HONORING M. JUANITA SCOTT

**HON. BENNIE G. THOMPSON**

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2013*

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise today to honor a remarkable public servant, Ms. M. (Mildred) Juanita Scott.

Ms. Scott is the 6th child of 9 to William Scott and Mattie L. Taylor Scott Pace. She was born, raised and currently lives in Sunflower County, Mississippi.

Ms. Scott received her early education at First Church/School Kinlock, under the leadership of Mr. and Mrs. Ratcliff and later attended Sunflower County Baptist Association School under the leadership of Mr. N. A. Brantley, later named Carver Elementary School. She left Carver School in the 7th and graduated from the 8th grade at Magnolia Elementary, in Memphis, Tennessee, under the guidance of Mrs. Harry Mae Simon; attended Booker T. Washington High School, in Memphis, Tennessee, and graduated June 1958 with honors, under the guidance of Blair T. Hunt; attended Coahoma Jr. College and received an AA Degree in Library Science, with honors; she furthered her education at Delta State University, in Cleveland, Mississippi; and earned a special training certificate at Southern University, in Early Childhood Education, in Hattiesburg, Mississippi.

Ms. Scott is one of the first pioneers of Child Development Group of Mississippi (CDGM), in Sunflower County and helped type the proposal for the Association Community of Sunflower County under the Directorship of Mrs. Cora Flemings and Mr. Frank Glover.

Ms. Scott worked with Fannie Lou Hamer helping people to vote in Sunflower County. She also served on the Bi-Racial Committee helping to integrate schools in Indianola. Her home was one of several homes who housed individual Freedom Workers who lived in Indianola. Moreover, Ms. Scott helped to boycott Indianola under the leadership of Willie Spurlock to see that blacks could be hired in banks, department stores and public facilities as cashiers in Indianola. She ended up being jailed because at that time, blacks could not use public library facilities. Authorities removed tables and chairs so blacks could not sit down at the Seymour Henry M. Library Facility.

Ms. Scott is a member of Bethlehem #2 Missionary Baptist Church, where she currently serves as church secretary/treasurer and Sunday school teacher. She is involved in many other activities/organizations like: being the secretary of the Sunflower County chapter of the NAACP; serving as the first black woman chairperson for Sunflower County Democratic Executive Committee; coordinated

President Barack Obama's campaign literature for Sunflower County in 2008 and 2012; served as den mother for over 32 cub scouts, from 1970 to 1985; she is pictured with an article in the book "Life and Death in the Delta" by Kim Lacy Rogers; she is a pioneer Civil Rights Worker in her town, county, and state; is presently employed part-time with the Bolivar County Community Action Agency; and worked 46 years as Administrative Assistant/Finance Department with this agency.

Mr. Speaker, I ask my colleagues to join me in recognizing Ms. M. Juanita Scott for her dedication to serving others and giving back to the African American community.

EXPANDED BACKGROUND CHECKS  
ON GUN PURCHASES

**HON. ROSA L. DeLAURO**

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2013*

Ms. DELAURO. Mr. Speaker, it has now been six months since the tragedy in Newtown, Connecticut—Six full months since Adam Lanza murdered six adults and twenty children in cold blood, devastated a small-town community, and broke millions of hearts all across America. And yet, the families of Newtown who lost loved ones and who are here today—and families all across America—are still waiting for us to act. Still, this House has taken no action.

Even though an overwhelming majority of Americans support background checks, the bipartisan King-Thompson bill to expand background checks on gun purchases, which has 180 co-sponsors, has not received a vote in this House. This is shameful.

Meanwhile, we have the highest rate of gun deaths per year in the industrialized world. 30,000 deaths and almost 75,000 injuries are caused by guns every year. An average of eight children and teens are killed by guns in America, every single day.

What are we waiting for? We have to find ways to move forward in a commonsense and responsible fashion to prevent gun violence in America. This is something the American people overwhelmingly support, and something the American people expect from us as their elected representatives.

In fact, the American people have already waited too long. Six months have gone by since Sandy Hook, and all the while more men, women, and children have been victims of gun violence on our streets and in cities all across the country. Just this week, a gun man killed six people in a shooting spree in Santa Monica.

It is time—now—to pass a stronger, more comprehensive system of criminal background checks for gun purchasers. It is time—now—to make gun trafficking a federal crime. It is time—now—to allow scientific research into how to mitigate gun violence. It is time—now—to ensure better access to quality mental health care for those in need.

