#### COMMEMORATING VERSAILLES HIGH SCHOOL'S 1962 FOOTBALL TEAM ON THE 50TH ANNIVERSARY OF THEIR STATE CHAMPIONSHIP

#### HON. BEN CHANDLER

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mr. CHANDLER. Mr. Speaker, today it is with great pride that I commemorate the 50th anniversary of Versailles High School's 1962 Kentucky state football championship. This commemoration has a special significance to me as my late grandfather, former Governor of Kentucky A.B. "Happy" Chandler, was on the sidelines cheering the football team to victory in the county where I was later born and raised.

The 1962 Yellow Jackets were one of the smallest football teams ever to win a Kentucky state championship, but what they may have lacked in size they made up for in their sheer determination and athletic skill. Led by the 1962 Central Kentucky Conference Coach of the Year John Snowden, this group of gritty underdogs confounded the experts by winning game after game and defying expectations.

On the day of the state championship game, more than half of the population of Woodford County was in attendance to root on the fan favorite Yellow Jackets. On that cold, windy Thanksgiving Day, the fans watched their Yellow Jackets overcome a bigger, stronger, and heavily favored opponent. The Yellow Jackets emerged victorious and claimed their memorable 1962 Kentucky state championship trophy.

Mr. Speaker, it is a great honor to have this momentous anniversary celebrated in my home district. The "Boys of '62" truly represent Kentucky's passion and dedication to the game of football. This group of individuals will always be remembered as one of Kentucky's finest, and we will continue to celebrate their accomplishments for years to come.

#### TRIBUTE TO CARLI LLOYD AND MATTHEW EMMONS

#### HON. JON RUNYAN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mr. RUNYAN. Mr. Speaker, I rise today to pay tribute to two New Jersey natives, Carli Lloyd and Matthew Emmons. Carli and Matthew both competed in the 2012 London Olympic Games and proudly represented the United States of America.

Carli Lloyd, who currently resides in Mt. Laurel, New Jersey, graduated from Rutgers University in 2005 with a degree in exercise science and sports studies. Carli was a midfielder for the United States Women's Soccer Team in 2008 and 2012, both of which won gold medals. In addition, Carli is a two-time FIFA Women's World Cup Team member, a three-time NCAA All-American, and in 2008 won the U.S. Soccer Female Athlete of the Year Award.

Matthew Emmons, born in Mount Holly, New Jersey, graduated in 2003 with an accounting degree from the University of Alaska-Fairbanks. He is a three-time Olympian, having competed in the 2004, 2008, and most recently, the 2012 Olympic Games. In London, Matthew placed 35th in the 10m air rifle and captured the bronze medal in the men's three-position rifle. Another outstanding highlight in Matthew's career came in 2002 when he brought home the gold in the men's 50-meter rifle prone event at the 2002 World Championships.

I congratulate Carli and Matthew on all of their achievements and am so proud of them for representing New Jersey and the United States in the 2012 Olympic Games. I urge my colleagues to join me in recognizing these fantastic American athletes.

#### HONORING FRED BERRY

#### HON. JOHN F. TIERNEY

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mr. TIERNEY. Mr. Speaker, I rise today to pay tribute to a gentleman and true public servant: Massachusetts State Senate Majority Leader Frederick E. Berry. Several months ago, Senator Berry announced that he would be retiring from the Massachusetts Senate after 30 years of service. He will be sorely missed.

Fred Berry was born on December 20, 1949 with cerebral palsy. At that time, doctors said he would never walk or talk—but Fred proved them all wrong. He attended Massachusetts State Hospital School and later Bishop Fenwick High School in Peabody, where he graduated in 1968. He then attended Boston College, graduating in 1972.

In 1979, Fred was elected to the Peabody City Council, and, in 1982, he was elected to the Massachusetts Senate. During his tenure in the Senate, Fred served on multiple committees and assumed numerous leadership roles. In 2003, he was elected by his colleagues to be the Senate Majority Leader, which is a position he continues to hold today.

Fred's thirty year career is filled with memorable moments and achievements. His accomplishments are too long to list here, but they

include the following: creating separate Departments of Mental Health and Mental Retardation; providing crime victims the right to be heard during the judicial process, allowing victims to receive financial compensation and establishing the Massachusetts Victim and Witness Assistance Board; creating the Children's Trust Fund, a public-private partnership to create programs to end child abuse; founding the Massachusetts Legislative Children's Caucus; requiring insurance companies to cover Early Intervention benefits for children born with developmental delays; requiring private insurance companies to cover medically necessary autism treatments, including evidence-based behavioral health treatments; fighting against efforts to reduce Medicaid benefits for individuals with mental health and addiction disorders; and filing legislation that allowed Salem State College—my alma mater—to achieve university status.

