

IN OPPOSITION TO H.R. 6190 "THE ASTHMA INHALERS RELIEF ACT OF 2012"

HON. LAURA RICHARDSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 16, 2012

Ms. RICHARDSON. Mr. Speaker, I rise in opposition to H.R. 6190, the Asthma Inhalers Relief Act, introduced by Congressman BURGESS. This legislation would authorize the distribution and sale of one million asthma inhalers that use over-the-counter epinephrine, named Primatene Mist. This product was sold in aerosol canisters containing CFC's, or chlorofluorocarbons. CFC products have been banned under the Clean Air Act and the Montreal Protocol on Substances that Deplete the Ozone Layer. Consequently, this legislation is opposed by many organizations because it involves the widespread use of a CFC product.

Mr. Speaker, I stand with Ranking Member WAXMAN as well as with the American Lung Association, the American Academy of Pediatrics, and other national public health organizations in opposition to this bill. I strongly believe in ensuring affordable, quality health care options for all Americans who suffer from asthma; however, I am opposed to legislation that would undermine our commitment to international treaty and that would continue to deplete the ozone. There are safer and more effective ways of safeguarding public health. One way to do this is for Congress to take up and pass H.R. 6284, the Breath of Fresh Air Act, which I introduced earlier this year.

Across the United States, nearly 25 million people have been diagnosed with asthma, including 7 million children. This serious disease impacts every district in every state, and its effects are far-reaching. I have been particularly concerned with the issue of asthma, especially as it affects my home district in California. The Ports of Long Beach and Los Angeles operate within and near the 37th Congressional District, and if left unregulated, the California Air Resources Board estimates that the ports will be the largest source of pollution in the state by 2020 greater than the impact of every car on the road in California. The neighborhoods of Los Angeles and Long Beach rank as one of the U.S. cities most polluted by Particle Pollution.

Low-income and minority communities are disproportionately affected by this chronic respiratory disease, and their health outcomes are likely to be worse. For instance, the Environmental Protection Agency reports that black children are twice as likely to be hospitalized and four times as likely to die from asthma as white children. Low-income and minority communities also disproportionately live in areas afflicted with high levels of air pollution, allergens, and other environmental factors that trigger asthma attacks. They may also have limited resources to direct toward asthma management or to deal with the financial challenges of medical bills and missed days at school and work.

Authorizing the sale of epinephrine will not address the challenges that asthma patients face. National health organizations have repeatedly issued expert guidelines that advise patients on how to manage their asthma, and none of them recommend the use of over-the-counter medications. In addition, Primatene

Mist has been banned since December 31, 2011. This means that patients have already transitioned away from this medicine and have been using alternative medications for almost a full year. A temporary reversal of this ban would be confusing to patients and would not provide them with a sound long-term plan for asthma management. In fact, the only group that stands to profit from such a reversal is the manufacturing company, not asthma patients.

I do agree with Congressman BURGESS when he says that Congress must be on the side of asthma patients, and I am working hard to make sure that Americans have access to quality and timely care. That is why in August, I introduced H.R. 6284, the Breath of Fresh Air Act, which has been endorsed by the Allergy & Asthma Network/Mothers of Asthmatics. This legislation would establish a grant program to make funds available to elementary and secondary schools to purchase nebulizers. A nebulizer is an extremely easy-to-use medical device that delivers medicine in the form of a mist directly to the person's lungs. Oftentimes it is the best remedy for young children who may not cooperate in their time of distress. By making these devices available at local schools and treating symptoms as soon as they present themselves, we can take significant steps toward reducing the number of asthma-related emergency room visits each year.

Mr. Speaker, it is critical that Americans who suffer from asthma have access to life-saving medications and health care. I am glad to see Congress recognize the challenges that Americans with asthma face, and it is my hope that we can continue making this a legislative priority. I urge my colleagues to vote no on H.R. 6190 and instead support the Breath of Fresh Air Act and other legislation that directly improves the lives of asthma patients without sacrificing environmental standards.

HONORING SMALL BUSINESS SATURDAY

HON. DANIEL LIPINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, November 16, 2012

Mr. LIPINSKI. Mr. Speaker, I rise today to praise small business owners and employees who contribute so much to their local communities. Through the Small Business Saturday

event to be held on November 24th, 2012, people around the country will demonstrate their appreciation for the businesses that make their communities unique.

The days following Thanksgiving have become a time of windfall sales revenue for many retail businesses. In the past, however, small businesses without large advertising budgets have not seen the same success as their larger counterparts. In 2010, Small Business Saturday was created to encourage consumers to utilize their local vendors. I commend the communities that participate every year and especially those who will begin this year.

This will be the first year the Village of Oak Lawn formally participates in Small Business Saturday. Thanks to the work of the Oak Lawn Chamber of Commerce, Small Business Saturday Oak Lawn will no doubt be a hugely successful event, highlighting the local flavor that these establishments provide. A trolley will shuttle shoppers along Oak Lawn's bustling 95th Street to visit the various businesses and the village will simultaneously hold its annual Santa on the Green for local youth. This is a great event not only for Oak Lawn businesses but also for residents of the village and surrounding communities.

Small businesses represent the hopes and dreams of so many hard working and creative entrepreneurs, and have long been the backbone of the American economy. The individuals who create and work at small businesses represent half of all private sector American jobs and generate over 60% of the new jobs in our recovering economy. In many cities and villages, small businesses are what keep Main Street communities alive and thriving. Such vendors are best suited to cater to the unique needs of these small and distinctive towns, and so our continued support is more important than ever.

