

Over its 25 years, Concurrent Technologies Corporation, in partnership with its clients, has created numerous breakthrough technologies and innovative solutions. CTC takes a collaborative approach to its work, sharing credit and celebrating achievements with everyone who plays a role in its success.

Today, Concurrent Technologies Corporation, with offices throughout the U.S. and in Europe, is an independent, nonprofit, applied research and development professional services organization providing management and technology-based solutions to each branch of the U.S. military, various U.S. Government agencies, and industry. CTC is routinely listed as one of the Top 100 Government Contractors by Washington Technology.

At any given time, CTC is working on multiple projects in areas such as advanced engineering and manufacturing; environment and sustainability; intelligence and information security; logistics, management, and acquisition; power and energy; readiness, preparedness, and continuity; safety and occupational health; and special missions.

For example, CTC helped NATO establish quality management services in less than 60 days at Kabul International Airfield in Afghanistan. The company also won the Environmental Excellence in Transportation Award for designing and implementing laser coatings removal systems throughout the U.S. Air Force.

Concurrent Technologies Corporation played a major role in the development, certification, and implementation of HSLA-115, a new higher strength modification of the HSLA-100 structural steel used for critical applications on aircraft carriers and other U.S. Navy combatant vessels.

Working for the U.S. Marine Corps Logistics Command, CTC developed an information technology tool that benefits U.S. warfighters by resolving logistics challenges in the Marine Corps supply chain. The tool, known as START, which stands for Secondary Repairables (SECREP) Total Allowance Re-computation Tool, won the Defense Logistics' Best Technology Implementation Award as a "significant contribution to military logistics and the warfighter."

Concurrent Technologies Corporation developed a highly successful Exportable Combat Training program that immerses warfighters in real-life computer-generated scenarios, preparing our troops to survive and succeed in rapidly changing operational environments. The program was developed for the National Training Center with the support of the U.S. Army Forces Command.

The transportation Capacity Planning Tool developed for the U.S. Marine Corps has grown into an approved Global Combat Support System-Marine Corps bridge technology.

Concurrent Technologies Corporation is a responsible employer, business partner and community-oriented organization. The company was recently named one of the world's most ethical companies by the Ethisphere Institute. For 11 consecutive years, CTC has been named "One of the Best Places to Work in Pennsylvania."

Concurrent Technologies Corporation has received multiple honors as a military-friendly organization. Two awards came from the Employer Support of the Guard and Reserve that recognized the company's initiatives in promoting cooperation and understanding between the National Guard and Reserve mem-

bers and their civilian employers. CTC is a member of the 100,000 Jobs Mission; a coalition of 41 companies committed to hiring at least 100,000 veterans by 2020, and has also been named a "Best for Vets Employer" for the past two years.

The company is also a good corporate citizen, whose employees volunteer thousands-of-hours to worthwhile local, regional, and national causes. They actively support schools, healthcare and human service providers, economic development programs, the arts, and recreation.

Mr. Speaker, I offer my congratulations to Concurrent Technologies Corporation on completing twenty-five years of vital collaboration with the U.S. Department of Defense and other U.S. agencies to improve the security of our nation. Because of their efforts, the United States military is better equipped to serve our great nation and the United States is a safer place to live for all of us. I know I speak for many when I wish CTC and its employees the best of luck in the future.

IN HONOR OF THE 102ND ANNIVERSARY OF THE INTERNATIONAL ASSOCIATION OF HEAT AND FROST INSULATORS AND ALLIED WORKERS LOCAL NO. 3

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, August 1, 2012

Mr. KUCINICH. Mr. Speaker, I rise today in honor of the International Association of Heat and Frost Insulators and Allied Workers Local No. 3 of Cleveland, Ohio, which is celebrating its 102nd anniversary on September 8, 2012.

Members of Local No. 3 can trace their beginnings back to the earliest days of the modern industrial era with the sudden expansions of steam power in the 1880s which created the need for the insulation industry. An attempt to form a national bond between insulators occurred in 1900 when the Salamander Association of New York sent out an appeal to related crafts in other cities to form a "National Organization of Pipe and Boiler Covers." The appeal struck a chord of solidarity and two years later, the officers and members of the Pipe Covers Union affiliated with the National Building Trades Council of America and invited other pipe coverer unions and related trades to join them. Seven local unions from around the country, including Cleveland, responded, resulting in the birth of the foundation for an international union. The interested locals met for their first convention on July 7, 1902, where they drafted and approved a constitution and elected Thomas Kennedy as their first president. They chose "the National Association of Heat, Frost and General Insulators and Asbestos Workers of America" as the name of the international union. On September 22 1902, the American Federation of Labor issued an official charter designating the insulator workers as a national union.

