

For his involvement in the Sea Marshal Program, Michael Riley was awarded the 9/11 medal by the United States Department of Transportation. This is a very highly regarded honor that recognizes civilians or military men and women who made significant and heroic accomplishments after the September 11, 2011, terrorist attacks on our country. Overall, Michael has received 20 medals and ribbons throughout his illustrious career, the highest one being the 9/11 medal.

Michael exemplifies a true American patriot who never let anyone or anything stand in his way. I've met Michael several times. He's never been someone to boast about his prestigious accomplishments being the humble person he is. However, today, I would like to thank him and recognize him for his dedication to keeping America the "land of the free and the home of the brave." Despite the hardships, he faced when he was young, and everyone that told him he couldn't do it, he served our country and he served it well. It takes a very special kind of person to accomplish everything that Michael did throughout his service to America.

And that's just the way it is.

HON. PETER J. VISCLOSKY

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. VISCLOSKY. Mr. Speaker, it is with deep respect and admiration that I rise to commend five exceptional leaders from Indiana who were recently honored as the Northwest Indiana Business and Industry Hall of Fame's Class of 2013. Created by The Times and BusiNess magazine, induction into the Indiana Business and Industry Hall of Fame is determined by a panel of local civic and business leaders. While there were many deserving nominees, the individuals selected as the 2013 Indiana Business and Industry Hall of Fame inductees include: former Senator Richard Lugar, Tom Collins Sr., Danita Johnson Hughes, Tom Sourlis, and Steve Teibel. For their many contributions to the enhancement of Northwest Indiana, these honorees will be recognized at a ceremony at the Radisson Hotel at Star Plaza in Merrillville, Indiana, on Friday, March 22, 2013.

Former Senator Richard Lugar, from Indianapolis, is the Lifetime Achievement Award recipient for 2013. Richard Lugar's first elected office was on the Indianapolis Public Schools Board of Commissioners, where he served from 1964 until 1967. He was then elected mayor of Indianapolis in 1967, and under his leadership the city and Marion County governments merged through Unigov. After serving two terms as mayor, Richard Lugar was elected to the United States Senate in 1976. During his 36 years in office, Senator Lugar proved to be a noteworthy leader, extending a positive influence upon urban policy, American agricultural policy, and foreign policy. He is an activist for American energy independence, strong national security, U.S. leadership in the world, and economic growth. Senator Richard Lugar and Senator Sam Nunn were nominated for the Nobel Peace Prize in 2000 for the

Nunn-Lugar Cooperative Threat Reduction Program, which reduced the nuclear threat created by the breakup of the former Soviet Union. Currently, Richard Lugar is working with Indiana University as a distinguished scholar and professor of practice in the university's new School of Global and International Studies. He also co-chairs the new Indiana University International Advisory Committee with former U.S. Representative Lee Hamilton. Senator Lugar is worthy of the honors bestowed upon him and we are truly blessed as a nation for his extraordinary career in American government.

Tom Collins Sr., of Valparaiso, is the chief executive officer of Luke Oil, a family owned and operated business that was founded in 1967 by Tom's father-in-law, Ralph Luke, in Hobart, Indiana. Currently, the company distributes more than 300 million gallons of fuel annually in the Midwest. Luke Oil's sales reached the \$1 billion mark last year and their volume has grown 20 percent each year for the past five years. In 2005, the company bought County Line Orchard, in Hobart, where they have held numerous fundraisers to benefit charities including the Food Bank of Northwest Indiana and various veterans' organizations. For his exemplary leadership skills, and his dedication to supporting charitable organizations, Tom Collins is to be commended.

Danita Johnson Hughes is the president and chief executive officer of Edgewater Systems for Balanced Living in Gary. Edgewater is an organization that provides behavioral healthcare services to individuals and families in the community of Gary and throughout the region. Under Danita's remarkable leadership, the organization has become a respected resource for those in need, and through its services, Edgewater touches the lives of more than 100,000 people each year. Danita continues to give back to the community and dedicates much of her time to the One Region, One Vision initiative and the Northwest Indiana Forum.

Tom Sourlis is the founder and chairman of Mortar Net Solutions, in Burns Harbor. Mortar Net, a product invented by Tom, prevents mortar droppings from clogging weepholes designed to allow water to exit a building wall. Mortar Net is a hugely successful product and is currently used on cavity wall construction throughout North America. In addition to his successful business, Tom devotes much of his time, efforts, and support to charitable organizations throughout Northwest Indiana, including Tradewinds, the Crisis Center, Parents as Teachers, and the Porter County Community Foundation. For his passionate devotion to such causes, Tom is worthy of the highest praise.

Steven Teibel is the third generation of his family to own and operate Teibel's Family Restaurant, in Schererville, which originally opened in 1929. Due to Steven's tremendous leadership skills and excellent customer service, Teibel's continues to succeed and remains a staple in Northwest Indiana. Steven also dedicates much of his time and efforts to serving those in need and is very active in numerous community organizations, including Meals on Wheels, the Hammond YMCA, the American Heart Association, and the Shrine of Christ's Passion. For his commitment to community service, Steven is to be commended.

