body of evidence on the positive impact bariatric surgery can have on diabetics, Covidien has worked with American Diabetes Association to fund new research on this potentially life-changing procedure.

Unfortunately, when the House recently considered the Health Care Cost Reduction Act of 2012 (H.R. 436), the majority included an offset that, according to the Joint Committee on Taxation, would result in 350,000 fewer Americans receiving health care coverage. As part of the Affordable Care Act, the Federal Government is set to provide millions of Americans with premium tax credits for the purchase of health insurance. This will not only increase rates of coverage but will also lead to lower overall health costs since more people are insured. The offset that was included in H.R. 436, known as the "true-up" provision, would have subjected these individuals to large repayment amounts if for some reason their income levels increased from the time that they were actually receiving coverage to the time they filed their taxes the following year. This could come as a result of the individual or spouse starting a new job or returning to work after school. While I could not support this legislation, I understand the need to reduce the medical device industry's burden in paying for health care reform.

Mr. Speaker, I believe that we can all agree that to maintain our position as the world leader in biotechnology, the United States needs to foster innovation and growth within our health care industries. I am proud that I represent a number of those companies and hope that we will find bipartisan solutions to create an environment where they will continue to succeed and develop new breakthrough therapies.

IN TRIBUTE TO DR. DONALD  
ZIMRING

**HON. ELTON GALLEGLY**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 21, 2012*

Mr. GALLEGLY. Mr. Speaker, I rise in tribute to Dr. Donald Zimring, who is retiring from the Las Virgenes Unified School District in Calabasas, California, to become head of

school for Brandeis Hillel schools in San Francisco and San Rafael.

I have known Don since I served on the Simi Valley City Council and he covered the meetings as a journalist. Fortunately, he found a more respectable line of work when he joined the Las Virgenes School District as its public information officer in 1979.

From there, Don became a middle school teacher, school principal, assistant superintendent of business services, deputy superintendent, and finally superintendent on July 2, 2007.

He is credited with bringing the first Spanish immersion program to the district, instituting a community service requirement for graduation, increasing technology in the classroom, adding high school performance arts centers, and renovating and expanding Lindero Canyon Middle School, where he began his teaching career.

Although Don left the classroom early in his career, he never left the kids. For 35 years, he has taken a group of eighth graders to Washington, D.C., over spring break. Don believes very deeply that students should know firsthand how their government works.

That belief stems from an earlier career before the call to teaching caught up with him. Don traveled the world as an administrative coordinator for the Los Angeles World Affairs Council and had a front-row seat to the decision-making processes of Secretaries of State, presidents, princes and kings.

But it was education that became his life. Don credits Bernard Cohen, his seventh- and eighth-grade teacher at Walter Reed Junior High in North Hollywood, for sparking his interest in teaching.

"Most kids get one teacher who ignited that spark and made learning exciting," Don told a local paper when he was named superintendent. "There wasn't one person who didn't respect him and look up to him. I thought that was cool."

Mr. Speaker, I'm sure many a Las Virgenes student has looked up to Dr. Donald Zimring and thought he was cool, too. I am equally sure my colleagues join me in thanking Don for his 37 years of professional service to Las Virgenes Unified School District and in wishing him the best in his new role at Brandeis Hillel.

IN RECOGNITION OF THE CITY OF BURLINGAME'S ADOPTION OF B COMPANY, 1ST BATTALION, 327TH INFANTRY REGIMENT, 1ST BRIGADE, 101ST AIRBORNE DIVISION

### HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 21, 2012

Ms. SPEIER. Mr. Speaker, I rise to honor the city of Burlingame for its adoption in 2007 of B Company, 1st Battalion, 327th Infantry Regiment, 1st Brigade, 101st Airborne Division.

In 1967 a soldier in Vietnam named Sgt. Joe Artavia wrote a letter to his sister, Linda Patterson, asking her to convince the city of San Mateo to adopt his company. He thought an adoption would lift troop morale "as high as the sky." Patterson rallied the community to support her brother and his comrades. Within three months the San Mateo City Council passed a resolution to adopt the company.

Tragically, Artavia was killed three weeks later rescuing a fellow soldier, and the people of San Mateo joined together in mourning. Artavia's death solidified San Mateo's commitment to its adopted company and, in fact, in 1972 San Mateo was the only city in the United States to hold an official homecoming parade honoring Vietnam veterans.

