PROVIDING FOR CONSIDERATION OF H.R. 2642, FEDERAL AGRICULTURE REFORM AND RISK MANAGEMENT ACT OF 2013

The SPEAKER pro tempore. The gentleman from Massachusetts is recognized.

Mr. MCGOVERN. Mr. Speaker, I yield to the gentlewoman from Oregon (Ms. BONAMICI) for a unanimous consent request.

Ms. BONAMICI. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill rule and the underlying bill because it will increase hunger in America.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Oregon?

Mr. GOHMERT. I object.

The SPEAKER pro tempore. Objection is heard.

Mr. MCGOVERN. Mr. Speaker, I yield to my good friend, the gentleman from Massachusetts (Mr. KENNEDY) for a unanimous consent request.

Mr. KENNEDY. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill rule and the underlying bill because it takes food nutrition away from working families.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Massachusetts?

Mr. GOHMERT. I object.

The SPEAKER pro tempore. Objection is heard.

PARLIAMENTARY INQUIRY

Mr. MCGOVERN. Mr. Speaker, parliamentary inquiry.

The SPEAKER pro tempore. The gentleman from Massachusetts will state his point of parliamentary inquiry.

Mr. MCGOVERN. Am I understanding the gentleman's objection correctly that what he is doing is not even giving Members on our side the courtesy of stating their statement in the RECORD?

The SPEAKER pro tempore. The gentleman will state a proper parliamentary inquiry.

Mr. MCGOVERN. I'm trying to understand what the objection means of the gentleman from Texas. Does that mean

that the statement that the gentleman from Massachusetts just made will not appear in the RECORD?

The SPEAKER pro tempore. The objection was to the unanimous consent request.

Mr. MCGOVERN. Mr. Speaker, at this point I yield to the gentlewoman from New York (Mrs. LOWEY), my good friend, for a unanimous consent request.

Mrs. LOWEY. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill rule and the underlying bill because it hurts the working poor and takes food and nutrition from hardworking families.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

Mr. GOHMERT. I object.

The SPEAKER pro tempore. Objection is heard.

Mr. MCGOVERN. Mr. Speaker, I yield to the gentlelady from Nevada (Ms. TITUS) for a unanimous consent request.

Ms. TITUS. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill rule and the underlying bill because it takes the safety net away from America and Nevada's poor families.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Nevada?

There was no objection.

Mr. MCGOVERN. Mr. Speaker, I yield to the gentlewoman from the District of Columbia (Ms. NORTON) for a unanimous consent request.

Ms. NORTON. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill and the underlying rule because it increases hunger and poverty in America.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from the District of Columbia?

Mr. GOHMERT. I object.

The SPEAKER pro tempore. Objection is heard.

Mr. MCGOVERN. Mr. Speaker, I yield myself 15 seconds.

I think it is extremely unfortunate that Members on the other side of the aisle would deny Members on this side of the aisle the ability to insert written materials in the RECORD. In all my years here, I have never seen such a discourteous gesture.

I reserve the balance of my time.

Mr. SESSIONS. Mr. Speaker, I reserve the balance of my time.

Mr. MCGOVERN. Mr. Speaker, at this time I am proud to yield 1 minute to the gentleman from North Carolina (Mr. BUTTERFIELD).

Mr. BUTTERFIELD. Mr. Speaker, it is no secret that the Republican Tea Party has a national agenda that is playing out right here in this Chamber today. You are attempting to defund food stamps—yes, you are—and place poor people, which includes children

and the elderly and veterans, in a position that none of you would want to be in.

When it was time to reauthorize the farm bill, Republicans cut \$16 billion in food stamps. And what happened? The Speaker refused to schedule the bill for floor action, not because the cuts were too deep, but because they were not deep enough. And so the Ag Committee made deeper cuts, this time \$20 billion in cuts. When the bill was debated, Republicans then added mean-spirit amendments that doomed the bill. Now you bring us another bill with no nutrition title at all.

We cannot stand by and be silent when Republicans take these actions that offend what we are as Americans. We can do better than this.

The SPEAKER pro tempore. Members are reminded to address their remarks to the Chair and not directly to other Members of the body in the second person.

Mr. SESSIONS. Mr. Speaker, I reserve the balance of my time.

Mr. MCGOVERN. I yield 1 minute to the gentleman from Oregon (Mr. BLUMENAUER).

