

PROCLAIMING THE STATE OF NEVADA RECOGNIZE DR. HEATH MORRISON'S ACCOMPLISHMENT AS THE 2012 NATIONAL SUPERINTENDENT OF THE YEAR, AS AWARDED BY THE AMERICAN ASSOCIATION OF SCHOOL ADMINISTRATORS ON FEBRUARY 16, 2012

### HON. MARK E. AMODEI

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

*Friday, February 17, 2012*

Mr. AMODEI. Mr. Speaker, I rise today to recognize Dr. Heath Morrison as the 2012 National Superintendent of the Year award winner at the American Association of School Administrators National Conference on Education on February 16, 2012, in Houston, Texas.

Dr. Morrison came to the Washoe County School District in 2009 after serving as a community superintendent in Montgomery County Public Schools in Maryland. Prior to serving as superintendent, he served as a middle and high school principal and a teacher in Charles County, Maryland. Dr. Morrison holds a Ph.D. in Educational Policy and Planning, a Masters of Educational Administration from the University of Maryland, and a Bachelor of Arts in Government from the College of William and Mary.

The American Association of School Administrators bases its selection of Superintendent of the Year on four criteria: leadership in learning, communication, professionalism, and community involvement. Dr. Morrison led the development and implementation of the District's five-year strategic plan to enhance the quality of education for the District's 63,000 students and to reduce the dropout rate. With his leadership, between 2009 and 2011, the Washoe County School District's graduation rate jumped from 56 percent to 70 percent across all student groups. This was due in no small part to Dr. Morrison's commitment to go door-to-door, finding children who have dropped out of school or are regularly truant and working with them to return. He has also established a Parent University to engage parents in their children's education and created the Community Compact, a program that involves the local community in the success of its students. Washoe County has also achieved significant test score gains, has narrowed the achievement gap in many subject areas, and has made great strides to ensure all students graduate ready to pursue college and highly skilled careers during his tenure. Dr. Morrison truly lives out the school district's motto of "Every child, by name and face, to graduation."

Other awards and honors received by Dr. Morrison include the 2012 Leadership through Communication Award from the American Association of School Administrators, the National School Public Relations Association, and Blackboard Connect, as well as the Distinguished Educational Leader Award from the Washington Post.

I know that my fellow Nevadans and I believe the selection of Dr. Heath Morrison as the American Association of School Administrators 2012 National Superintendent of the

Year is a fitting recognition of his many accomplishments as the Superintendent of Washoe County School District. Educators significantly and permanently influence the lives of our children. Dr. Morrison's vision and leadership in the Washoe County Schools illustrates that when parents, teachers, and the local community all work together, there is nothing they cannot accomplish. Mr. Speaker, I ask that my colleagues join me in praising the accomplishments of Dr. Heath Morrison and recognizing his actions to be an exemplary model for all those teaching America's youth today.

### HONORING THE MEMORY OF MICRON TECHNOLOGY CEO STEVE APPLETON

### HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, February 17, 2012*

Mr. CONNOLLY of Virginia. Mr. Speaker, I rise to honor the life and accomplishments of Micron Technology Chairman and Chief Executive Officer Steve Appleton, who died in an aircraft accident on February 3, 2012.

Mr. Appleton, 51, began his career at Micron Technology in 1983 working the nightshift on the company's chip fabrication line. As was the case with many of Mr. Appleton's pursuits, his work for Micron Technology was tireless and done with a steadfast devotion to the highest levels of performance. Mr. Appleton quickly climbed through the ranks of a highly competitive corporate structure at Micron Technology. He was named chairman, CEO and president at age 34, making him the third youngest CEO of a Fortune 500 company at the time.

Under his leadership, Micron Technology grew to over 23,000 employees in 20 countries, producing annual revenues of \$8.9 billion. The company employs more than 1,800 Virginians, and the work performed at its Prince William County facility has helped make semiconductors the Commonwealth's largest manufactured export. His efforts earned him the recognition of his industry colleagues. In 2011, Mr. Appleton received the Robert N. Noyce Award, the highest honor bestowed by the Semiconductor Industry Association.

Mr. Appleton is described by friends and family as a fierce competitor who valued personal relationships. For a CEO of a Fortune 500 company who remained on a first name basis with many of his employees, this balance was second nature to Mr. Appleton. In his limited spare time, he became an accomplished pilot and motocross racer. He is survived by his wife and four children.