The union met again in October, 1904 in Pittsburgh to adopt a constitution and issue local numbers: St. Louis, No. 1; Pittsburgh, No. 2; Cleveland, No. 3; Buffalo, No. 4; Chicago, No. 5; Boston, No. 6; and Seattle, No. 7. The charter issued to Local No. 3 in 1910 con-

tained these Clevelanders: Thomas Richards, James Wiley, Phil Frigge, M.O. Taitle, Harry Jacoby, Archie Budd, Harry Morris, Harry Graff and George Davis. James Dalton, Al Dalton and Thomas O'Neil of Local No. 3 became officers of the International Association.

Over the years, Local No. 3 has fought for higher wages, safer working conditions on construction sites and better benefits. Local No. 3 has established funds to help with medical expenses, retirement, apprenticeships and training. As Local No. 3 continues into its second century, its goals remain to make a member's life safer, more productive and prosperous, to continue to work to meet the needs of its current members and to teach new members that there is strength and prosperity in solidarity.

Mr. Speaker and colleagues, please join me in honoring the 102nd anniversary of the International Association of Heat and Frost Insulators and Allied Workers Local No. 3 of Cleveland, Ohio.

CELEBRATING THE 50TH ANNIVERSARY OF BOY SCOUT TROOP 508

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, August 1, 2012

Mr. MARCHANT. Mr. Speaker, it is with great pride that I celebrate the 50th anniversary of Boy Scout Troop 508 of Irving, Texas. The troop has a remarkable history of serving the community and developing young men into leaders.

Troop 508 was originally chartered at Woodhaven Presbyterian Church in 1962. The troop has a reputation for frequent traveling and extended outdoor adventures. Much of the boys' solidarity has revolved around their travels together, starting with "The Green Weeny" bus in 1966. During its history, the troop has traveled to exciting natural locations such as the Grand Canyon, Colorado, Brazos River, and to the center of civic leadership—right here in Washington, D.C. Indeed, in a troop where "three-fourths of scouting is outing" it is only fitting that the group have adopted the roadrunner as its traditional logo.

Boy Scout Troop 508 also has a history of exceptional adult leadership, both in its scoutmasters and former members. The adult leaders have been trained in Woodbadge and eight of the last twelve Silver Beavers were members of the 508. Many of them serve on the staff of ALTs, Webelorees, Camporees, and the District Committee for Five Trails. The troop has won first-place several times at Camporees and at Winter Camp. Throughout its 50 years, the distinguished troop has been guided by the leadership of scoutmasters including Mitch Barker, Sterling Bradley, David White, Blackie Marks, Norman Rozell, Jack Graham, George Gray, Bob Hootman, "Indian George" Alford, Dwight Sensabough, Jim Bell, Herb Boyd, Hamilton, Jerry Wicker, Scott Pohl, Roger Knapp, Bob Harris, Randall Svajda, Carter Hallmark, Richard Gamble, Roland Jeter, Dean Calvert, Bob Perkins, and Wayne Fletcher. "Indian George" Alford was an especially noteworthy man, a selfless and kind Comanche who founded Troop and Post 134 in Dallas and moved on to make a lasting legacy with Troop 508 in Irving, particularly with his Indian dance teams.

Mr. Speaker, on behalf of the 24th Congressional District of Texas, I ask all my distinguished colleagues to join me in congratulating Boy Scout Troop 508 on 50 years of inspiring young men to do their best in all that they do, while enjoying competition with good sportsmanship.

CONGRATULATING ELIZABETH
BEISEL

HON. JAMES R. LANGEVIN

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, August 1, 2012

Mr. LANGEVIN. Mr. Speaker, I rise to congratulate Olympic silver medalist and Rhode Island resident, Elizabeth Beisel. Elizabeth is a member of the USA Olympic Swimming Team, and on July 28, she competed in the Women's 400 meter individual medley, finishing in second place with a time of 4:31.27. I join her family, friends, Rhode Islanders, and the entire United States in congratulating her on this remarkable accomplishment.

