

EXTENSIONS OF REMARKS

RECOGNIZING THE 170TH ANNIVERSARY OF B'NAI B'RITH INTERNATIONAL

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 11, 2013

Mr. WAXMAN. Mr. Speaker, today I rise to recognize the 170th Anniversary of B'nai B'rith International. I am proud to acknowledge the accomplishments of the oldest existing Jewish service agency and celebrate their achievements.

On October 13, 1843, twelve German Jewish immigrants convened to address the challenges of their growing community. Immediately, they established a financial support system for families of the deceased, open a Jewish public library, and assisted flood victims in Baltimore. They also began to speak out against anti-Semitism. These early priorities of advocacy, education, and community support can still be seen in B'nai B'rith's work around the world today.

B'nai B'rith is one of Israel's strongest advocates in the United States and Europe. Working with policymakers in the United States, the European Union, and the United Nations, B'nai B'rith has championed Israel's right to defend itself, advanced the rights of Jewish refugees in the Middle East, and ensured that life insurance companies cannot refuse coverage due to travelling to Israel.

B'nai B'rith has also sustained the health and well-being of the aged through advocating for senior services, tirelessly working for affordable access to medical care, and providing housing for seniors. In partnership with the Department of Housing and Urban Development, B'nai B'rith is the largest Jewish sponsor of subsidized housing in the United States. Residents are accepted regardless of religion, race, or handicap.

Following the Jewish tradition that every life is sacred, B'nai B'rith assists victims of natural disasters around the world. From the Great Chicago Fire of 1871 to the 2010 earthquake in Haiti, B'nai B'rith is on the front lines helping those who need it most.

This esteemed organization is a beacon to all who strive for a safer, healthier, more tolerant world. I welcome the opportunity to stand with B'nai B'rith International on the 170th anniversary of its establishment.

IN RECOGNITION OF CHIEF GEORGE BAKER

HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 11, 2013

Mr. KEATING. Mr. Speaker, I rise today to recognize Chief George Baker upon his retirement from the Mashpee Fire Department.

Chief Baker has spent the past thirty years serving the town of Mashpee through his in-

valuable service to the Mashpee Fire Department, filling the role of Fire Chief for the past two decades. His many friends and colleagues describe him as a man truly dedicated to his service, always putting his fellow firemen and the Mashpee community first. Even on his last day at the Department, Chief Baker chose to wear a blue firefighter's uniform instead of his usual white chief's uniform to remember his earlier years of service, and he spent the day responding to emergency calls throughout the community. His dedication to helping others sets an example for us all to follow, and I know I speak for many when I say that his accomplishments have been invaluable to the town of Mashpee.

Mr. Speaker, I am honored to recognize Chief George Baker upon his retirement from the Mashpee Fire Department. I ask that my colleagues join me in thanking Chief Baker for his many years of service.

TRIBUTE TO UNITED STATES VETERANS INITIATIVE

HON. ADAM B. SCHIFF

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 11, 2013

Mr. SCHIFF. Mr. Speaker, I rise today to honor the United States Veterans Initiative upon its 20th anniversary.

U.S. Vets is the nation's largest nonprofit provider of comprehensive services such as housing, counseling, and career development to homeless and at-risk veterans. Since its founding, U.S. Vets has established 11 facilities across the nation dedicated to providing vital services to over 20,000 veterans and their families.

In 1992, the West Los Angeles Veteran Affairs Medical Center discovered that 25% of its veterans were being discharged into homelessness. As a result, "The Genesis Committee" was formed under the guidance of Ninth Circuit Court of Appeals Judge Harry Pregerson, a Marine veteran of World War II, to address the dire need for veteran housing. "The Genesis Committee" later became the first U.S. Vets Board of Directors.

U.S. Vets opened its inaugural site, the Westside Residence Hall in Inglewood, California, in 1993 with five veterans. Since then, U.S. Vets has risen to national prominence with locations in Houston, Texas; Las Vegas, Nevada; Phoenix, Arizona; Honolulu, Hawaii; and Washington, D.C. In 2000, U.S. Vets opened the largest transitional housing facility for homeless veterans in the nation, Villages at Cabrillo, a 26-acre project in Long Beach, California that houses over 550 veterans.

To address the continually evolving needs of veterans, U.S. Vets has expanded their efforts into specialized programming to provide services to veterans of Iraq and Afghanistan, female veterans, and the chronically mentally ill.

The time, energy and care the United States Veterans Initiative has given to our veterans in

need is truly extraordinary, and the nation as a whole has greatly benefitted from their dedicated efforts. At this time, I ask all Members to join me in congratulating the United States Veterans Initiative upon its 20th anniversary.

