RECOGNIZING DR. TERRY GORDON AS THE 45TH RECIPIENT OF THE BERT A. POLSKY HUMANITARIAN AWARD FOR HIS WORK AS A CHAMPION OF AUTOMATED EXTENERAL DEFIBRILLATORS

**HON. BETTY SUTTON**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 26, 2012*

Ms. SUTTON. Mr. Speaker, I rise today to honor an extraordinary individual who has tirelessly advocated to save the lives of children and others by getting life-saving automated external defibrillators, AEDs, placed in schools across the nation.

Dr. Terry Gordon is the 45th recipient of the Bert A. Polsky Humanitarian Award given out each year by the Akron Community Foundation to an individual or couple who best exemplifies selfless dedication to humanitarian causes in Akron, Ohio.

A Cleveland Clinic trained cardiologist, Dr. Gordon practiced invasive cardiology at Akron General Medical Center for over 21 years prior to his retirement. In 2000, while serving as President of the Summit County American Heart Association, a 15 year old football player at Barberton High School by the name of Josh Miller collapsed on the field and suffered sudden cardiac arrest. There was no AED on site and, sadly, Josh died of sudden cardiac arrest. The tragic loss of this young man full of promise was devastating to not only Josh's parents and family, but to the entire community.

Upon learning of this tragic loss of life and realizing the school did not have an AED on site, Dr. Gordon began raising funds to place AEDs in every junior and high school, making Summit County, Ohio, the first county of its size to do so and earning him the National Physician of the Year award for 2002 from the American Heart Association. His efforts also resulted in AEDs placed in every police, highway patrol and sheriff's vehicle in Summit County.

Dr. Gordon continued his advocacy at the state level, and in 2005 helped procure \$2.5 million from the State of Ohio, which in partnership with the American Heart Association and Akron General Medical Center, placed over 2,200 AEDs in schools throughout Ohio.

He later worked with the Ohio General Assembly to allocate an additional \$2.5 million needed to complete the task of placing 4,500 devices in Ohio schools.

In 2007, I was proud to partner with Dr. Gordon on this important mission and introduced the Josh Miller HEARTS Act. Named after the Barberton High School football player who we lost to sudden cardiac arrest, the bill establishes a grant program to get automated external defibrillators into elementary and secondary schools across the nation. The Act passed the U.S. House of Representatives in both the 110th and 111th Congress and is pending action in the 112th Congress.

In addition to his work advocating for AEDs in schools, Dr. Gordon remains actively engaged in our community, serving on various volunteer boards. He was a founding member of Stewart's Caring Place, a facility of wellness for those with cancer and their loved ones. He has been a member of The Youth Motivational Task Force for many years, has been a long-standing board member of the American Heart Association and is co-host of 'Docs Who Rock', a fundraiser for the Summit County United Way. Dr. Gordon is also an accomplished author, whose work includes the book *No Storm Lasts Forever*.

Mr. Speaker, I ask my colleagues to join me in recognizing the selfless dedicated service of Dr. Terry Gordon and in congratulating him on receiving the 45th Polsky Humanitarian Award.

HONORING THE FAKLIS' 100 YEARS IN TARPON SPRINGS, FLORIDA

**HON. GUS M. BILIRAKIS**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 26, 2012*

Mr. BILIRAKIS. Mr. Speaker, I rise today to honor and congratulate the Faklis family of Tarpon Springs, Florida, on the 100th anniversary of Faklis' Department Store and Shoe Repair Service. Throughout their many decades in the United States, the Faklis family has lived the American dream, applying hard work and determination to create a successful small business in our community.

In 1909, two young brothers—Nikita and Nicola Papafakis—arrived in America from Symi, Greece, in search of a better life for themselves and their families. Shortly thereafter, another brother, Vasile, arrived in America. Vasile and Nikita soon settled in Tarpon Springs and established their own small business. This small business opened as a custom shoe maker. The business evolved into a

dry goods department store carrying shoes, clothing, suits and specializing in shoe repairs and orthopedic corrections.

Vasile and his sons, George, Nick and Michael are proud American veterans, having served in WWI and Korea. They continue to be involved in the local American Legion and never open for business without first displaying the American flag in front of their building.

