

away from the dependence on countries for our oil, many of which their values are diametrically opposed to ours, and we can do this in an environmentally responsible way.

Mr. HASTINGS of Washington. Will the gentleman yield?

Mr. RIGELL. I will yield to the chairman.

Mr. HASTINGS of Washington. I think the gentleman has a very good lease. And I've been talking about where Virginia has been shortchanged, from my point of view. I think this amendment goes a long way to advance that debate, and, actually, what we all want is the action.

I support the gentleman's amendment.

Mr. RIGELL. I thank the chairman for his support. I urge my colleagues to join us in supporting this bill. These are life-changing jobs. There's tremendous potential, and we can do this in a very environmentally responsible way.

I reserve the balance of my time.

□ 2120

Mr. MARKEY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIR. The gentleman from Massachusetts is recognized for 5 minutes.

Mr. MARKEY. This amendment would order the Secretary of the Interior to conduct oil and gas leasing offshore in Virginia. In the wake of the *Deepwater Horizon* disaster, which was a lesson to all of us about the risks inherent in deepwater drilling, the Obama administration wisely canceled the proposed lease sale.

The overwhelming majority of the Virginia lease sale area infringes on critical training areas for the United States Navy. The Department of Defense itself has concluded that over 78 percent of the lease sale area would occur in areas where military operations would be impeded by drilling structures and related activities.

This area is already home to a number of critical military actions, including live ordnance tests, aircraft carrier qualifications, sensitive undersea and surface operations, and shipboard qualification tests. The military's continued activities in this area would torpedo drilling in most of this land.

Of the remaining 22 percent of the lease area, the majority of the unrestricted waters available for leasing would occur in the main shipping channel for Norfolk and the Chesapeake Bay, as well as the main channel used by submarines. So in the end, drilling could only even conceivably occur in about 10 percent of the area that the majority is talking about off the Virginia coast. When this Congress still has not passed a single legislative reform to improve the safety of offshore drilling, this just doesn't seem like it's worth of risk.

While some States may support offshore drilling, New Jersey and Maryland both oppose it, along with many other States along the Eastern Sea-

board. These States' economies depend on the tourism that comes to see pristine, oil-free beaches and fishing that happens in their waters. And we are talking about their waters. As we saw during the BP disaster, drilling off the coast of Virginia could affect Maryland, New Jersey, and many other States up and down the East Coast because of oil spills which do not respect State boundaries.

This Congress has yet to enact a single safety reform following the *Deepwater Horizon* disaster. The independent, blue ribbon BP Spill Commission recently gave Congress a grade of "D" on its legislative response to the worst environmental disaster offshore in American history, and only refrained from handing out an "F" because, and these are the words of the BP Spill Commission, it did not want "to insult the whole institution."

The gentleman's amendment would place the entire East Coast at risk of a spill in order to open up an area where drilling may only be able to occur in about 10 percent of the area. That doesn't make any sense for our coastal States and their economies. The risks that we run are much higher than the very small benefits that can be derived.

I urge rejection of this amendment, and I yield back the balance of my time.

Mr. RIGELL. I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Virginia (Mr. RIGELL).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. MARKEY. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Virginia will be postponed.

Mr. HASTINGS of Washington. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. GARDNER) having assumed the chair, Mr. CRAWFORD, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 4480) to provide for the development of a plan to increase oil and gas exploration, development, and production under oil and gas leases of Federal lands under the jurisdiction of the Secretary of Agriculture, the Secretary of Energy, the Secretary of the Interior, and the Secretary of Defense in response to a drawdown of petroleum reserves from the Strategic Petroleum Reserve, had come to no resolution thereon.

Mr. HASTINGS of Washington. Mr. Speaker, I ask unanimous consent that

when the House adjourns today, it adjourn to meet at 9 a.m. tomorrow.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Washington?

There was no objection.

By unanimous consent, leave of absence was granted to:

Mr. BACHUS (at the request of Mr. CANTOR) for today on account of attending the funeral of his father-in-law Royl Eron "Roy" Beville with his wife, Linda Bachus.

S. 684. An act to provide for the conveyance of certain parcels of land to the town of Alta, Utah.
