

The dedication demonstrated by Yatzire Aguirre is exemplary of the type of achievement that can be attained with hard work and perseverance. It is essential students at all levels strive to make the most of their education and develop a work ethic which will guide them for the rest of their lives.

I extend my deepest congratulations to Yatzire Aguirre for winning the Arvada Wheat Ridge Service Ambassadors for Youth award. I have no doubt she will exhibit the same dedication and character in all of her future accomplishments.

#### TRIBUTE TO TRISH MORRIS-YAMBA

**HON. DONALD M. PAYNE, JR.**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 11, 2013*

Mr. PAYNE. Mr. Speaker, I ask my colleagues here in the House of Representative to join me as I rise to recognize and honor a dedicated public servant, Trish Morris-Yamba who is retiring from the Newark Day Center after 32 years of service. Mrs. Morris-Yamba's journey to this post encompassed many levels including launching the Livingston College Day Care Center, classroom teacher, principal at the Chen School in Newark, overseeing the Newark Fresh Air fund and Executive Director at the Newark Day Center. As a result of these experiences, Mrs. Morris-Yamba was definitely in a position to make a difference in the lives of our most precious resources, our children.

Mrs. Morris-Yamba attended Rutgers University where she received both a Bachelors and Masters Degree in education. Mrs. Morris-Yamba sought to ensure that Newark's preschool children received both quality daycare and education. Her influence can be seen in the many programs she spearheaded, like the Fresh Air Fund that sends hundreds of children every year to summer camp and the programs that help seniors, single parents and people out of work or returning to work. Fortunately, for those who had the opportunity to work with her, Mrs. Morris-Yamba was generous with sharing her knowledge and her significant leadership skills.

As Mrs. Morris-Yamba retires, she will be remembered for her belief in fulfilling the needs of the total child. She has a love of learning and is an excellent role model as well as the consummate professional. Mrs. Morris-Yamba has touched the lives of countless children, parents and Newark's senior citizens. Mrs. Morris-Yamba has received many awards during her tenure at the Newark Day Center. I am truly grateful that she chose Newark. I know that to be in an educational environment is to serve with one's heart. Mrs. Morris-Yamba has served the Newark Day Center with her heart and in the process has created a memorable legacy.

Mr. Speaker, I am sure my colleagues agree that Mrs. Trish Morris-Yamba deserves to be recognized for a job well done and for her many years of dedicated service to the Newark community. I am proud to have such a dedicated person in my Congressional district and wish her much success in her future endeavors.

#### HONORING THE SONS OF ITALY

**HON. TOM MARINO**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 11, 2013*

Mr. MARINO. Mr. Speaker, the Sons of Italy is the largest and oldest nationally-recognized organization in the United States for people of Italian heritage.

For 100 years, the Sons of Italy Grand Lodge of Pennsylvania has worked to establish over 150 lodges throughout the commonwealth, all dedicated to the promotion of Italian culture, traditions, and legacy.

With support from their members, the Sons of Italy has raised over \$35 million for numerous charities including the Alzheimer's Association, the Doug Flutie Junior Foundation for Autism and Cooley's Anemia Foundation.

The organization has also given \$117 million in donations to scholarships, medical research, cultural preservation and disaster relief.

Through their commission for social justice, The Sons of Italy has fought racism, prejudice and the stereotyping of all races, religions and cultures.

As an Italian-American myself, I am honored to offer my congratulations to the Sons of Italy, and praise their devotion to the preservation of Italian-American heritage.

#### TRIBUTE TO WORLD WAR II VETERANS OF THE USS TIDE

**HON. SHELLEY MOORE CAPITO**

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 11, 2013*

Mrs. CAPITO. Mr. Speaker, I rise today to recognize Mark Zangara who has established a 501(c)3 in Harpers Ferry, called "World War Two History Archives". The purpose of this non-profit organization is to honor WW2 Vets with oral history interviews as well as commemoration of WW2 military service.