Throughout the generations, the Faklis family's store evolved with the times and provided services with excellent professionalism. The family business has passed from Nikita and Vasile down to Vasile's sons George and Michael, and down again to Vasile G. Faklis, the current operator and namesake of one of the family's patriarchs. Serving the greater Tampa Bay area from their location in Tarpon Springs, the Faklis family has been able to merge old world craftsmanship and warm customer service with the orthotic technology of today and the future.

Mr. Speaker, for 100 years the Faklis family has represented the best of the American entrepreneurial spirit. They came to America seeking a better life and have become a pillar of the local community. Their economic success and ability to adapt with the changing times exemplify the strength of this country's business community, and I commend them for their contributions to our area.

TO RECOGNIZE THE 2012 LIFE-CIRCLE ALLIANCES KUDOS FOR CAREGIVERS HONOREES

### HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, October 26, 2012*

Mr. CONNOLLY of Virginia. Mr. Speaker, I rise today to recognize the winners of the 2012 LifeCircle Alliances Kudos for Community Caregivers Awards. LifeCircle Alliances, a non-profit organization based in Fairfax County, Virginia, is a leader in promoting and enabling independent living for older adults with developmental, intellectual, or physical disabilities, including our Wounded Warriors.

LifeCircle Alliances has formed public-private partnerships to create innovative long-term care solutions, enhance existing programs, and address workforce, mobility and transportation issues. The goal of these efforts is independence for life; ensuring that our older adults and adults with disabilities are able to live independently and with dignity in their communities of choice.

The LifeCircle Alliances Kudos for Community Caregivers Award celebration recognizes the efforts of six outstanding caregivers, who tirelessly provide dedicated care, day in and day out. The recipients of the 2012 Kudos Awards are:

Stephanie Mensh—Stephanie Mensh has been a caregiver for Mr. Paul Berger for 25 years. Additionally, she has volunteered her time supporting stroke and TBI survivors and their families. She also provides support and advice to other caregivers by hosting a support group as well as providing individual support by phone, email, and in person.

Liza Ruiz—The loving mother of two daughters, Mrs. Ruiz has been caring almost daily for her 65 year old daughter, Cynthia, who

was brain injured at birth and her husband who has been diagnosed with dementia. For many years, she did this while working as a full-time employee of the federal government. Mrs. Ruiz was instrumental in helping to establish the Northern Virginia Training Center, which opened in 1973.

Maureen Renault—A dedicated and tireless caregiver, Maureen Renault has taken on the daunting task of caring for her mother, a resident at Herndon Harbor Adult Day Health Care Center. During this time Maureen has been actively involved in her mother's care at the center in addition to her needs at home.

Steven Nehl—Care-giving is an around the clock job for Mr. Nehl. He cares for his autistic son, Michael, and wife, Joanne, who is continuing to recover from two brain aneurysms. Since the time of her illness in 2008, Joanne is unable to work and Mr. Nehl may only maintain short-term positions due to the tremendous requirements of his time at home.

Cecilia Ortega-Shew—For almost two decades, Cecilia Ortega-Shew has given selflessly to individuals living with HIV/AIDS. In her role as a mental health clinician and program clinical manager for Inova Juniper Group, she helps pregnant women have healthy, HIV-free babies and continues to counsel people on the difficulties of living with HIV. She inspires young staff to be better clinicians and instills in them a passion for caring for those with HIV.

Natascha Dixon Edelin—Passionate and dedicated to helping women and children in need, Natascha Dixon Edelin tirelessly works to assist the battered women of Fairfax, Virginia and honor them for their strength, courage and commitment. She partnered with the co-founders of the Duffy House in 2011 to organize the "Duffy House Day of Pampering" for victims of domestic violence and sexual abuse which provided, at no charge, a much needed day of respite for approximately 50 women and 80 children. Her continued work with the Duffy House brings joy into this special community.

I congratulate this year's winners and recognize each of them for their dedication and personal sacrifices. These individuals are examples of the many caregivers who put the needs of their families, friends and colleagues above their own. Mister Speaker, I ask that my colleagues join me in paying tribute to the 2012 LifeCircle Alliances awardees and in thanking the volunteers, staff, and partners of LifeCircle Alliances for their efforts in providing assistance to not only those in need of care, but to those who provide the care here in our community.
