S. CON. RES. 50

Whereas given the importance of the Internet to the global economy, it is essential that the Internet remain stable, secure, and free from government control;

Whereas the world deserves the access to knowledge, services, commerce, and communication, the accompanying benefits to economic development, education, and health care, and the informed discussion that is the bedrock of democratic self-government that the Internet provides;

Whereas the structure of Internet governance has profound implications for competition and trade, democratization, free expression, and access to information;

Whereas countries have obligations to protect human rights, which are advanced by online activity as well as offline activity;

Whereas the ability to innovate, develop technical capacity, grasp economic opportunities, and promote freedom of expression online is best realized in cooperation with all stakeholders;

Whereas proposals have been put forward for consideration at the 2012 World Conference on International Telecommunications that would fundamentally alter the governance and operation of the Internet;

Whereas the proposals, in international bodies such as the United Nations General Assembly, the United Nations Commission on Science and Technology for Development, and the International Telecommunication Union, would attempt to justify increased government control over the Internet and would undermine the current multistakeholder model that has enabled the Internet to flourish and under which the private sector, civil society, academia, and individual users play an important role in charting its direction;

Whereas the proposals would diminish the freedom of expression on the Internet in favor of government control over content;

Whereas the position of the United States Government has been and is to advocate for the flow of information free from government control; and

Whereas this and past Administrations have made a strong commitment to the multistakeholder model of Internet governance and the promotion of the global benefits of the Internet: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that the Secretary of State, in consultation with the Secretary of Commerce, should continue working to implement the position of the United States on Internet governance that clearly articulates the consistent and unequivocal policy of the United States to promote a global Internet free from government control and preserve and advance the successful multistakeholder model that governs the Internet today.

(Purpose: In the nature of a substitute)

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Barona Band of Mission Indians Land Transfer Clarification Act of 2012".

SEC. 2. FINDINGS; PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) the legal description of land previously taken into trust by the United States for the benefit of the Barona Band of Mission Indians may be interpreted to refer to private, nontribal land;

(2) there is a continued, unresolved disagreement between the Barona Band of Mission Indians and certain off-reservation property owners relating to the causes of diminishing native groundwater;

(3) Congress expresses no opinion, nor should an opinion of Congress be inferred, relating to the disagreement described in paragraph (2); and

(4) it is the intent of Congress that, if the land described in section 121(b) of the Native American Technical Corrections Act of 2004 (118 Stat. 544) (as amended by section 3) is used to bring water to the Barona Indian

Reservation, the effort is authorized only if the effort also addresses water availability for neighboring off-reservation land located along Old Barona Road that is occupied as of the date of enactment of this Act by providing guaranteed access to that water supply at a mutually agreeable site on the southwest boundary of the Barona Indian Reservation.

(b) PURPOSES.—The purposes of this Act are—

(1) to clarify the legal description of the land placed into trust for the Barona Band of Mission Indians in 2004; and

(2) to remove all doubt relating to the specific parcels of land that Congress has placed into trust for the Barona Band of Mission Indians.

SEC. 3. LAND TRANSFER.

Section 121 of the Native American Technical Corrections Act of 2004 (Public Law 108-204; 118 Stat. 544) is amended—

(1) by striking subsection (b) and inserting the following:

"(b) DESCRIPTION OF LAND.—The land referred to in subsection (a) is land comprising approximately 86.87 acres in T. 14 S., R. 1 E., San Bernardino Meridian, San Diego County, California, and described more particularly as follows:

"(1) The approximately 69.85 acres located in Section 21 and described as—

"(A) SW¼ SW¼, excepting the north 475 feet;

"(B) W½ SE¼ SW¼, excepting the north 475 feet;

"(C) E½ SE¼ SW¼, excepting the north 350 feet; and

"(D) the portion of W½ SE¼ that lies southwesterly of the following line: Beginning at the intersection of the southerly line of said SE¼ of Section 21 with the westerly boundary of Rancho Canada De San Vicente Y Mesa Del Padre Barona as shown on United States Government Resurvey approved January 21, 1939, and thence northwesterly along said boundary to an intersection with the westerly line of said SE¼.

"(2) The approximately 17.02 acres located in Section 28 and described as NW¼ NW¼, excepting the east 750 feet.";

and

(2) by adding at the end the following:

"(d) CLARIFICATIONS.—

"(1) EFFECT ON SECTION.—The provisions of subsection (c) shall apply to the land described in subsection (b), as in effect on the day after the date of enactment of the Barona Band of Mission Indians Land Transfer Clarification Act of 2012.

"(2) EFFECT ON PRIVATE LAND.—The parcel of private, non-Indian land referenced in subsection (a) and described in subsection (b), as in effect on the day before the date of enactment of the Barona Band of Mission Indians Land Transfer Clarification Act of 2012, but excluded from the revised description of the land in subsection (b) was not intended to be—

"(A) held in trust by the United States for the benefit of the Band; or

"(B) considered to be a part of the reservation of the Band.";

The bill (S. 3193), as amended, was ordered to be engrossed for a third reading, was read the third time, and passed.