On the week of June 4-8, 2013, Mark Zangara sponsored the reunion of survivors of the USS *Tide*. On June 7, 2013, 1100 hours, the USS *Tide* Veterans was honored at the Navy Memorial at the plaque dedication ceremony of their ship, itself a minesweeper. June 7 was a significant day for the crew since it was on that day June 7, 1944, that the *Tide* hit a mine and was split in two. 25 percent of the crew were killed immediately, while all others on board were wounded and hospitalized. The USS *Tide* is the only American Naval ship to have 100% casualties (either KIA or WIA) in one single incident. The heroic acts of the sailors involving great risk to themselves to save others are extensive and numerous. They will be covered at length in Mr. Zangara's forthcoming book to be released this year "Reflections: World War Two Veterans Tell their Remarkable History."

We owe everything to these Veterans of World War Two. We owe them a debt that can never be repaid.

#### CONGRATULATING MICHAEL ROSEN

**HON. JANICE D. SCHAKOWSKY**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 11, 2013*

Ms. SCHAKOWSKY. Mr. Speaker, I rise to congratulate Michael Rosen as he receives the inaugural Patient Impact Legacy Award from the Cures Within Reach Foundation for his work in the BioSciences over the last 30 years.

Michael Rosen has been chosen to receive this inaugural Legacy Award based on his leadership and involvement in the BioScience industry and his interest in the betterment of the regional community. Currently the Senior Vice President of the Forest City Science + Technology Group, Rosen is responsible for developing marketing strategies for Forest City's biotech projects across the United States and serves as their liaison to the life science industry developing relationships with clients and major research universities. Forest City Science + Technology Group is one of the country's leading developers & owners of science parks associated with leading research-based universities. He is also a founding member, current board member and former vice-chairman of IBIO, the Illinois Biotechnology Industry Organization, and chairman of its predecessor organization. Prior to Forest City, Mr. Rosen spent 32 years as an executive in the pharmaceutical, biotech and medical device industries in the U.S. and abroad working in Europe, Asia and Latin America.

The Cures Within Reach Midwest BioScience Industry Campaign event will occur annually to celebrate both the industry in our region, and its commitment to life-changing solutions for patients. Cures Within Reach was founded in 2005 as a Chicago-based not-for-profit organization helping patients by repurposing FDA-approved drugs and devices to deliver fast, safe and affordable treatments for diseases and rare disorders that have insufficient or nonexistent therapies. Cures Within Reach has emerged as a leader in the repurposing revolution, working to transform patient lives through research that looks backward to move forward.

Past research has delivered seven treatments in use today in major disease areas and rare disorders including Multiple Sclerosis, Autoimmune Lymphoproliferative Syndrome, Lung Cancer, Prostate Cancer, and Familial Dysautonomia. Current research projects are in process at many select institutional partners, including The Mayo Clinic, the Seattle Children's Hospital, Rush University, The University of Chicago, Weill Cornell, and the Children's Hospital of Philadelphia.

I join others in the Chicago area in offering my deep gratitude for Michael's decades of work and lifelong commitment to patients and the bioscience that heals them, and to Cures Within Reach. I wish them well and ask this body to do the same on this momentous occasion.

IN RECOGNITION OF THE 125TH ANNIVERSARY OF EULATON BAPTIST CHURCH

**HON. MIKE ROGERS**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 11, 2013*

Mr. ROGERS of Alabama. Mr. Speaker, I would like to ask for the House's attention today to recognize the congregation of Eulaton Baptist Church, which will be celebrating their 125th anniversary on June 13th.

In 1888, in the community of Eulatonin, Alabama, 30 people gathered to worship in an old school house. Eulatonin, a community in Anniston, Alabama, was named after Mrs. Eula

Ford. This church was founded as a Southern Missionary Baptist Church with an emphasis on missions.

One hundred twenty-five years later, this church and its congregation have grown immensely. However, they remain focused on missions and serving their community of Eulaton, in Anniston, Alabama.

On Sunday, August 4th, members, friends and the community will gather together at the church to remember, reflect and rejoice on the triumphs of Eulaton Baptist Church. Please join me in celebrating their rich history and wishing them great success in the future.
