BEGICH) was added as a cosponsor of amendment No. 1975 intended to be proposed to S. 1789, a bill to improve, sustain, and transform the United States Postal Service.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. LIEBERMAN (for himself and Mr. BLUMENTHAL):

S. 2286. A bill to amend the Wild and Scenic Rivers Act to designate certain segments of the Farmington River and Salmon Brook in the State of Connecticut as components of the National Wild and Scenic Rivers System, and for other purposes; to the Committee on Energy and Natural Resources.

Mr. LIEBERMAN. Mr. President, I rise today to introduce the Lower Farmington River and Salmon Brook Wild and Scenic River Act. I first would like to thank my colleague, Senator BLUMENTHAL, for joining me as a cosponsor of this legislation, and also wish to thank Congressman CHRIS MURPHY, who recently introduced an identical bill in the House.

My work to preserve and protect the Farmington River dates back many years, and holds a special place in my heart. In 1993 and 1994, in my first term in office, I worked with Congresswoman Nancy Johnson to introduce and pass legislation that added 14 miles of the Upper Farmington River, or the west branch of the river, to the National Wild and Scenic River System, becoming Connecticut's first addition to the system. In 2006, I again had the privilege of working with Rep. Johnson and Sen. Chris Dodd to introduce and pass the Lower Farmington River and Salmon Brook Wild and Scenic River Study Act, which authorized a study of the Lower Farmington, or the east branch of the river. Now complete, the study found that the Lower Farmington River and Salmon Brook possess outstanding natural, cultural, and recreational values. I am honored to return to the Senate floor today to introduce this legislation, which would add the Lower Farmington River and Salmon Brook to the Wild and Scenic Rivers System in order to preserve the extraordinary ecological and recreational values it brings to our state.

Passing through ten towns in northwestern Connecticut, the Lower Farmington River and Salmon Brook is home to extensive wetlands, unique geology, and stunning vistas. The pristine and unique qualities of this river system and the surrounding landscape provide visitors and residents alike, a special location for hiking, paddling, and fishing. This unspoiled natural retreat has a rich history that is only rivaled by its vibrant biodiversity. Archeologists have revealed that sites surrounding the river date back over 11,000 years. The timeline that has been discovered chronicles important Native American development as well as the birth and growth of our nation. From
