ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining.

□ 1435

So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mrs. DAVIS of California. Mr. Speaker, on rollcall No. 54, H.R. 3248, had I been present, I would have voted "yea."

PERSONAL EXPLANATION

Mr. GENE GREEN of Texas. Mr. Speaker, on rollcall Nos. 53 and 54, had I been present, I would have voted "yea."

PERSONAL EXPLANATION

Mr. JOHNSON of Illinois. Mr. Speaker, on Wednesday, February 15, 2012 I was scheduled to fly out of Champaign, Illinois, on American Airlines Flight 4373 which was supposed to arrive in Chicago at 10 a.m. CST. This flight would have allowed me to make a connector flight to Washington in time for votes at 1:30 p.m. However, a maintenance issue on that flight unfortunately precluded my attendance for the first series of votes.

Had I been present, I would have voted "aye" on Ordering the Previous Question and "aye" on adoption of H. Res. 547, the Rule for H.R. 3408. Further, I would have voted "aye" on H.R. 2079, to designate the facility of the

United States Postal Service located at 10 Main Street in East Rockaway, New York, as the "John J. Cook Post Office"; H.R. 3247, to designate the facility of the United States Postal Service located at 1100 Town and Country Commons in Chesterfield, Missouri, as the "Lance Corporal Matthew P. Pathenos Post Office Building"; and H.R. 3248, to designate the facility of the United States Postal Service located at 112 South 5th Street in Saint Charles, Missouri, as the "Lance Corporal Drew W. Weaver Post Office Building."

PROTECTING INVESTMENT IN OIL SHALE THE NEXT GENERATION OF ENVIRONMENTAL, ENERGY, AND RESOURCE SECURITY ACT

Mr. HASTINGS of Washington. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the bill, H.R. 3408.

The SPEAKER pro tempore (Mr. DOLD). Is there objection to the request of the gentleman from Washington?

There was no objection.

The SPEAKER pro tempore. Pursuant to House Resolution 547 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the consideration of the bill, H.R. 3408.

□ 1435

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 3408) to set clear rules for the development of United States oil shale resources, to promote shale technology research and development, and for other purposes, with Mr. POE of Texas in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

General debate shall not exceed 1 hour, with 40 minutes equally divided and controlled by the chair and the ranking minority member of the Committee on Natural Resources, and 20 minutes equally divided and controlled by the chair and ranking minority member of the Committee on Energy and Commerce.

The gentleman from Washington (Mr. HASTINGS) and the gentleman from Massachusetts (Mr. MARKEY) each will control 20 minutes. The gentleman from Michigan (Mr. UPTON) and the gentleman from California (Mr. WAXMAN) each will control 10 minutes.

The Chair recognizes the gentleman from Washington.

Mr. HASTINGS of Washington. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I rise today in support of H.R. 3408, which contains the energy provisions in the American Energy and Infrastructure Jobs Act. This is an action plan to create jobs that will vastly expand American energy production, lower gasoline prices, strengthen our national and economic security, and

generate new revenue to help pay for infrastructure, and, Mr. Chairman, all without raising taxes or adding to the deficit.

In this year's State of the Union speech, President Obama proclaimed his support for expanding American energy production with an all-of-the-above energy strategy. Sadly, Mr. Chairman, the President's actions while he has been in office have been anything but pro-energy. In fact, his rhetoric—and I don't say this lightly, Mr. Chairman—is 180 degrees from his actions.

Since taking office, this administration has repeatedly blocked U.S. energy production. The offshore drilling moratorium and the Keystone pipeline are just the tip of the iceberg. He has canceled and withdrawn scheduled lease sales, shut off promising areas to new drilling, blocked mining in mineral-rich areas, and issued countless job-destroying regulations.

Mr. Chairman, actions do speak louder than words. The bill we are considering today is an action plan that clearly contrasts President Obama's anti-energy policies with the pro-energy, pro-American jobs policies of Republicans.

While President Obama has closed off new areas for offshore drilling, this bill will open areas known to contain the most oil and natural gas resources in the Atlantic, Pacific, and Arctic Oceans. As a result, economic analysis has shown that well over 1 million jobs—long-term jobs, long-term American jobs—can be created.

While President Obama opposes energy production in ANWR, this bill will open less than 3 percent of the total area to responsible and safe drilling. That issue has been around a while, Mr. Chairman. ANWR represents the single greatest resource of onshore area production in the United States. This is one of the reasons that way back in 1980, when Jimmy Carter was still President and the Democrats controlled the Congress, they specifically set aside the north slope of ANWR for energy production.

□ 1440

Safe and responsible energy production in ANWR will protect the environment while creating tens of thousands of jobs and providing upwards of 1½ million barrels of oil per day. By the way, this is more than the U.S. imports daily from Saudi Arabia.

While the President has delayed leases and withdrawn over a million acres in the Rocky Mountains to oil shale development, this bill will set clear rules and require additional oil shale leases to be issued. According to the government estimates, this region may hold—and, Mr. Chairman, this is a significant number. This region may hold more than 1½ trillion barrels of oil equivalent. That's six times Saudi Arabia's proven reserves and enough to provide the United States with energy for the next 200 years. And I'm just
