IN HONOR OF ROBERT "BOB"
WILLIAMS

HON. KEVIN BRADY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2013

Mr. BRADY of Texas. Mr. Speaker, I would like to honor my dear friend, Mr. Robert "Bob" Williams on the occasion of his 95th birthday. It may be hard to believe this, but neither I—nor my intrepid staff—can seem to find a good cause in The Woodlands that Bob has not been instrumental in or supported.

How many 95 year olds do you know that are using their birthday to raise funds and food for the needy? But, that's Bob. He is spending his birthday morning this Saturday at the Panther Creek Randalls store collecting non-perishable food and much needed money for InterFaith's Food Pantry. But, that's our Bob.

Almost as soon as he moved to The Woodlands, Bob was busy helping to establish our first YMCA. From being a charter member of the Woodlands Community Presbyterian Church and a Hometown Hero, Bob Williams knows a lot about service. An Eagle Scout, World War II veteran and lifelong Kiwanis Club member, Bob founded The Woodlands first Kiwanis Club. Nearly 60 years later, he is still a distinguished member and his hard work is evident in the Kiwanis Breakfast and Key Clubs in four Woodlands High Schools that teach our young students community service.

Bob walks the walk he talks every day. Whether it be in Kiwanis, the Special Olympics, his church, the YMCA or InterFaith, he leads by example with humor and caring.

An amazing tennis player also known for his beautiful singing voice and for—get this—driving himself all over the United States; it's not unusual to hear how he just road-tripped the Midwest or Florida. That's Bob.

Between his 90th and 95th birthday, he tried to go home again to Chicago, but it didn't take him long to realize Texas was home now. We are grateful for that epiphany because we are better for his service.

Mr. Speaker, it is my honor to recognize my friend Bob Williams for his countless—and ongoing—contributions to The Woodlands. I urge you to join me in recognizing Bob Williams for his many years of service, which I know will continue long after the candles are blown out on his 95 birthday cake.

DANIEL "TINY" CROSS

HON. BILLY LONG
OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2013

Mr. LONG. Mr. Speaker, I rise today to recognize and honor Daniel "Tiny" Cross of Bolivar, Missouri, whose hand-carved hobo nickels have been included in the National Numismatic Collection of the Smithsonian National Museum of American History.

Tiny became interested in numismatics quite some years ago, collecting hobo coins, specifically, about a decade ago, and carving his own about two years ago. In 2003, he joined the American Numismatic Association and, became the district representative for the State of Missouri. While attending a numismatic seminar in Colorado, he met the collection manager for the Smithsonian Institution National Numismatic Collection, and she found his coins very interesting.

Unlike many numismatic artists, Tiny does all of his work by hand. A unique staple of Tiny's work includes golf hats carved on the bearded men on his coins. His work has captured the attention of many and will be a fantastic addition to the Smithsonian collection.

RECOGNIZING PAUL HERZOG

HON. MICHELLE LUJAN GRISHAM
OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2013

Ms. MICHELLE LUJAN GRISHAM of New Mexico. Mr. Speaker, I rise to honor New

Mexico resident Paul Herzog and thank him for his service as he prepares to retire as the Chief Executive Officer at Memorial Medical Center in Las Cruces.

I want to acknowledge the innovation and hard work of a true professional who successfully guided Memorial Medical Center during the past decade. I understand and appreciate the challenges of running a hospital, particularly during an era of drastic changes in the health care industry. Paul Herzog not only overcame those challenges, he also positioned Memorial Medical Center to succeed and provide the best possible care to the community—a standard that should be set for all hospitals.

Paul Herzog has 40 years of experience in the health care industry. He previously led the Albuquerque Regional Medical Center in Albuquerque before taking over as Chief Executive Officer at Memorial Medical Center in Las Cruces.

During his tenure, Paul Herzog led several successful efforts to improve Memorial Medical Center, including:

Overseeing a \$5.7 million renovation of the hospital.

