

Security Act, which was built in by the Senate with the bill that they passed.

Again, the Senate has acted; the Senate passed a bill. They have a bill which extends crop insurance for 5 years. So for all those farmers out in the Midwest who have seen their corn crops literally burn up in a historic drought, the fact of the matter is they have absolutely no idea about what the future holds because this Chamber will not take up a farm bill and do its constitutional duty and get its work done.

Again, the post office, which fell into not just technical but actual real bankruptcy a month ago because of the structure of its pension costs, the Senate has passed a postal reform bill which adjusts the finances of that system, again, with bipartisan support and will allow the postal service to have some confidence that its operations and its post offices around the country can have some modicum of a future. This Chamber will not take up a postal reform bill between now and this Friday or for the following 7 weeks.

These are just two basic, sort of fundamental, programs which, in the past, Congress has done on a bipartisan basis without any of the drama and stress that the Speaker's decision to quit, to use Coach Lombardi's phraseology, is now creating. There are much larger issues, of course, which everyone is waiting for this Congress to act on.

Sequestration: I have shipyard workers in Groton, Connecticut, who get up every morning to build nuclear submarines. They don't know whether or not on January 1, whether the chain saw set up in the sequestration mechanism is going to go through the defense budget.

We have a fiscal cliff whereby middle class families don't know what their tax rates are going to be after January. We have physician fees under the Medicare program which, again, fall off a cliff on January 1.

With all of these issues hanging out there, we still, though, have a Republican leadership in the House which has made the decision to go home on Friday for the next 7 weeks.

Again, Coach Lombardi had it right: winners never quit and quitters never win. This leadership is quitting, not only on the Members that are prepared to roll up their sleeves and compromise and do hard work to get measures like the farm bill and the postal bill and budget policy settled once and for all. They are quitting on the American people. That is unacceptable leadership for the trust, the public trust with which they have been given.

This morning's New York Times has a story: "Congress Nearing the End of a Session Where Partisan Input Impeded Output," and they show the numbers that this is the least productive Congress in a century.

Back when Harry Truman was President, he campaigned against the do-nothing Congress. That Congress enacted 906 bills in the 2 years during

which it was convened. As of this week, this Congress has enacted 173, a quarter of the do-nothing Congress which Harry Truman made infamous and famous in American history.

We can do better as a Nation. We can get a farm bill passed. We can pass a postal reform bill which will keep that system alive. We can do budget policy. We can create a horizon for this country, which the American people sent us here to do, not go home and campaign.

RECESS

AFTER RECESS

The recess having expired, the House was called to order by the Speaker at 2 p.m.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer: Loving God, we give You thanks for giving us another day.

We pray this day, O Lord, for peace in our world, that freedom will flourish and righteousness will be done.

The attention of our Nation is drawn toward an impending election, but there is work yet to be done.

Send Your spirit upon the Members of this people's House that they might judiciously balance seemingly irreconcilable interests. Help them to execute their consciences and judgments with clarity and purity of heart so that all might stand before You honestly and trust that You can bring forth righteous fruits from their labors.

Bless this day and every day, and may all that is done be for Your greater honor and glory.

Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Ohio (Mr. KUCINICH) come forward and lead the House in the Pledge of Allegiance.

Mr. KUCINICH led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side.

BRING OUR TROOPS HOME IN 2013

(Mr. JONES asked and was given permission to address the House for 1 minute.)

Mr. JONES. Mr. Speaker, today I had the privilege and honor to visit Walter Reed Hospital to say thank you to our wounded from Afghanistan and Iraq, and I saw those who have lost both arms and legs. It's just so sad to go there.

That brings me today to the floor to thank the chairman of the Armed Services Appropriations Committee, C.W. "Bill" Young, who has come out and said it's time to bring our troops home from Afghanistan, and I quote:

I think we should remove ourselves from Afghanistan as quickly as we can.

Mr. Speaker, that brings me to a couple of comments. I called a former commandant of the Marine Corps 3 years ago and asked him to advise me on Afghanistan, and he has, and he has been very loyal. I want to read his comments:

I am more convinced than ever that we need to get out of Afghanistan. When our "friends" turn out to be our "enemy," it is time to pull the plug. We are now nothing more than a recruiting poster for every malcontent in the Middle East. We need to wake up.

I would say to the Speaker, I would say to the leadership of the Republican Party, join us in bringing our troops home in the year 2013. No more should die for a lost cause like Afghanistan.

GENETICALLY MODIFIED ORGANISMS

(Mr. KUCINICH asked and was given permission to address the House for 1 minute.)

Mr. KUCINICH. Mr. Speaker, in 1992, the Food and Drug Administration decided that genetically modified organisms were the functional equivalent of conventional foods.

They arrived at this decision without testing GMOs for allergenicity, toxicity, antibiotic resistance, and functional characteristics. As a result, hundreds of millions of acres of GMO crops were planted in America without the knowledge or consent of the American people, no safety testing, no long-term health studies.

The FDA has received over a million comments from citizens demanding labeling of GMOs. Ninety percent of Americans agree.

Why no labeling? I'll give you one reason. The influence and the corruption of the political process by Monsanto. Monsanto has been a prime mover in GMO technology, a multi-million dollar GMO lobby here and a major political contributor. There is a chance that Monsanto's grip will be

broken in California, where a GMO labeling initiative is on the ballot. Here in Congress my legislation, H.R. 3553, will provide for a national labeling bill.

Americans have a right to know if their food is genetically engineered. It's time for labeling. It's time for people to know how their food is being produced.

TIME FOR A DIVORCE WITH PAKISTAN

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Mr. Speaker, the United States granted Pakistan major non-NATO ally status to help us fight al Qaeda and the Taliban. This status gives special foreign aid and defense benefits such as an expedited arms sales process. But Pakistan has proved it's no friend to America.