There is no good reason for inaction. Not one. We know for a fact that commonsense, responsible policies like these make a difference. In fact, one recent study found that the ten states with the weakest gun laws collectively suffer from a level of gun violence that is more than twice as high than the ten states with the strongest gun laws.

In my state of Connecticut, the Assembly and Governor Malloy have stepped up to the plate, passing a comprehensive gun violence prevention bill that strengthens gun laws throughout our state. We should follow their example. At the very least, these commonsense proposals should get a vote in the House.

The longer we keep waiting, the more innocent victims will die, the more senseless tragedies we will have to endure. It is time to pass the commonsense, constructive measures that help prevent tragedies like Sandy Hook and the thousands of gun deaths we see every year across this country. Six months after Newtown, it is time for this House to show some leadership.

RECOGNIZING DON BRUNELL FOR  
HIS NEARLY 30 YEARS OF SERVICE  
AT THE ASSOCIATION OF  
WASHINGTON BUSINESS

**HON. CATHY McMORRIS RODGERS**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2013*

Mrs. McMORRIS RODGERS. Mr. Speaker, I'd like to rise today to recognize my good friend Don C. Brunell, who has been a champion of business in Washington state for nearly 30 years, with an exceptional record of achievement at the Association of Washington Business, the fourth largest state chamber of commerce in the U.S.

Don Brunell came to the Evergreen State in 1978 from his native state of Montana to work in the forest products industry for Crown Zellerbach, combining his love of the outdoors with his interests in politics and business.

In 1981, Don was appointed to the Association of Washington Business Executive Committee and chaired the Association's Natural Resources and Environment Council until, in 1986, Don was appointed vice chairman of government affairs for AWB, and, a year later, president of AWB.

That's how we all know him, as the steady hand and leader of our business community. He has grown the organization from under 1,000 members to what is now the state's largest business advocacy organization with more than 8,000 private employers of all industries and sizes.

Under Don Brunell's 28 years of leadership, the Association of Washington Business has been designated as the state's manufacturing association by the National Association of Manufacturing and is twice recognized by the U.S. Chamber of Commerce as an Accredited Chamber with Distinction, and is currently one of just four state chambers "accredited with distinction".

But maybe his most enduring legacy is his extensive work with Washington Business Week and through the Don C. Brunell Scholarship that has helped encourage generations of high school students with an interest in business to achieve their entrepreneurial goals.

In his role as AWB President, Don Brunell has had the honor of working with five Washington governors, including Govs. Gardner, Lowry, Locke, Gregoire and Inslee, as well as the leaderships of Speakers Ehlers, King, Ebersole, Ballard, and Chopp. For hundreds of legislators, Don was the voice of experience,

always looking out to protect our wonderful free enterprise system.

I want to particularly note that each Christmas since 1988, the holidays for many rural families in Washington have been a bit brighter—and the Legislative Building a bit more festive—since Don Brunell founded the Holiday Kids' Tree Program, raising hundreds of thousands of dollars for needy families around the state and establishing the community tradition of a tree lighting each December in the state capitol.

Throughout his distinguished career, Don has maintained his strong belief in family, as evidenced by his marriage of 42 years to wife Jeri, children Jennifer, Carey, Erin, Don, Dan and Colleen and his 14 grandchildren; and Don has also remained committed to those serving in the U.S. armed forces, himself a veteran with 23 years of service in the U.S. Army, Montana and Washington Army National Guard and U.S. Army Reserve as a special forces, infantry and public affairs officer.

It is bittersweet to see such a distinguished career draw to a close, but I must acknowledge Don will retire from AWB in January 2014, making the legislative session that is drawing to a close in Washington state the last one with Don as president of the state's largest and oldest business association.

Future legislators and business leaders should draw inspiration from his steadfastness and dedication to the cause of freedom and free enterprise that was a constant during his long and honorable career.

THE MCCOLLUM AMENDMENT TO THE FY14 DEFENSE APPROPRIATIONS BILL PROHIBITING FUNDS FOR CIA LETHAL DRONE STRIKES

**HON. BETTY MCCOLLUM**

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 13, 2013*

Ms. MCCOLLUM. Mr. Speaker, yesterday in the House Appropriations Committee I offered an amendment to the fiscal year 2014 defense appropriations bill regarding lethal drone strikes. The amendment stated:

None of the funds made available by this Act may be used for weapons strikes or lethal action using unmanned aerial vehicles unless conducted by a member of the Armed Forces under the authority provided pursuant to Title 10, United States Code.