Working with Patterson, the city of Burlingame adopted its own company of the 101st Airborne Division in 2003. Since that time the city has continuously supported B Company, 1st Battalion, 327th Infantry Regiment, 1st Brigade, 101st Airborne Division, visiting them in peacetime, establishing pen-pals and sending care packages.

In a few months Burlingame's adopted company will be re-deployed for another tour in Afghanistan. In commemoration of the 40th anniversary of the original welcoming-home parade, a new parade and festival will be held to honor past and present soldiers of the 1st Brigade Combat Team, 101st Airborne Division (Air Assault).

Mr. Speaker, I ask that the House of Representatives join me in honoring the city of Burlingame for supporting B Company, 1st Battalion, 327th Infantry Regiment, 1st Brigade, 101st Airborne Division and its brave men and women who fill its ranks, especially those who gave their lives for our freedom.

### OUR UNCONSCIONABLE NATIONAL DEBT

### HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 21, 2012

Mr. COFFMAN of Colorado. Mr. Speaker, on January 20, 2009, the day President Obama took office, the national debt was \$10,626,877,048,913.08.

Today, it is \$15,777,954,587,181.97. We've added \$5,151,077,538,268.89 to our debt in just over 3 years. This is debt our nation, our economy, and our children could have avoided with a balanced budget amendment.

On this day in 1788, the Constitution of the United States went into effect when New Hampshire became the ninth state to ratify it. The Constitution, which strove to form a more perfect Union and promote the general Welfare, is being crushed by the weight of our national debt.

### 25TH ANNIVERSARY OF THE NATIONAL AIR TRAFFIC CONTROLLERS ASSOCIATION (NATCA)

### HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 21, 2012

Mr. COSTELLO. Mr. Speaker, I rise today to recognize the 25th anniversary of the National Air Traffic Controllers Association (NATCA).

Since its establishment in 1987, NATCA has been a fierce advocate for its members and has been a strong proponent for aviation jobs, continuously working for improved working conditions and opportunities in the field for over 20,000 controllers, engineers and other safety professionals.

It is no easy task to manage the most complex airspace system in the world, but with diligent professionalism and outstanding quality, NATCA has been working for a quarter of a century to keep us all protected. It is because of their unwavering commitment to aviation safety that over 700 million passengers a year arrive safely at their destinations.

I congratulate all the professionals at NATCA for their 25 years of hard work. We look forward to many more years of safety in the skies.

### IN RECOGNITION OF THE GIRL SCOUTS HEART OF CENTRAL CALIFORNIA AND THE 100TH ANNIVERSARY OF THE GIRL SCOUTS OF THE UNITED STATES OF AMERICA

### HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 21, 2012

Ms. MATSUI. Mr. Speaker, I rise today in recognition of the Girl Scouts Heart of Central California and the Girl Scouts of the United States of America as they celebrate their 100th anniversary. As Girl Scouts across the country and those in Sacramento gather to celebrate this remarkable milestone, I ask all my colleagues to join me in honoring the Girl Scouts' important role nationally and in the Sacramento community.

The Girl Scouts began under the guidance of Juliette Gordon Low who founded the organization with a handful of girls seeking new experiences and opportunities in their communities. Over the last century they have grown to a membership of over 3.2 million girls and adults, including nearly 29,000 girls and 11,000 adult volunteers in Sacramento and Central California.

Over the last one hundred years, the Girl Scouts of the United States of America has provided many services to their scouts' communities and to this country. During World War I, the Girl Scouts sold war bonds to help fund the war effort; the Great Depression saw them running food drives and volunteering in hospitals; they grew Victory Gardens during World War II; they supported the civil rights movement in the 1960s; and after the terrorist attacks on September 11, 2001, they reached out to a shaken America with special services to the community and for first responders.

With the help of parent volunteers and other adults giving their time and effort to the organization, the Girl Scouts have been able to grow and continue their legacy as a resource for our daughters, nieces, and granddaughters. They cultivate service, character, appreciation for diversity, and confidence in young girls, fostering new generations of female leaders. The Girl Scouts Heart of Central California provides programs that include activities encouraging girls to explore careers in the STEM fields—science, technology, engineering and math; an outreach program for girls in underserved rural and urban areas; and a Latino initiative reaching out to encourage first-generation Spanish-speaking women to serve as Girl Scout leaders.

Mr. Speaker, I am honored to pay tribute to the Girl Scouts Heart of Central California and the Girl Scouts of the United States of America on its 100th anniversary. I am confident