RECOGNIZING THE 50TH ANNIVERSARY OF NORTHWEST FLORIDA STATE COLLEGE

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 11, 2013

Mr. MILLER of Florida. Mr. Speaker, I rise today to recognize the 50th anniversary of Northwest Florida State College located in Niceville, Florida. Throughout the past 50 years, its faculty and students have exhibited an assiduous dedication to excellence that has led to the college's growth from its beginnings as a junior college with a makeshift campus to now a state college with seven campuses and centers and six bachelor's degree programs. I am proud to congratulate them on this great achievement.

Access to education is one of the most vital components for a successful society, and in the spring of 1963, the Florida Legislature, recognizing the opportunity to better serve the educational needs of the citizens in Northwest Florida, authorized the establishment of a junior college to be located in Okaloosa County. Originally named the Okaloosa-Walton Junior College, its doors opened for the first time to 767 students in a temporary location in the City of Valparaiso, Florida on August 24, 1964. In honor of the heroism of the Doolittle Raiders, the students chose "Raiders" as their college's official mascot.

Just a few years and an Act of Congress later, the permanent home for the college in Niceville was established. In 2004, the college name was officially changed to Okaloosa-Walton College in reflection of the new accreditation to award bachelor's degrees, and in 2008, it was changed to Northwest Florida State College, upon the creation of the Florida College System.

While its name and structure has evolved throughout its 50-year history, students have never stopped pouring through its doors. Students of all ages made the college their alma mater, whether high school students taking dual enrollment courses or adults simply interested in expanding their knowledge in a variety of areas. Fifty years; seven locations; numerous state, regional, and national athletic titles; and more than 350,000 students later, Northwest Florida State College is recognized for its cultural enrichment and stellar educational opportunities provided to the Northwest Florida community.

Mr. Speaker, on behalf of the United States Congress, it is an honor for me to rise today to recognize the 50th anniversary of Northwest Florida State College. My wife Vicki and I join the citizens of Northwest Florida in congratulating the faculty, students, and alumni of the

college on its golden anniversary. We wish them many more years of continued success.

DEPARTMENT OF DEFENSE SURVIVOR BENEFITS CONTINUING APPROPRIATIONS RESOLUTION, 2014

SPEECH OF

HON. LYNN A. WESTMORELAND

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 9, 2013

Mr. WESTMORELAND. Mr. Speaker, I rise today to support H.J. Res. 91.

This past Sunday four of our brave soldiers were killed in Afghanistan by a roadside bomb. Those four included an Army nurse from Joint Base Lewis-McChord, an Army criminal investigator from the 5th Military Police Battalion in Vicenza, Italy, and two Army Rangers from Company B, 3rd Battalion, 75th Ranger Regiment, at Fort Benning, Georgia, which borders my Congressional District, and which I feel a deep commitment to.

And earlier this week I was shocked and angered to learn that the Secretary of Defense and the President were withholding the Death Gratuity for the families of these fallen heroes.

For those of you who do not know what that is, the Death Gratuity is a benefit payable to a designated beneficiary, in a lump sum of \$100,000, for a death on active duty or inactive duty training, and Burial Benefits which provide up to \$10,500 to survivors to cover expenses related to the burial of the service member.

In order to prevent these kinds of delays in benefits, on September 29th, with my full support, the House passed H.R. 3210, the Pay Our Military Act. On September 30th the bill was passed by the Senate and signed into law by President Obama.

Among other things, that bill was to ensure that during the shut down there would be funds available to provide pay and allowances to members of the Armed Forces, including reserve components, who are performing active service.

The Congressional intent of the legislation was clear: to give the Department of Defense the authority to pay these very types benefits to the men and women of this great Nation who have sacrificed to preserve our freedoms. It is a shame that the President and Secretary of Defense are playing politics and not honoring the Congressional intent of the bill already signed into law.

What is even more shameful is that as the Commander in Chief, President Obama is not honoring that role. As the head of our Nation's military, I find it incomprehensible that he has not ordered these benefits to be paid out no matter what. Congress has already approved these funds, but the buck stops with the President, literally. How can the leader of our military turn his back on those he swore to lead?

It is for that reason I speak in support of H.J. Res. 91. This bill will ensure death gratuities and related survivor benefits will be paid out to those families who have given the ultimate sacrifice for our nation.

I hope both sides of the aisle show the president today that he cannot play politics at the expense of our fallen service men and women, and their families, and give these brave soldiers the respect they deserve.