Mr. BLUMENAUER. Mr. Speaker, I appreciate the relentless focus on the nutrition programs at risk; but remember, this is going to be the costliest farm bill in history. It contains no reform. It concentrates Federal cash on the largest, most profitable agribusiness. It shortchanges conservation, guts protection for wetlands, prairies, and forests. It rewards government dependency, not innovation.

You have managed to unite the Environmental Working Group, the Farm Bureau, and the Club for Growth in opposition. Congratulations.

Please reject the rule and the underlying bill.

Mr. SESSIONS. Mr. Speaker, I believe it's important for us to understand what's in the bill, and I'd like to yield 3 minutes to the gentleman from Oklahoma (Mr. LUCAS), the chairman of the Agriculture Committee.

Mr. LUCAS. Mr. Speaker, I would have preferred to focus my time in the general debate, and that's still my intention. The rule debate historically, as we all know in this body, is more of a partisan discussion, generally less focused on the details of the bill than the intensity of the process or the perspective by which the next action takes place. I understand that.

But I would say to my friends, and I will go into greater detail on this in just a little bit, remember what you are about to vote on, a rule to enable us to proceed to a vote entails, is consideration of a bill that took two markups over 2 years in committee, where 100 amendments were considered in both markups, a process by which a bill to the floor a couple of weeks ago subject to another 100 amendments, tremendous debate, tremendous discussion, yet a bill that could not quite get the muster of both the left and the right.

□ 1230

So we wound up a little short in the middle. What you're voting on today is the farm bill farm bill. It's what a lot of the folks back home have said for years they want: consider every issue on its own merit. Well, now, we're about to vote for a rule that will make that possible.

But in the farm bill farm bill, we achieve savings in the commodity title, do away with the direct payments, that thing that's caused such great angst—people getting money for not doing anything. That's gone, a substantial number of billions of dollars in savings.

Now, the committee had the spirit to believe that every part of the existing farm bill policy should save resources, so we save money in the conservation title, \$6 billion. We consolidate programs. We refocus.

I would say to all my friends on the floor, vote for the rule. Give us a chance to proceed to the bill so that we can consider a farm bill farm bill.

I can assure all of you that I have given my word to the members of the Rules Committee, to Members on each side of this Chamber that the committee will work hard to achieve a consensus on a nutrition bill. I don't know what kind of a consensus that will be yet. It probably won't satisfy both of my friends on each side of the room to the extreme.

But we, in good faith, did our work. Give us a chance to consider the merits of our reform-minded bill. Give us a chance, then, to address the nutrition title. Let the place work. Let the place work.

I thank the chairman of the Rules Committee for yielding some time to me. I ask my colleagues to vote for this.

I would tell you, if anything, part of the biggest problem with the bill 2 weeks ago was we saved money everywhere; and for some reason, no one ever wants to give anything up in this place.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. SESSIONS. I yield the gentleman an additional 30 seconds.

Mr. LUCAS. Sometimes you have to have reform. Sometimes you have to do things differently. But at least the Ag Committee chose to make the reforms across our jurisdiction, to make everybody have a stake in the savings.

I know that's contrary to how the place works; but for one time, maybe, this session, or this day, or this year, or this decade, let's try it the old way. Let's try and look at the issue. Let's try to be fair and equitable to everyone, and let's do the legislative work to get, ultimately, to where we need to be.

Mr. MCGOVERN. Mr. Speaker, I'd like to insert in the RECORD the letter from Taxpayers for Common Sense against this bill. I'd like to also insert in the RECORD a letter from over 500 farm groups and conservation groups that oppose this bill.

I also want to point out to my colleagues, the CBO estimates that this bill, as written, will add \$1.3 billion to the deficit in 2014.

HOUSE LEADERSHIP PROPOSES OUTSPENDING SENATE IN FARM BILL

Fresh on the heels of losing a Farm Bill vote on the Floor because the rushed bill did not cut spending enough, House leadership is floating another plan to keep the checks flowing to agriculture special interests: strip out nutrition programs and pass an Ag-only Farm Bill that spends more than one passed by a Democrat-controlled Senate. In fact it would spend drastically more than either the comparable portions of the President's FY14 budget request or Rep Paul Ryan's FY14 budget (which called for \$38 billion and \$31 billion in savings, respectively).

That's right, the Republican House majority leadership is pushing a bill that would save less than they promised, President Obama proposed, or the Senate adopted.

The Ag-only Farm Bill shows just how resistant House lawmakers are to reining in our nation's deficits.

House Ag-only Farm Bill Savings: \$12.8 billion.

