SUBMITTED RESOLUTIONS

SENATE RESOLUTION 548—DESIGNATING THE WEEK BEGINNING SEPTEMBER 9, 2012, AS "NATIONAL DIRECT SUPPORT PROFESSIONAL RECOGNITION WEEK"

Mr. NELSON of Nebraska (for himself and Ms. COLLINS) submitted the following resolution; which was considered and agreed to:

S. RES. 548

Whereas direct support professionals, direct care workers, personal assistants, personal attendants, in-home support workers, and paraprofessionals (referred to in this preamble as "direct support professionals") are the primary providers of publicly funded long term supports and services for millions of individuals with disabilities;

Whereas a direct support professional must build a close, trusted relationship with an individual with disabilities;

Whereas a direct support professional assists an individual with disabilities with the most intimate needs on a daily basis;

Whereas direct support professionals perform a broad range of activities for individuals with disabilities, including preparing meals, managing medications, bathing, dressing, helping with mobility, providing transportation to school, work, and religious and recreational activities, and helping with general daily affairs;

Whereas a direct support professional provides essential support to help keep an individual with disabilities connected to the family and community of the individual;

Whereas direct support professionals enable individuals with disabilities to live meaningful, productive lives;

Whereas direct support professionals are the key to allowing an individual with disabilities to live successfully in the community and avoid more costly institutional care;

Whereas the majority of direct support professionals are female, and many are the sole breadwinners of their families;

Whereas, although direct support professionals work and pay taxes, many are impoverished and are eligible for the same Federal and State public assistance programs that individuals with disabilities depend on;

Whereas Federal policies, State policies, and the opinion of the Supreme Court in *Olmstead v. L.C.*, 527 U.S. 581 (1999) assert the right of an individual to live in his or her home and community;

Whereas the majority of direct support professionals are employed in home and community-based settings, and the percentage of direct support professionals employed in such settings is projected to increase during this decade;

Whereas there is a documented critical and growing shortage of direct support professionals in every community throughout the United States; and

Whereas many direct support professionals are forced to leave jobs due to inadequate wages and benefits, creating high turnover and vacancy rates, which, research demonstrates, adversely affects the quality of supports provided to individuals with disabilities: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week beginning September 9, 2012, as "National Direct Support Professionals Recognition Week";

(2) recognizes the dedication and vital role of direct support professionals, direct care workers, personal assistants, personal attendants, in-home support workers, and paraprofessionals (referred to in this resolution as "direct support professionals") in enhancing the lives of individuals of all ages with disabilities;

(3) appreciates the contribution of direct support professionals in serving needs that are beyond the capacity of millions of families in the United States;

(4) commends direct support professionals as integral participants in the long-term support and services system of the United States; and

(5) finds that the successful implementation of the public policies of the United

States depends on the dedication of direct support professionals.

SENATE RESOLUTION 549—DESIGNATING SEPTEMBER 2012 AS “CAMPUS FIRE SAFETY MONTH”

Mr. LAUTENBERG (for himself and Ms. COLLINS) submitted the following resolution; which was considered and, agreed to:

S. RES. 549

Whereas, each year, States across the United States formally designate the month of September as “Campus Fire Safety Month”;

Whereas, since January 2000, at least 152 people, including students, parents, and children, have died in campus-related fires;

Whereas 85 percent of those deaths occurred in off-campus residences;

Whereas a majority of college students in the United States live in an off-campus residence;

Whereas many fatal fires have occurred in a building in which the occupants had compromised or disabled the fire safety system;

Whereas automatic fire alarm systems provide the early warning of a fire that is necessary for occupants of a building and the fire department to take appropriate action;

Whereas automatic fire sprinkler systems are a highly effective method of controlling or extinguishing a fire in the early stages, thus protecting the lives of building occupants;

Whereas many college students live in an off-campus residence, fraternity or sorority housing, or a residence hall that is not adequately protected by automatic fire sprinkler systems and automatic fire alarm systems;