BORDER SECURITY AND ENFORCEMENT CONTINUING APPROPRIATIONS RESOLUTION, 2014

SPEECH OF

HON. YVETTE D. CLARKE

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 10, 2013

Ms. CLARKE. Mr. Speaker, I am deeply concerned that Republican-Majority has brought a bill (H.J. Res. 79) to the floor that would provide funds solely for specific offices within the Department of Homeland Security. DHS deemed 86 percent of its employees essential during this forced Republican government shutdown; however, this bill only provides funds for: Immigration and Customs Enforcement, National Protection and Programs Directorate's office of Biometric Identity Management, Coast Guard, Customs and Border Protection, and Citizenship and Immigration Services.

The bill does not provide critical funding for many of the other offices within the DHS that play a vital role in protecting our country. As the Ranking Member of the Subcommittee on Cybersecurity, Infrastructure Protection, and Security Technologies, I advocate for funding of the offices and programs that protect our nation from cyber attacks and monitor our critical infrastructure.

The consequences of accepting this piecemeal bill are very severe, a very risky impediment to the daily duties and services that DHS provides for our country's protection. Providing funds for the DHS, as a whole, is vital to our homeland security. Republicans continue to use this piecemeal approach; showing a reckless disdain for the Federal government and her dedicated employees, which fails to grasp the bigger picture, and have failed to bring an end to this government shutdown. We must, and cannot accept these extortion tactics.

I urge my colleagues to reject this bill and vote for a clean CR, and to raise the debt limit now.

HONORING THE FLORIDA ATLANTIC UNIVERSITY FOR OVER 40 YEARS OF EXCELLENCE IN OFFERING VALUABLE HIGHER EDUCATION

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, October 11, 2013

Mr. HASTINGS of Florida. Mr. Speaker, I rise today to honor Florida Atlantic University (FAU) for their excellence in offering valuable educational opportunities to the residents of South Florida for more than 40 years.

FAU first began operating in my district in 1971 with the opening of the Commercial Boulevard campus in Fort Lauderdale. This campus saw high enrollment and immediate success, and in 1987—just eleven years later—FAU began construction of the Reubin O'D. Askew Tower in downtown Fort Lauderdale. In 1989, the Florida Legislature designated FAU as the lead state university serving Broward County. Shortly thereafter, another large campus was established in Davie. The latest addition to these FAU campuses is a state-of-the-

art, 12-story Higher Education Complex, also located in downtown Fort Lauderdale.

Throughout its history in Broward County, FAU has worked in close cooperation with Broward College, establishing a system of seamless transition from lower-division to upper-division work that can be called a model for the Nation. Thousands of place-bound students who otherwise would have been unable to obtain a university education have earned degrees on FAU's Broward campuses, and have gone on to pursue successful careers in fields that include architecture, public administration, business, communication, engineering, computer science, criminology and criminal justice, social work, urban and regional planning, education, nursing, the arts and sciences, and many more.

FAU boasts the most diverse student body in all of Florida's public universities. With nearly half of the population representing minority groups or foreign nations, their 30,000 member student body was recently ranked the 27th most diverse university in America by the U.S. News & World Report. Students from Broward make up almost 40 percent of this body, maintaining the county's historic status as the home of the greatest number of FAU students and alumni.

Furthermore, it is focused on preserving and protecting the future of South Florida and helping cities all over the world face the challenges of the 21st century. On the Davie campus, FAU researchers are engaged in a critically important initiative to understand and mitigate the major human-caused stressors that have created grave damage to the Everglades. In the Atlantic Ocean, off the coast of Broward County, FAU engineers affiliated with the Southeast National Marine Renewable Energy Center are working to establish the world's first offshore turbine test site, with the goal of advancing the effort to generate energy from ocean currents.

In Dania Beach, residents are being served by a new nano-filtration facility that has vastly improved the quality of the water they receive in their homes. Designed with input from FAU engineering faculty members and students, this is the first water treatment plant in the world to receive Gold Leadership in Energy and Environmental Design certification from the U.S. Green Building Council.

Mr. Speaker, it is my distinct pleasure to recognize Florida Atlantic University for the tremendous work that the institution has done in South Florida for over 40 years. I want to express my sincerest gratitude for their leadership in both providing opportunities for higher education and addressing many environmental issues in the community. I wish the University all my best and many more years of continued success.

COMMENDING NORTHEASTERN UNIVERSITY FOR ITS SECOND ANNUAL HIGHER EDUCATION INNOVATION PUBLIC SURVEY

HON. JAMES P. MCGOVERN

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 11, 2013

Mr. MCGOVERN. Mr. Speaker, with jobs and the economic recovery continuing to be a top concern of many of my constituents, I rise