Please join me in honoring those who have worked hard to start Small Business Saturday around the country and of course the small businesses that make it all possible. May the event be a resounding success.

2012 WINGS OVER HOUSTON, TEXAS

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, November 16, 2012

Mr. POE of Texas. Mr. Speaker, today, I want to recognize a unique event in the state of Texas that attracts more than 85,000 people from Houston and around the globe. The Wings Over Houston Airshow showcases the best of American aerial military might in a thrilling display of everything from vintage World War II aircraft to the marvels of modern aviation.

A non-profit event produced by a collaborative volunteer effort of the Gulf Coast Wing and West Houston Squadron of the Commemorative Air Force, this year's Wings Over Houston Airshow dazzled the crowds with several new additions, including the U.S. Air Force's newest fighter aircraft, the F-22 Raptor, the U.S. Marine Corp MV-22 Osprey demonstration and the Air National Guard

Flash Fire Jet Truck. The biggest feature this year was the Navy's Blue Angels, which is the second oldest flying aerobatic team. They impressed bystanders with their daring and impressive routines, at one point even flying only 18 inches from each other during their four-jet Diamond Formation.

For 28 years, Wings Over Houston has benefited a variety of nonprofit organizations and charities. This year's air show benefitted the Wings Over Houston Airshow Scholarship Program, Aviation Career Education Academy, Exchange Club of Sugar Land, Westchase Rotary Club and the Commemorative Air Force aircraft restoration and flying historical programs.

As a spectacular aerial show and an impressive charitable community effort, the Wings Over Houston Airshow inspires both charity and patriotism in Houstonians and all Americans. It's a significant part of Texas history, as the event conserves a little piece of our military's aviation history and ensures that it'll be around for years to come.

And that's just the way it is.

IN TRIBUTE TO ARNIE GODMINTZ

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 16, 2012

Ms. MATSUI. Mr. Speaker, I rise today in tribute to Mr. Arnie Godmintz, an activist and well-known Sacramento community leader who passed away on October 4th. Arnie was a prominent progressive leader in the Sacramento region, and his death leaves a great void in the community. As his family and friends gather to honor and remember his life, I ask all my colleagues to join me in saluting a committed and well-respected figure in Sacramento.

Arnie led a fascinating life, devoted to fighting for progressive causes. Most of his work was done on his own free time and focused on the rights of the underserved and needy. Arnie's roots in activism began at a young age. After earning an economics degree from Harvard University, he worked as an organizer for auto workers. He later worked for the U.S. Bureau of Indian Affairs encouraging companies to find work for unemployed American Indians on reservations in Arizona and New Mexico.

Arnie had to go through a lot to help those whose voices were often unheard. At one time, during the civil rights movement, Arnie was arrested while driving supplies to "freedom schools" for African-American children in the South. His advocacy led him to the same location where FBI agents discovered the bodies of murdered activists James Chaney, Andrew Goodman and Michael Schwerner. Those events became a part of Arnie, deeply affecting him and became his motivation to continue to advocate for the less privileged. Throughout all of his efforts, Arnie stayed humble and never spoke about himself, although he was always a passionate advocate for the underdog and often unpopular causes.

Arnie was also greatly involved in local politics, donating his time, energy and enthusiasm

for causes near to his heart. He was a leader in the Sacramento County Democratic Party, often organizing meetings and coordinating campaign events. He donated his time, marched at rallies, worked phone banks and walked door to door for issues he believed would improve our country.

Mr. Speaker, I am honored to recognize the numerous contributions made by Mr. Arnie Godmintz during his lifetime of service to the people of Sacramento and our Nation. As his family and friends gather to honor his wonderful legacy and countless contributions, I am honored to pay tribute to him. I ask all my colleagues to pause and join me in paying respect to an extraordinarily loving man, Arnie Godmintz.

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 16, 2012

Mr. SHULER. Mr. Speaker, I rise today to honor the members of my Congressional Staff who have served with me over the past six years while I have been in office. A Member of Congress' most important responsibility is to provide exceptional constituent services and my staff is second to none in providing the best assistance to everyone in our District. I take great pride in the work that each one has done on my behalf and on behalf of everyone in the 11th Congressional District of North Carolina.

Each District Staff member has shown a strong sense of dedication in meeting the needs of each and every one of our constituents. They often go well beyond the call to make sure each constituent is treated fairly and respectfully by our government agencies and that they receive appropriate resolution. I owe a debt of gratitude to each one of them for the support and friendship which they have shown me while I have served in Congress.

Myrna Campbell was among the first individuals to join me on the campaign trail and to serve as a member of my original District staff team. Myrna has been a steady force in making sure no constituent or issue ever slips through the cracks of bureaucracy. Her organizational skills and commitment to excellence on the job have served as a model for all of our staff. The words "commitment" and "dependable" immediately come to mind when I think of Myrna's work ethic.

In is no secret that Myrna is the glue that holds our District operation together. Myrna is loved and revered by her colleagues, and anyone who has ever worked with her can attest to her loyalty and kindness.

Myrna should be proud of the service she has provided to our District and country. It has been an honor to serve with her and as I retire from office I wish her the very best in the future. Western North Carolina is a better place because of her efforts and I will cherish the memories of serving with Myrna and the team by my side.

Mr. Speaker, I ask my colleagues to join me in recognizing and thanking Myrna Campbell for her hard work on behalf of all of Western North Carolina and to wish her continued success in her future endeavors.
