## COMPLEXITY ANALYSIS OF

CONFERENCE AGREEMENT ON H.R. 3630
EXTENSION OF THE PAYROLL TAX HOLIDAY
The conference agreement provides for a reduced employee OASDI tax rate of 4.2 percent under the FICA tax, and the equivalent portion of the RRTA tax, through 2012. Similarly, the reduced OASDI tax rate of 10.4 percent under the SECA tax is extended for taxable years of self-employed individuals that begin in 2012.

The agreement provides related rules concerning (1) coordination of a self-employed individual's deductions in determining net earnings from self-employment and income tax, (2) transfers to the Federal Old-Age and Survivors Trust Fund, the Federal Disability Insurance Trust Fund and the Social Security Equivalent Benefit Account established under the Railroad Retirement Act of 1974, and (3) determining the employee rate of OASDI tax in applying provisions of Federal law other than the Code that also apply for 2012.

The conference agreement repeals the present-law recapture provision applicable to a taxpayer who receives the reduced OASDI rate with respect to more than $\$ 18,350$ of wages received during the first two months of 2012.

IRS AND TREASURY COMMENTS

- This provision is an extension of current law (except for the repeal of the recapture of excess benefit) and should not add significant burden to taxpayers and the public in general.
- IRS has taken measures to prepare in case the Temporary Payroll Tax Cut is not extended, including revising forms and instructions and programming systems. If this provision is enacted, the IRS will have to adjust its forms and systems to reflect the extension. Computer software providers and large employers may also have programmed their systems for current law and would need to make similar adjustments.
- No new guidance would be required.
- IRS will have to make small modifications to certain notices to, and publications for, employers.
- There will be minimal impact on IRS training and the Internal Revenue Manual.
Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives, no provision in this conference report or joint explanatory statement includes a congressional earmark, limited tax benefit, or limited tariff benefit.

ANNOUNCEMENT BY THE ACTING CHAIR
The Acting CHAIR (during the vote). There are 30 seconds remaining.

## $\square 1746$

Mr. CARNAHAN changed his vote from "aye" to "no."

So the amendment was agreed to.
The result of the vote was announced as above recorded.

PERSONAL EXPLANATION
Mr. JOHNSON of Illinois. Mr. Chair, on rollcall No. 69, on the Labrador amendment, I was detained off the floor talking with constituents. Had I been present, I would have voted "present."
The Acting CHAIR. There being no further amendments, under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. YODER) having assumed the chair, Mr. Woodall, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 3408) to set clear rules for the development of United States oil shale resources, to promote shale technology research and development, and for other purposes, and, pursuant to House Resolution 547, reported the bill, as amended by that resolution, back to the House with sundry further amendments adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any further amendment reported from the

Committee of the Whole? If not, the Chair will put them en gros.
The amendments were agreed to.
The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.
The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT
Ms. CASTOR of Florida. Mr. Speaker, I have a motion to recommit at the desk.
The SPEAKER pro tempore. Is the gentlewoman opposed to the bill?
Ms. CASTOR of Florida. I am opposed.
The SPEAKER pro tempore. The Clerk will report the motion to recommit.
The Clerk read as follows:
Ms. CASTOR of Florida moves to recommit the bill H.R. 3408 to the Committee on Natural Resources with instructions to report the same back to the House forthwith with the following amendment:
Add at the end the following:
TITLE _ - MISCELLANEOUS PROVISIONS SEC. . . RESTRICTION ON PERMITS AND LEASES FOR THE GREAT LAKES AND THE FLORIDA EVERGLADES.
No Federal or State permit or lease shall be issued for new oil and gas slant, directional, or offshore drilling in, under, or within 5 miles of any of the Great Lakes or the Florida Everglades.
The SPEAKER pro tempore. The gentlewoman from Florida is recognized for 5 minutes.
Ms. CASTOR of Florida. Thank you, Mr. Speaker.
Mr. Speaker, the Republican leadership's transportation package is a dead end. It is being panned by businesses, Democrats and Republicans alike. What we will vote on next is the Republican funding portion of the package and it is a little bit different.
See, this is a special story. In fact, it is a love story, the love story of a breathtaking display of affection of Big Oil by the Republican party. The bill is a special Valentine, a love letter of the Republicans' undying devotion to Big Oil. No others compare.

