

gained eight A-10 aircraft and a number of full-time and part-time employment positions; and

Whereas, as part of a wide-ranging plan to reduce its total aircraft inventory, the Obama administration intends to propose in the 2013 budget request, the elimination of twenty-four A-10 aircraft that comprise the Air Force Reserve's 917th Fighter Group at Barksdale Air Force Base; and

Whereas, the Air Force plans to rebalance its overall ratio of regular, reserve, and Air National Guard forces at about sixty installations in thirty-three states and retire two hundred twenty-seven aircraft to support a new defense strategy known as the "Air Force Strategy and Structure Overview"; and

Whereas, for nearly eighty years the 917th Wing at Barksdale Air Force Base and the Shreveport-Bossier community have enjoyed a strong partnership, which provides jobs to the community and programs for the local children, and the elimination of the A-10 aircraft will have an adverse effect on not only the economy but the community as well. Therefore, be it

Resolved, That the Legislature of Louisiana does hereby memorialize congress to take such actions as are necessary to oppose the elimination of A-10 aircraft assigned to the 917th Fighter Group, based at Barksdale Air Force Base; and be it further

Resolved, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-127. A joint resolution adopted by the Legislature of the State of California urging the United States Congress to immediately enact the Achieving a Better Life Experience Act of 2011; to the Committee on Finance.

SENATE JOINT RESOLUTION NO. 18

Whereas, Many families are searching for a way to plan for the future of a child with developmental disabilities, which are costly to society and to families; and

Whereas, The Achieving a Better Life Experience Act of 2011 (ABLE Act), proposed in H.R. 3423 and S. 1872 and currently debated by Congress, would create disability savings accounts for individuals with developmental or other disabilities and their families, as a way to save for future needs with funds that could accrue interest tax free; and

Whereas, The ABLE Act would give individuals with developmental or other disabilities and their families an option for saving for their future financial needs in a way that supports their unique situation and makes it more feasible to live full and productive lives in their communities; and

Whereas, While many families are currently able to save for the educational needs of children through "529" college tuition plans, these plans do not fit the needs of children with developmental or other disabilities; and

Whereas, Many families recognize that loved ones with developmental or other disabilities may live for many decades beyond the ability of the parents or other family members to provide financial assistance and support; and

Whereas, Many families also want to ensure the financial security of family members who have the level of disability required for Medicaid eligibility, but for now, are managing to function without the use of those benefits and state resources; and

Whereas, The ABLE Act would create a savings fund for those with developmental or other disabilities that could be drawn upon for a variety of essential expenses, including

medical and dental care, education and employment training and support, assistive technology, housing and transportation, personal support services, and other expenses for life necessities; and

Whereas, Savings accounts opened under the ABLE Act would provide substantial flexibility to meet the specific needs of the individual, with a broad array of allowable expenses and no age limitations so that these funds can be used whenever they are needed; and

Whereas, The flexibility in expenses would also allow families to save with confidence even though they cannot always predict how independent their child will become: Now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature urges the President and the Congress of the United States to immediately enact the Achieving a Better Life Experience Act of 2011 (ABLE Act); and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President and Vice President of the United States, to the President pro Tempore of the United States Senate, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the author for appropriate distribution.

POM-128. A resolution adopted by the Odessa Chamber of Commerce, Odessa, Texas, in support of retaining top foreign students earning degrees in the fields of science, technology, engineering and mathematics (STEM) from American Universities; to the Committee on the Judiciary.