Pakistan said "no" when we asked it to go after the terrorist havens. Pakistan twice tipped off terrorists making IEDs that kill Americans. Pakistan's intelligence arm, the ISI, helped the Haqqani network, a designated foreign terrorist organization, to attack our embassy. Pakistan arrested and convicted the doctor who helped us locate Osama bin Laden, the world's number one terrorist.

I believe some of the money that we have given them goes to the Taliban, but Pakistan has given us no reason to trust them. They are a disloyal ally, a Benedict Arnold friend.

I've introduced H.R. 6391 to strip Pakistan of its major non-NATO ally status. We don't need to pay Pakistan to betray us. They will do it for free.

Time for a divorce with Pakistan.

And that's just the way it is.

FOUR STRAIGHT YEARS OF TRILLION DOLLARS DEFICITS

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, the President has burdened the Nation with 4 straight years of trillion dollar deficits and has added more than \$5 trillion to our national defense. His failed policies have done nothing but make our economy worse. Now he wants to turn our debt crisis into a defense crisis. The President's own Secretary of Defense has said the looming half-trillion dollars in defense cuts would "hollow out the force and inflict severe damage to our national defense."

So far the President has refused to offer any alternatives whatever. House Republicans remain committed to slashing spending and reducing the deficit but not by arbitrarily cutting funding that supports our troops and their families. That's why we passed specific, commonsense reforms to replace these dangerous cuts.

It's time for the President to help us rescue our Nation's defenders from these imminent cuts before they take

effect and our national security is further compromised.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. WOMACK). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Record votes on postponed questions will be taken later.

ENDANGERED FISH RECOVERY PROGRAMS EXTENSION ACT OF 2012

Mr. BISHOP of Utah. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6060) to amend Public Law 106-392 to maintain annual base funding for the Upper Colorado and San Juan fish recovery programs through fiscal year 2019.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 6060

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Endangered Fish Recovery Programs Extension Act of 2012".

SEC. 2. EXTENSIONS OF AUTHORITY UNDER PUBLIC LAW 106-392; REPORT.

Section 3(d)(2) of Public Law 106-392 is amended—

(1) by striking "2011" each place it appears and inserting "2019";

(2) by striking "2008" and inserting "2018"; and

(3) by inserting before "Nothing in this Act" the following: "Such report shall also describe the Recovery Implementation Programs actions and accomplishments to date, the status of the endangered species of fish and projected dates for downlisting and delisting under the Endangered Species Act of 1973, and the utilization of power revenues for annual base funding."

SEC. 3. INDIRECT COST RECOVERY RATE FOR RECOVERY PROGRAMS.

Section 3 of Public Law 106-392 is amended by adding at the end the following new subsection:

"(i) LIMITATION ON INDIRECT COST RECOVERY RATE.—The indirect cost recovery rate for any transfer of funds to the U.S. Fish and Wildlife Service from another Federal agency for the purpose of funding any activity associated with the Upper Colorado River Endangered Fish Recovery Program or the San Juan River Basin Recovery Implementation Program shall not exceed three percent of the funds transferred. In the case of a transfer of funds for the purpose of funding activities under both programs, the limitation shall be applied to the funding amount for each program and may not be allocated unequally to either program, even if the average aggregate indirect cost recovery rate would not exceed three percent."

SEC. 4. LIMITATION ON TRAVEL FOR ADVOCACY PURPOSES.

At the end of Public Law 106-392, add the following new section:

"SEC. 5. LIMITATION ON TRAVEL FOR ADVOCACY PURPOSES.

"No Federal funds may be used to cover any expenses incurred by an employee or detailee of the Department of the Interior to travel to any location (other than the field office to which that individual is otherwise assigned) to advocate, lobby, or attend meetings that advocate or lobby for the Recovery Implementation Programs."

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Utah (Mr. BISHOP) and the gentleman from Arizona (Mr. GRIJALVA) each will control 20 minutes.

The Chair recognizes the gentleman from Utah.

GENERAL LEAVE

Mr. BISHOP of Utah. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

Mr. BISHOP of Utah. Mr. Speaker, I yield myself such time as I may consume.

This is a good bill. It's got a great sponsor. Everyone should vote for it.

I reserve the balance of my time.

Mr. GRIJALVA. I yield myself such time as I may consume.

H.R. 6060 authorizes the use of power revenues to fund two recovery programs in the Upper Colorado and San Juan Rivers. Since 2011, Reclamation has continued to fund these programs at a cost of about \$3 million annually, using its existing authority.

We support the intent of H.R. 6060 to recover listed species while allowing water and power operations to continue. We share the administration's commitment to this program. We also welcome the majority's recognition that compliance with the Endangered Species Act does not mean that water and power projects in the West go dry or go dark. This program provides ESA compliance for 2,320 water projects. These projects deliver more than 3.7 million acre-feet of water per year to Wyoming, Utah, Colorado, Arizona, and New Mexico.

We are concerned, however, that the Republican rules only allow for the reauthorization of this program to 2019 versus the original goal of 2023. While we agree this legislation should move, it should be clear that, at least on our side of the aisle, our commitment to this program through 2023 has not changed.

I reserve the balance of my time.

Mr. BISHOP of Utah. I am pleased to yield 2 minutes to my colleague who shares a border with me in our districts, the gentleman from Colorado (Mr. TIPTON).

Mr. TIPTON. I thank Chairman BISHOP for yielding. Chairman BISHOP, I would also like to thank you for your leadership in leading the efforts on this important piece of legislation.

The Upper Colorado and San Juan River Basins provide key water and