Growing up in Saunderstown, Rhode Island, Elizabeth began swimming at 5 years old. Her passion, energy, and hard work paid off in 2008 when she qualified for her first Olympics. In Beijing, 15 year old Elizabeth was the first Olympic swimmer from Rhode Island in 44 years. She finished in fourth and fifth in the 400 meter individual medley and the 200 meter backstroke respectively. Last year she won her first world title at the Shanghai World Championships in the 400 meter individual medley.

After the Beijing Olympics, Elizabeth enrolled in the University of Florida, where she continues to train and compete. Outside of the pool, Elizabeth is a dedicated student and a talented violin player. She balances the demands of her collegiate and Olympic training programs, academic coursework, and international competition schedule with incredible grace and maturity.

Mr. Speaker, I know my colleagues join me in extending congratulations and best wishes to Elizabeth and all of the exceptional athletes who make up Team USA. America is so proud of you!

HONORING BARBARA ANTHONY,
VALDINE ATWOOD, BARBARA
DRISKO, AND SALLY JACOBS

HON. MICHAEL H. MICHAUD

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, August 1, 2012

Mr. MICHAUD. Mr. Speaker, I rise today to honor the nominations of Barbara Anthony, Valdine Atwood, Barbara Drisko, and Sally Jacobs for the Mighty Women of Washington County Elder Award.

The Mighty Women of Washington County is a group of strong, compassionate women who collaborate with businesses in Washington County to promote positive social and economic change in the community. This self sustaining organization continues to draw together talented and dedicated women who are committed to the region. Since 2006, the Mighty Women of Washington County have

grown their membership to over 180 strong representing business owners, government workers and volunteers. Together, their remarkable efforts have made a positive impact in the areas of homelessness, health care and other social issues.

In June of this year, the organization held its first event "Celebrating the Mighty Women of Washington County" in the town of Machias. At the event, Barbara Anthony, Valdine Atwood, Barbara Drisko, and Sally Jacobs were nominated for the Mighty Women Elder Award. This recognition is offered to members of the organization who embody exceptional character and citizenship.

Each of these women is a pillar of the Washington County community and they are all tremendously deserving of this recognition. Their energy, commitment to helping others, and devotion to the region are an inspiration to future generations of Washington County women and to Mainers throughout the state.

Mr. Speaker, please join me in congratulating these exceptional women for being recognized through this honor and thanking them all that they do for their community.

IN RECOGNITION OF THE CON-
GRESSIONAL BLACK CAUCUS
FOUNDATION'S 2012 SUMMER IN-
TERNS

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, August 1, 2012

Mr. RANGEL. Mr. Speaker, it is with immense gratification that I recognize the Congressional Black Caucus Foundation (CBCF) and its Summer 2012 Interns for the completion of their intensive nine-week internship program on Capitol Hill. This summer, 40 college-aged students from across the nation participated in this program. These students were chosen through a competitive process based on an essay submission, a history of community involvement and a sense of civic engagement.

The CBCF's Congressional Internship program was designed to diversify our Congressional offices and give students an opportunity to develop their talent as young professionals and future leaders. During their tenure, summer interns had the opportunity to learn more about public policy and gain a complete understanding of the federal legislative process. In addition, they have grown professionally by identifying the skills and qualities of strong leaders. Outside their congressional offices interns put their legislative experience to use by engaging in their own mock Congress simulation.

Furthermore, interns were offered the opportunity to attend numerous professional and leadership development workshops, networking events, and engage with Members of the Congressional Black Caucus. I had the privilege to speak with the CBCF interns myself, encouraging them to be leaders and continue to be persistent in their fight for equal justice and opportunities for all. I would like to specially recognize CBCF intern Amir Rowe who worked in my office this summer. Amir demonstrated a great deal of proficiency in completing assignments and engaging with my constituents.

Mr. Speaker, I am proud to congratulate the CBCF 2012 summer interns for taking advantage of this lifetime opportunity and I thank the CBCF, under the leadership of Elsie L. Scott, Ph.D., for providing such an invaluable experience.

Ashley Bobo, interning in the office of Rep. LAURA RICHARDSON, attending Harvard College;

Jeremy Broadus, interning in the office of Rep. EMANUEL CLEAVER, attending Rutgers University;

Tierra Burns, interning in the office of Rep. MELVIN WATT CAMERON, attending North Carolina Central University;

Melissa Chin, interning in the office of Sen. CHARLES SCHUMER, attending Brown University;

Saliha Cifci, interning in the office of Rep. AL GREEN, attending Rutgers University;