Whereas fire safety education is an effective method of reducing the occurrence of fires and the resulting loss of life and property damage;

Whereas college students do not routinely receive effective fire safety education while in college;

Whereas educating young people in the United States about the importance of fire safety is vital to help ensure that young people engage in fire-safe behavior during college and after college; and

Whereas developing a generation of adults who practice fire safety may significantly reduce future loss of life from fires: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 2012 as “Campus Fire Safety Month”; and

(2) encourages administrators of institutions of higher education and municipalities across the United States—

(A) to provide educational programs to all college students in September and throughout the school year;

(B) to evaluate the level of fire safety being provided in both on-campus and off-campus student housing; and

(C) to ensure fire-safe living environments through fire safety education, the installation of fire suppression and detection systems, and the development and enforcement of applicable codes relating to fire safety.

SENATE RESOLUTION 550—DESIGNATING SEPTEMBER 13, 2012, AS “NATIONAL CELIAC DISEASE AWARENESS DAY”

Mr. NELSON of Nebraska (for himself and Mr. INHOFE) submitted the following resolution; which was considered and agreed to:

S. RES. 550

Whereas according to the National Center for Health Statistics of the Centers for Disease Control and Prevention, celiac disease affects approximately 1 in every 141 people in the United States;

Whereas the majority of people with celiac disease have yet to be diagnosed;

Whereas celiac disease is a chronic inflammatory disorder that is classified as both an autoimmune condition and a genetic condition;

Whereas celiac disease causes damage to the lining of the small intestine, which results in overall malnutrition;

Whereas when a person with celiac disease consumes foods that contain certain protein fractions, that person suffers a cell-mediated immune response that damages the villi of the small intestine, interfering with the absorption of nutrients in food and the effectiveness of medications;

Whereas such problematic protein fractions are found in wheat, barley, rye, and oats, which are used to produce many foods, medications, and vitamins;

Whereas because celiac disease is a genetic disease, there is an increased incidence of celiac disease in families with a known history of celiac disease;

Whereas celiac disease is underdiagnosed because the symptoms can be attributed to other conditions and are easily overlooked by doctors and patients;

Whereas as recently as 2000, the average person with celiac disease waited 11 years for a correct diagnosis;

Whereas ½ of all people with celiac disease do not show symptoms of the disease;

Whereas celiac disease is diagnosed by tests that measure the blood for abnormally high levels of the antibodies of immunoglobulin A, antitissue transglutaminase, and IgA antiendomysium antibodies;

Whereas celiac disease can be treated only by implementing a diet free of wheat, barley, rye, and oats, often called a “gluten-free diet”; and

Whereas a delay in the diagnosis of celiac disease can result in damage to the small intestine, which leads to an increased risk for malnutrition, anemia, lymphoma, adenocarcinoma, osteoporosis, miscarriage, congenital malformation, short stature, and disorders of the skin and other organs;

Whereas celiac disease is linked to many autoimmune disorders, including thyroid disease, systemic lupus erythematosus, type 1 diabetes, liver disease, collagen vascular disease, rheumatoid arthritis, and Sjögren’s syndrome;

Whereas the connection between celiac disease and diet was first established by Dr. Samuel Gee, who wrote, “if the patient can be cured at all, it must be by means of diet”;

Whereas Dr. Samuel Gee was born on September 13, 1839; and

Whereas the Senate is an institution that can raise awareness in the general public and the medical community of celiac disease: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 13, 2012, as “National Celiac Disease Awareness Day”;

(2) recognizes that all people of the United States should become more informed and aware of celiac disease;

(3) calls upon the people of the United States to observe National Celiac Disease Awareness Day with appropriate ceremonies and activities; and

(4) respectfully requests the Secretary of the Senate to transmit a copy of this resolution to the Celiac Sprue Association, the American Celiac Society, and the Celiac Disease Foundation.