The amendment was defeated in committee on a voice vote and my request for a recorded vote was denied by the committee. It is my intention to offer this same amendment on the floor of the House in the coming weeks when the defense appropriations bill is debated by the full House.

My statement (as prepared for delivery in committee) is as follows:

Full Appropriations Committee Statement on the McCollum Amendment:

Mr. Chairman, within the classified portion of this bill hundreds of millions of dollars, perhaps billions, are appropriated for a targeted killing program operated by the Central Intelligence Agency.

The CIA operates a fleet of weaponized drones armed with laser guided Hellfire mis-

siles. They conduct lethal air strikes against targets in Pakistan, Yemen and Somalia. The program's targets are identified terrorists or they are unidentified individuals targeted and killed based on a pattern of behavior.

My amendment places sole responsibility for conducting lethal military action using weaponized drones in the hands of the Department of Defense conducted by members of the Armed Forces under the authority of Title 10 of the U.S. Code.

The CIA's use of drones to conduct surveillance and intelligence gathering in support of Defense Department lethal action continues under my amendment.

Some of our colleagues do not believe that the Pentagon is not up to the task of carrying out this responsibility. I disagree with that.

The Joint Special Operations Command (JSOC) is conducting drone strikes now. The Air Force and the Army possess and operate weaponized drones. They operate within a clear chain of command and legal accountability. Lethal military operations using sophisticated weapons systems should be in the hands of the Secretary of Defense and military commanders who are accountable to Congress.

CIA strikes have been effective. Terrorists have been killed. But they are not secret. The whole world knows these are CIA strikes operating on behalf of the American people, without transparency, accountability or oversight.

In fact, CIA Director John Brennan may actually agree with this amendment. During his Senate confirmation hearing he stated, "The CIA should not be doing traditional military activities and operations."

There are costs associated with these targeted killings. Hundreds of innocent civilians have been killed. There are legal questions, human rights concerns, foreign policy implications and ultimately moral issues.

You could dismiss all of these concerns because the program is killing terrorists.

But in the near future, as armed drone technology proliferates, if we dismiss these concerns I can guarantee you that China, Iran, Russia and other nations will also dismiss these concerns when they are capable of conducting targeted killings. Why, because we are setting the example.

If we want other countries to use these technologies responsibly, then we must use them responsibly. What's at stake is our country's moral authority.

The Obama Administration is not leading on this issue of ensuring transparency, accountability and oversight. The president claims these CIA strikes are within "clear guidelines, oversight and accountability" that his administration determined all by itself—without input or even the consideration of Congress.

And Congress has done less. In fact Congress has done nothing except write a black check that allows a paramilitary force of CIA officers and civilian contractors to kill suspected terrorists and anyone else unlucky enough to be in the vicinity—including women and children—using one of the most sophisticated weapons platforms in our military arsenal.

For this Congress and this committee to passively allow the CIA to fire laser guided missiles at human targets in countries in which we are not at war without demanding oversight or accountability is a complete abdication of our sworn obligation to the Constitution and our citizens.

This is not intelligence gathering, these are military operations that should be conducted by our Armed Forces and with direct oversight by Congress.

Our country is at war with Al-Qaeda and its terrorist affiliates. I trust the members of our Armed Forces to do their job, defeat the enemy, and protect our nation. The drone strike program is a military program and Congress should demand that it be conducted within the same legal framework as any other military operation during a time of war.

McCollum statement at the close of debate on the amendment:

It is no surprise the White House opposes this amendment. The executive branch wants to maintain its CIA drone program and its target list without congressional oversight, without transparency or accountability.

It is absolutely appropriate and responsible for this committee to make the Department of Defense solely responsible for military operations using armed drone program. Doing so does not diminish our military capacity, it in fact it strengthens the program with regard to international law and accountability to Congress and the American people.

Right now the CIA is running an assassination program and the world is watching.

Soon China, Russia and Iran will have the same capability and will use the CIA's standard of killing anyone profiled as an enemy.

It is time Congress demands transparency, accountability, and oversight to a program that has killed thousands of people—including innocent civilians.