Mr. Speaker, I ask that my colleagues join me in extending our condolences to Steve Appleton's friends, family and colleagues at Micron Technology Inc. They have lost an incredibly talented and devoted leader. Mr. Appleton's achievements cannot be overstated. He always strived to be the best.

### PROTECTING INVESTMENT IN OIL SHALE THE NEXT GENERATION OF ENVIRONMENTAL, ENERGY, AND RESOURCE SECURITY ACT

SPEECH OF

### HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 15, 2012*

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 3408) to set clear rules for the development of United States oil shale resources, to promote shale technology research and development, and for other purposes:

Mrs. MALONEY. Mr. Chair, like a broken, outdated record player, with this legislation the Republican Majority in the House shows itself to be out of touch with America's energy needs and energy future. The Congress should be encouraging innovation in our energy sector and natural resource preservation. Instead, H.R. 3408 shirks environmental stewardship and ignores all lessons from past drilling and spill related disasters. Almost two years after the Deepwater Horizon oil spill disaster there are still no new safety measures or reforms in place to prevent and mitigate a future catastrophe. Rather than meaningful efforts to prevent loss of life and loss of habitat, the Republican Majority chooses to open up nearly every coastline of the U.S. for development of oil and gas drilling.

This bill threatens our nation's most pristine wilderness, the beautiful Arctic National Wildlife Refuge. Opening this area to oil and gas drilling is not projected to lower gas prices in the near future or by any significant amount—less than two cents per gallon 20 years from now. But this is not the only area that would be opened up for offshore drilling under this bill. The Majority wants to mandate that broad swaths of the Atlantic, Pacific and Gulf coasts be made available for drilling leases. I thank my colleague in the New York Delegation, Mr. BISHOP, for his amendment that would prevent oil and gas leases in the Northeast region. If I had been present, I would have voted "aye" on the Amendment 12 offered by Mr. DEUTCH.

The grievances continue. The Majority repeats itself by again attempting to force approval of the Keystone XL pipeline. Throughout the 112th Congress they have refused to allow for a thorough review and study by the State Department. Seeking to direct the Federal Energy Regulatory Commission to approve the pipeline within 30 days without conditions is wholly irresponsible and does nothing to ensure the safety and security of workers, residents, and communities impacted by the pipeline.

The Republican Majority has tried to say opening up these lands to drillings will pay for a transportation package but that is false. This legislation would cover less than one percent of the overall cost of their transportation proposal.

For reasons listed above, I oppose this misguided and dangerous legislation.

OUR UNCONSCIONABLE NATIONAL  
DEBT

**HON. MIKE COFFMAN**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Friday, February 17, 2012*

Mr. COFFMAN of Colorado. Mr. Speaker, on January 26, 1995, when the last attempt at a balanced budget amendment passed the House by a bipartisan vote 300–132, the national debt was \$4,801,405,175,294.28.

Today, it is \$15,413,030,984,842.14. We've added \$10,611,625,809,547.86 dollars to our debt in 16 years. This is \$10 trillion in debt our nation, our economy, and our children could have avoided with balanced budget amendment.

PERSONAL EXPLANATION

**HON. MARTIN HEINRICH**

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

*Friday, February 17, 2012*

Mr. HEINRICH. Mr. Speaker, on this afternoon of February 14, 2012, I unfortunately missed rollcall vote 49. If I had been present, I would have voted in favor of rollcall vote 49, on approving the Journal.

HONORING ELIZABETH JOANNE  
SHUPE

**HON. DAVID P. ROE**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Friday, February 17, 2012*

Mr. ROE of Tennessee. Mr. Speaker, I rise today to bring recognition to a special lady

who hails from the same section of Appalachia as I do. Elizabeth Joanne Shupe was born February 11, 1932, in Russell County, Virginia, just across the border from northeast Tennessee. Through her life she has observed the transformation of this beautiful area we call home.

The proud mother of four children, Mrs. Shupe worked remarkably hard to support her family after the death of her second husband. Later in her career she found her calling as a nurse, putting herself through school while raising a son on her own. She kept nursing until just a few years ago at the age of 75.

Since retirement she has kept active, campaigning for her son (and city alderman) Jantry Shupe, teaching ceramic painting at an assisted living community, or pursuing her hobby of taking photographs with celebrities. Mrs. Shupe's vibrant spirit continues to shine as it has her entire life.

As of February 11, Mrs. Shupe is now 80 years young, and I am proud to honor her on the occasion of this milestone birthday.