## $\square 1750$

The problem is that, with the Republican congressional leaders' blind passion for Big Oil, they correspondingly demonstrate an animosity to American families and businesses. See, it's been less than 2 years since the BP Deepwater Horizon disaster, and the Republicans in Congress now propose to drill for oil just about anywhere.
Have safety measures been adopted by this Congress? No. Do they recognize that there are special places across America that are not appropriate for oil drilling? Not really.
For example, the bill would allow drilling right off of the beaches of Florida. Florida's tourism industry, meanwhile, employs more than 1 million people. Tourism and fishing are multi-billion-dollar industries. Drilling closer to our shores puts those jobs at risk. Yet that's what the Republicans propose here. And for what? The CBO says
that if you drill off the coast of Florida, that will generate $\$ 100$ million. Billion dollars in industry and tourism and fishing or $\$ 100$ million?
BP decimated the gulf coast and caused billions of dollars of damage to our economy and our environment. The disaster is estimated to have cost the State of Florida, alone, $\$ 2.2$ billion and almost 40,000 jobs.
ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE
The SPEAKER pro tempore. Members are reminded not to traffic the well when other Members are under recognition.
Ms. CASTOR of Florida. Mr. Speaker, the Republican love letter to Big Oil could be the kiss of death for small businesses, hotels, motels, shrimpers, fishermen, and families that rely on tourism, and that's just in the State of Florida. This bill puts too many jobs at risk in a misguided, love-struck attempt to allow Big Oil to drill just about anywhere, including unique and sensitive areas all across America.
Republican leadership has made it abundantly clear they are willing to sell America to the highest bidder. Well, I'm here to say America is not for sale.
Is nothing sacred in this country anymore? Is nothing off limits? How about Mount Vernon, George Washington's home? Would we drill there if Big Oil could make a few bucks? How about Gettysburg National Battlefield? I hear there may be some natural gas nearby. Why not check Grandma and Grandpa's backyard. You're already trying to take away their Medicare, so why stop there?
There are places in America that are not for sale and should be protected, and my amendment provides a test. Here's the test:
I pick two special areas to put to the test in this Congress. My amendment will prevent drilling within 5 miles of any of the Great Lakes or the Everglades.
Now, don't get me wrong, we must have robust domestic oil productionin fact, that is happening now. We are currently producing in America at higher levels than ever before. We have more domestic production than we import. Last year, U.S. crude oil production reached its highest level since 2003. And the Obama administration has offered and continues to offer millions of acres of public lands and Federal waters for oil and gas exploration and production.
In 2010, the Department of the Interior offered 37 million acres in the Gulf of Mexico for oil and gas exploration, but the oil companies have only tapped 2.4 million acres. So why are we going to open up even more public lands for drilling when we haven't even used one-fifteenth of what's available? It's a love story. It's a love story.

Last year, although Exxon made \$41 billion, BP made over $\$ 25$ billion, the Republicans saw to it that American taxpayers chipped in another $\$ 10$ billion from 2002 to 2008.

Well, enough is enough. We are not going to turn the Great Lakes into the "Okay Lakes," and we're not going to turn the Everglades into the "Neverglades." The Great Lakes and Everglades are not just environmental treasures; they are the lifeblood of our local economies. The Great Lakes and Everglades employ many Americans who work in tourism, lodging, fishing, and ecological industries.

I urge my colleagues not to play an enabling role in this tawdry love affair between most Republicans in Congress and Big Oil.

Vote "yes" on this motion and pledge your devotion to our great Nation rather than Big Oil.

I yield back the balance of my time.
Mr. HASTINGS of Washington. Mr. Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman is recognized for 5 minutes.

Mr. HASTINGS of Washington. Mr. Speaker, this is one more example where the other side is playing politics with American energy and American job creation.

At a time, Mr. Speaker, when Iran is threatening a global energy meltdown, the Middle East is undergoing numerous uprisings, China's thirst for oil is growing and our consumers are facing rising prices at the pump, it's time to secure our own future with Americanmade energy.

The other side talks about energy security. This legislation, the underlying legislation, offers real opportunity to expand our domestic energy production and secure our Nation.

The other side talks about Federal revenue. This legislation would bring in billions of dollars to the Federal and State governments and bring tens of billions of dollars of investment into this country.

Most importantly, Mr. Speaker, while the other side talks about creating jobs for Americans, this legislation will create hundreds of thousands of good-paying jobs for American workers. And while the other side cheapens these jobs by calling them temporary, we call these jobs what they really are-American jobs.

The underlying legislation sets out a commonsense action plan to secure our future, create jobs, and increase Federal revenue and investment into this country. Oppose this motion to recommit and vote "no," and vote "yes" on the underlying legislation.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered on the motion to recommit.

There was no objection.
The SPEAKER pro tempore. The question is on the motion to recommit. The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

RECORDED Vote
Ms. CASTOR of Florida. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.
The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 15 -minute vote on the motion to recommit will be followed by 5 -minute votes on passage of the bill, if ordered; and approval of the Journal, if ordered.
The vote was taken by electronic device, and there were-ayes 176 , noes 241 , not voting 16, as follows:
