IN CELEBRATION OF ASIAN PACIFIC AMERICAN HERITAGE MONTH

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 16, 2012

Ms. MATSUI. Mr. Speaker, I rise today to commemorate May as Asian Pacific American Heritage Month.

Against the background of this year's theme, "Striving for Excellence in Leadership, Diversity and Inclusion," this month provides us an excellent opportunity to reflect upon, and honor, the many contributions Asian American and Pacific Islanders (AAPIs) have made to our Nation. From fighting in our armed services, to building the transcontinental railroad, to helping America lead the world in scientific discoveries, AAPIs have played an integral role in our country's greatest achievements.

As America's fastest growing population, more and more AAPIs are performing integral roles in forward-thinking companies and in American innovation. And, we are continually seeing a greater number of AAPIs elected to serve in public office and appointed to the Federal judiciary. AAPIs are making great progress; however, there are still obstacles that must be overcome for AAPIs and other minority populations.

We must continue to work together to ensure that our country does not repeat injustices of the past. We must continue to fight back on issues like racial profiling, housing discrimination, and disparities in health care. We must continue to ensure that AAPI voices and ideas are heard.

Our country has always been the land of opportunity. Our strength has been derived from the diverse cultures, traditions, and perspectives of the people that make up our society. As we look to our country's future, we must ensure that all of the cultures and peoples that call America home are represented and promoted.

Mr. Speaker, I look forward to continuing to work with my colleagues in Congress, in particular, the Congressional Asian Pacific American Caucus, to provide greater opportunity and equality so that AAPIs, and our Nation as a whole, can continue down a path of prosperity and success.

RECOGNIZING NATIONAL MPS
AWARENESS DAY

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 16, 2012

Mr. MARCHANT. Mr. Speaker, I would like to recognize the National MPS Society for their 37 years of supporting families while searching for cures for this genetic disease. Mucopolysaccharidosis or MPS is a group of genetically determined lysosomal storage diseases that render the human body incapable of producing certain enzymes needed to break down complex carbohydrates. The damage caused by MPS on a cellular level adversely affects the body and damages the heart, respiratory system, bones, internal organs, and central nervous system. MPS often results in intellectual disabilities, short stature, corneal damage, joint stiffness, loss of mobility, speech and hearing impairment, heart disease, hyperactivity, chronic respiratory problems, and, most importantly, a drastically shortened life span. Symptoms of MPS are usually not apparent at birth and without treatment; the life expectancy of an individual affected begins to decrease at a very early stage in their life. Research towards combating MPS has resulted in the development of limited treatments for some of the MPS diseases.

I ask my colleagues and their staff to join me in recognizing May 15, 2012 as National MPS Awareness Day. This is an important time during which the MPS disease community will help increase the awareness of this devastating disease, as well as supporting research to improve treatments, find cures and receive early diagnosis. The MPS families are encouraged to reflect and support each other and to reach out to those families who have lost loved ones to MPS. By wearing their purple ribbons and sharing these ribbons within their community, they are increasing public awareness about this disease. This date is

also the start of the National MPS Run/Walk season along with other local community activities to raise awareness along with money for research and for family assistance programs. I commend the National MPS Society and their many volunteers for an unwavering commitment to bring about awareness of this disease and to continue to advocate for federal legislation to streamline the regulatory processes and to speed effective treatments and cures for their loved ones. More must be done to find cures and effective treatments, but let us reflect on the importance of this day. I ask that all of my colleagues join me in commemorating National MPS Awareness Day.

HONORING MAH-RULCH
MUHAMMAD

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 16, 2012

Mr. OLSON. Mr. Speaker, I am privileged to interact with some of the brightest students in the 22nd Congressional District who serve on my Congressional Youth Advisory Council. I have gained much by listening to the high school students who are the future of this great Nation. They provide important insight into the concerns of our younger constituents and hopefully get a better sense of the importance of being an active participant in the political process. Many of the students have written short essays on a variety of topics and I am pleased to share these with my House colleagues.

Mah-rulch Muhammad is a senior at Clements High School in Fort Bend County, Texas. Her essay topic is: In your opinion, why is it important to be involved in the political process?

The importance of participating in the political system is directly related to one of our key goals as a country: to ensure and preserve democracy. While the interpretation of democracy varies in everyone's individual perceptions, the main idea is the same: government by the people.