In addition to his legislative work, Fred is a passionate advocate for children and families who are struggling. In 1982, shortly after he was first elected to the Massachusetts Senate, Fred established the Fred Berry Charitable Fund. Over the next thirty years, he would work tirelessly to raise over \$1 million to benefit children and families in need. As Fred recently told the Boston Globe, "I felt I could use my notoriety to help others. Nonprofits always need money, but never have the time to raise it. . . . To be honest, it hurt fund-raising for my campaigns. People said, 'I already gave to Fred.'" But in his heart, Fred knew it was the right thing to do.

I want to wish Fred and his wife Gayle all of the best. For those of us who know Fred, we anxiously await the next chapter in what has been a remarkable life.

#### IN RECOGNITION OF THE PUBLIC SERVICE OF MICHAEL BORDEN

#### HON. SPENCER BACHUS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mr. BACHUS. Mr. Speaker, Members of Congress are always far more effective when they find loyal, dedicated staff to fight alongside them. These essential employees provide us with invaluable political advice, propose policy solutions to the problems facing our nation, and often work around the clock to accomplish the most important tasks. One of the staff members on the Financial Services Committee, Michael Borden, has been a valuable asset since he joined us back in 2007. Unfortunately, today is Michael's last day with the Committee; however, his distinguished record of public service will continue to benefit the American people long after he leaves Capitol Hill.

Back in the fall of 2008, the Federal government took unprecedented action to respond to the economic crisis. During this time, Michael provided sound advice to Members of the Committee and kept all of us informed under fast changing circumstances. This was an unprecedented time and Michael was here on weekends and late into the night to help Members prepare for the debate and understand the consequences of their votes.

Michael has a passion for ensuring the right policy is achieved. His commitment and expertise are unmatched on many key issues. On an issue dear to me—shielding children from the scourge of Internet gambling, Michael was integral in efforts to ensure that our kids are protected from becoming addicted to gambling at an early age. Michael also worked to ensure homebuyers are protected during the most important financial transaction of their lives with the SAFE Act, which ensures that mortgage originators are honest and fair with their customers. Michael worked to help Republican Members devise a strategy to wind down Fannie Mae and Freddie Mac after they received the biggest taxpayer-funded bailout of them all, and to develop legislative solutions to protect taxpayers from further losses. While we didn't always have the votes for the policy solutions we wanted, I received the sound advice I needed from a trusted member of my team, and I will always be grateful for his service.

Michael has been a trusted and valued adviser to both experienced and new House Members, and a mentor to countless members of our staff. His sound advice, counsel and acerbic sense of humor will be sorely missed. He never sugar-coated anything (his blunt nature and his waistline wouldn't tolerate it) and always gave us his honest opinion on what action we should take, even if it's not what we wanted to hear. There is no doubt that American taxpayers, consumers, and other stakeholders have been well-served by Michael's commitment to sound public policy.

It is with appreciation and gratitude that I take this opportunity to permanently commemorate Michael's service to our committee Members and to our nation.

#### RESTORING THE DOCTORS OF OUR COUNTRY THROUGH SCHOLARSHIPS ACT OF 2012

#### HON. JIM McDERMOTT

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mr. McDERMOTT. Mr. Speaker, of all of the challenges facing our nation's health-care system, perhaps the most neglected is the gaping hole in our workforce of primary-care physicians. One estimate projects a shortage of 45,000 primary-care doctors by 2020. Due to the retirement of a generation of physicians, the aging of our population, and the entry into the system of some 30 million newly insured thanks to the Affordable Care Act, we do not have enough primary-care doctors to meet the demand, and the problem will continue to worsen without a major initiative to produce new doctors.

Primary-care doctors are the front lines of our physician workforce. Under the right conditions, they oversee and coordinate health care for their patients. They educate patients on how to prevent illness and manage chronic conditions. They are the medical generalists who establish long-lasting bonds with patients throughout their lives. Proper primary care is also one of the keys to containing health-care costs. On the other hand, inadequate primary care leads to neglected and mismanaged conditions, which causes costly emergencies and illnesses downstream.

I am introducing the RDOCS Act to help solve this problem. Modeled after the successful ROTC program, RDOCS offers full scholarships to medical students in exchange for a 5-year service commitment in a medically underserved area. RDOCS will be administered by the states, which will send RDOCS scholars to their state-operated medical schools. RDOCS officers (as they are known after graduation) will then become licensed and serve as primary-care doctors in their state of residence. The program is authorized to start immediately and begin graduating its first additional 4,000 new primary-care doctors in 2020, and 20,000 new doctors by 2024.

Thanks to the Affordable Care Act, we are going to get close to universal health coverage in the United States. But universal coverage will not be meaningful if we don't have enough doctors to serve our population. I am optimistic that Congress can demonstrate leadership in restoring our doctor workforce for the next generation.