Mr. Speaker, the lives of every citizen living in Northwest Indiana has been enriched be-

cause of the selfless good work of these five extraordinary individuals. I ask you and my distinguished colleagues to join me in commending these outstanding leaders on their induction into the Northwest Indiana Business and Industry Hall of Fame. HON. JULIA BROWNLEY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Ms. BROWNLEY of California. Mr. Speaker, I rise today to congratulate the American Cancer Fund for Children and Kids Cancer Connection on the occasion of their 20th anniversary, and to recognize them for their invaluable contributions to the cancer community.

The City of Thousand Oaks, in my Congressional district of Ventura County, has proclaimed April 13–20 as "Childhood Cancer Awareness Week." I am pleased to join Mayor Claudia Bill-de-La Pena in thanking Steven Firestein, the founder of American Cancer Fund for Children and its sister organization, Kids Cancer Connection, for his dedication and compassion, which has helped thousands of children living with this terrible disease.

The American Cancer Fund for Children and the Kids Cancer Connection provide vital psychosocial services for children undergoing cancer treatment at Children's Hospital Los Angeles, Los Angeles County; University of Southern California Medical Center; Mattel Children's Hospital at Ronald Reagan—University of California Los Angeles Medical Center, and other hospitals across the United States.

Over the past twenty years, the American Cancer Fund for Children has given over 40,000 handmade, decorated hats and caps to

young cancer patients who have lost their hair from chemotherapy and radiation. Initiatives like the Magical Caps for Kids program help lift the spirits and boost the self-esteem of children undergoing exhaustive and painful courses of treatment. The American Cancer Fund for Children also sponsors the Courageous Kid Award, which organizes ceremonies and hospital celebrations to recognize a child's bravery and determination in fighting the battle against childhood cancer.

Kids Cancer Connection provides educational resources to the public and strives to raise public awareness about childhood cancer.

COLUMBIA COUNTY BICENTENNIAL ANNIVERSARY

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. BARLETTA. Mr. Speaker, I rise to honor Columbia County of the Commonwealth of Pennsylvania, which will celebrate its bicentennial anniversary on March 22, 2013.

On March 22, 1813, Columbia County separated from Northumberland County. The area was named for Columbia, a popular poetic name for America at the time and one that alludes to Christopher Columbus and his discovery of our great nation. In 1870, Bloomsburg was named as the County Seat and is still considered to be the only "incorporated" town in Pennsylvania. Today, about 66,000 Americans call Columbia County home. They contribute to our nation by working hard for a living and caring for their families. Many of them are earning an education at Bloomsburg University, working at Geisinger-Bloomsburg Hospital or tending to family-owned farms or businesses.

The County is noted for its natural beauty and historic sites. The Susquehanna River and several tributaries flow through the region which also has rolling farmlands, State game lands, State forests, and nature preserves. Notable architectural sites are the Catawissa Friends Meetinghouse constructed in 1789, the Columbia County Courthouse built in 1848, the Berwick Armory constructed in 1922, Bloomsburg Historic District, and 23 covered bridges, the third largest concentration of covered bridges in Pennsylvania.

Mr. Speaker, for two hundred years Columbia County has been an integral part of the Commonwealth of Pennsylvania and our great nation. Therefore, I commend all those citizens who have lived and worked for two centuries in this beautiful and historic area.

INTRODUCTION OF THE SCREEN ACT FOR 113TH CONGRESS

HON. RICHARD E. NEAL

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 21, 2013

Mr. NEAL. Mr. Speaker, the month of March is national colorectal cancer awareness month. I introduce today the Supporting Colorectal Examination and Education Now (SCREEN) Act. This legislation removes barriers in colon cancer screening, one of the most effective preventive health screenings available. The bill helps save lives, improve quality of care, while also reducing Medicare costs in the process. I urge all of my colleagues to support this important legislation.

The statistics surrounding colon cancer are startling. Over 50,000 people will die this year from this disease according to the American Cancer Society. Colon cancer is the number two cancer killer in the United States for both men and women. Many of us in this chamber have had friends, family members, and associates affected by this terrible disease.

Thankfully, colorectal cancer is highly preventable with appropriate screening. According to an important study recently published in the New England Journal of Medicine, colorectal cancer deaths may be reduced by over 50 percent by removing precancerous polyps during the screening colonoscopy. Colon cancer screening is a unique preventive service as pre-cancerous polyps are removed during the same encounter, thus preventing cancer from developing, as opposed to other cancer screenings where early detection is the goal. That is one reason why the U.S. Preventive Services Task Force provides an "A" rating for CRC screenings.

Unfortunately, only half of the Medicare population is being screened, despite the availability of a Medicare colon cancer screening benefit. According to CMS and the American Cancer Society, Medicare claims indicate that only 55–58 percent of beneficiaries have had a colonoscopy or any colorectal cancer test. Screening rates among minority populations are especially low despite the fact that incidences of colon cancer are higher in these populations. The Centers for Disease Control and Prevention (CDC) concludes that 1,000 additional colorectal cancer deaths will be prevented each year if screening rates reached 70 percent.

In addition to saving lives, colorectal cancer screening has been demonstrated to save Medicare long-term costs as noted by the New England Journal of Medicine in a recent article. The direct costs of treating colorectal cancer in 2010 reached \$4 billion. These costs can be partially avoided with proper screening.
