

told that actually, under our religion, we believe that if we die while attacking infidels, which we consider you to be, we go straight to paradise.

Jefferson and others were shocked. This doesn't mesh with most world religions. What religion would think it okay where actually you would get to paradise by killing innocent people?

Thank God that the vast majority of Muslims don't believe that. But it is pure folly to ignore those that do.

We owe those who serve the United States of America better than this. And to those who would say this is a political season, we should not be talking about anything but jobs, I would say before this economy can thrive, we have got to fulfill our oath to provide for the common defense because an economy won't last much longer if we don't protect those who are Americans here and abroad.

I pray for the wisdom of President Obama, for the Secretary of State Hillary Clinton, for those who are serving abroad these United States of America, and for our leaders in Congress, that though we are so close to an election, what will matter more is the fulfillment of our oath and the protection, as best we can, of those who are trying to protect us.

With that, I yield back the balance of my time.