Making cardiology, oncology, women's services and emergency services top priorities.

Developing the Memorial Medical Cancer Center, a medical oncology center, as a department of the hospital contracted with the University of New Mexico for physician services, a research nurse and a nurse practitioner.

Overseeing Memorial Ikard Cancer Treatment Center during its accreditation by the American College of Radiology.

Creating an additional 20 Critical Care Unit beds, with a total of 43 Intensive Care Unit/CCU beds.

Creating a new urgent care clinic.

Overseeing the accreditation of the medical residency program.

Creating a neonatal program.

Creating a hospitality program.

Under Paul Herzog's leadership, Memorial Medical Center was named the "Best Practice" in 2011 by the U.S.-Mexico Border Centers of Excellence Consortium for its ability to retain physicians; and named "Best Hospital" by Readers' Choice Awards for 2003–2012.

Paul Herzog has played a pivotal role in ensuring that rural hospitals can provide exceptional care and services to their communities, and his leadership will be greatly missed. On behalf of all New Mexicans, I wish Paul Herzog the best in his future endeavors.

IN RECOGNITION OF THE NORTH-EAST PENNSYLVANIA LIONS EYE BANK FOR 55 YEARS OF RESTORING SIGHT

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2013

Mr. CARTWRIGHT. Mr. Speaker, I rise today to honor the Northeast Pennsylvania Lions Eye Bank, whose mission for 55 years has been restoring the gift of sight to those with visual impairments. The Northeast Penn-

sylvania Lions Eye Bank serves 37 counties and patients at over 60 hospitals, but their work benefits people across the globe. If no suitable corneal transplant recipient is found locally, they conduct searches nationally and internationally to ensure that all transplantable tissue reaches someone in need.

The Northeast Pennsylvania Lions Eye Bank has helped over 30,000 people worldwide who were in need of corneal donation and transplantation. Specializing in obtaining, evaluating, and distributing corneal tissue, they use state-of-the-art technology and the highest medical standards to certify that all donated eye tissue is completely safe for sight-restoring surgery.

In addition to facilitating tissue donation, the Northeast Pennsylvania Lions Eye Bank provides services for donors, their families, hospitals, and transplant surgeons. The Eye Bank helps transplant recipients connect with support groups and provides an array of educational and informational programs for the public and the medical community. They coordinate with other organ and tissue donor agencies in Pennsylvania and across the country to provide these services.

Each year over 50,000 Americans and hundreds of thousands more around the world suffer from corneal blindness. Since there is no substitute for human corneal tissue, all of the Eye Bank's efforts depend upon the generosity of voluntary corneal tissue donors. Today I salute the Northeast Pennsylvania Lions Eye Bank's efforts to help those selfless donors turn their generosity into the gift of sight for thousands of visually impaired individuals.

IN RECOGNITION OF JULIENNE SAUER

HON. ERIC SWALWELL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 4, 2013

Mr. SWALWELL of California. Mr. Speaker, today I rise to congratulate Julianne Sauer, of San Ramon, California. Fourteen-year-old Julianne recently was awarded second place in the science category of the Broadcom MASTERS 2013 National Science Fair.

The Broadcom MASTERS National Science Fair challenges sixth, seventh, and eighth grade scientists to explore STEM experiments and projects. Julianne was selected as one of thirty finalists from thousands of nominees by a panel of distinguished scientists and engineers.

Julianne's project was titled Quantum Locking: The Future of Frictionless Motion. She tested two different types of superconductors to explore which produced a magnetic field that would support the most weight. Scientists today are using this type of research to determine how to use frictionless motion to propel high speed rail and other projects. It is important that young scientists like Julianne have opportunities to pursue their passions.

I applaud Julianne's success. Her achievement, especially at such a young age, is remarkable. She is an inspiration and should serve as a role model for other young students looking to pursue a STEM education around the country. I offer Julianne my heartfelt congratulations, and I wish her the best of luck in her future endeavors.
