GENERAL LEAVE

Mr. SMITH of Texas. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous materials on S. 2367, currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. SMITH of Texas. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the 21st Century Language Act is a relatively simple bill. It strikes the word "lunatic" from the United States Code.

The term "lunatic" derives from the Latin word for "moon." Before the modern era, it was used to describe a person who suffers from mental disease because of the belief that lunar cycles had an impact on brain function. But as science and medicine have progressed, society has come to understand mental illness with more clarity.

Senator CONRAD and Senator CRAPO introduced the legislation under consideration to strike the word "lunatic" from the United States Code. I thank them for their effort, and I encourage my colleagues to join me in support of this bill to modernize our codified law to reflect a 21st-century understanding of mental illness.

With that, I reserve the balance of my time.

Mr. SCOTT of Virginia. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this bill eliminates outdated references in the U.S. Code that stigmatize individuals with mental illness issues. This legislation easily passed the Senate with strong bipartisan support.

The bill eliminates the word "lunatic" from several sections of the United States Code in order for our Code to reflect meanings which are much more appropriate and up to date in the 21st century.

In the past, Members of Congress from both sides of the aisle have worked together to address similar terms in the Code which negatively describe individuals with mental health issues. For example, in 2010, Rosa's Law passed in Congress with bipartisan support and was later signed into law. The law replaced parts of the Code containing the phrase "having mental retardation" with the phrase "having intellectual disabilities."

The term "lunatic" holds a place in antiquity and should no longer have a prominent place in our U.S. Code. Although the bill does not replace the word with another term, it follows the precedence of Congress to study semantics and continuously improves the status and appropriateness of our Nation's laws by addressing pejorative terms.

I applaud the bipartisan group of Senators—Senators CONRAD, CRAPO, and JOHANNIS—for their work on this

legislation. In addition, the bill shares strong support among our Nation's leading mental health advocates.

I urge my colleagues to support the legislation, and I yield back the balance of my time.

Mr. SMITH of Texas. Mr. Speaker, I yield back the balance of my time, as well.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. SMITH) that the House suspend the rules and pass the bill, S. 2367.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the yeas have it.

Mr. SCOTT of Virginia. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.