Senate Ag-only Farm Bill Savings: \$13.9 billion.

Splitting nutrition and agriculture programs into separate bills is a good idea, but only because it would break the Ag-Urban unholy alliance that logrolled over attempts to reform both programs. To deny amendments and reforms would make bifurcation virtually meaningless. Each bill must be open to robust debate to ensure taxpayers are footing the bill for only the most cost-effective, accountable, transparent, and responsive safety net for farmers and the hungry poor.

An Ag-only Farm Bill the likes of H.R. 1947 is the opposite of reform. It would:

Cannibalize savings to create new generous shallow loss entitlement programs.

Resurrect government-set target prices that are higher than in the Senate bill.

Exclude all common sense steps toward right-sizing the federally subsidized crop insurance program—which was estimated to cost taxpayers a record \$14 billion in FY12. No means testing to exclude millionaire businessmen, no limit on subsidies, zero cuts to insurance company delivery subsidies, and no transparency on who is benefiting from taxpayer spending.

Increase spending on subsidized crop insurance by \$9 billion.

But that's not all, the House bill would:

Increase FY14 spending by \$1.34 billion above the current baseline.

Only save \$3.9 billion over the life of the actual bill (FY14–18) with the rest (\$9 billion) occurring after this farm bill expires in FY18.

If Congress simply eliminated direct payments and the failed Average Crop Revenue Election (ACRE) program (which nearly everyone agrees needs to happen), taxpayers would save nearly \$50 billion. Adding in a few common sense reforms to the highly subsidized crop insurance program (instead of shoveling \$9 billion in new special interest subsidies) would easily save taxpayers \$100 billion or more.

Splitting the bill should be used to get better reforms out of both nutrition programs and the rest of the farm bill instead of just using it as a tactic to get to a conference committee to protect agriculture and nutrition's sacred cows. Simply divorcing the two with no opportunity for additional reforms isn't acceptable when our nation faces a \$16.8 trillion debt. Instead of eventually sticking taxpayers with a trillion dollar farm bill that barely puts a dent in the deficit, law-

makers need to go back to the drawing board and come up with a fiscally responsible solution that enacts a more cost-effective, accountable, transparent, and responsive farm safety net.

JULY 2, 2013.

Hon. JOHN BOEHNER,
Speaker, House of Representatives,
Washington, DC.

DEAR SPEAKER BOEHNER: America's agriculture, conservation, rural development, finance, forestry, energy and crop insurance companies and organizations strongly urge you to bring the Farm Bill (H.R. 1947, the Federal Agriculture Reform and Risk Management Act of 2013) back to the Floor as soon as possible. This important legislation supports our nation's farmers, ranchers, forest owners, food security, natural resources and wildlife habitats, rural communities, and the 16 million Americans whose jobs directly depend on the agriculture industry.

Farm bills represent a delicate balance between America's farm, nutrition, conservation, and other priorities, and accordingly require strong bipartisan support. It is vital for the House to try once again to bring together a broad coalition of lawmakers from both sides of the aisle to provide certainty for farmers, rural America, the environment and our economy in general and pass a five-year farm bill upon returning in July. We believe that splitting the nutrition title from the rest of the bill could result in neither farm nor nutrition programs passing, and urge you to move a unified farm bill forward.

Thank you for your support. We look forward to our continued dialogue as the process moves forward and stand ready to work with you to complete passage of the new five-year Farm Bill before the current law expires again on September 30, 2013.

Mr. MCGOVERN. At this point I yield 1 minute to the gentleman from Rhode Island (Mr. CICILLINE).

Mr. CICILLINE. Mr. Speaker, this is a shameful day. The House Republican leadership has decided again to abandon all efforts to come to a bipartisan agreement on the farm bill. Instead, they've launched an attack—on the working poor, veterans, children and seniors who rely on the nutrition program—in a desperate attempt to win political points with their conservative base.

After an embarrassing, chaotic defeat of their last proposal, they've decided to make a bad situation even worse. This proposal strips out the entire nutrition title, putting families and children at risk of going hungry.

They made a clear choice to protect generous subsidies for agriculture corporations at the expense of the hungry and the working poor.

Make no mistake: today, House Republicans are telling hungry children, food banks struggling to meet the needs of their communities, and low-income seniors who depend on food assistance that their needs don't matter.

And I urge my colleagues to understand that for 180,000 Rhode Islanders who benefit from this nutrition program, they are not extraneous. This is disgraceful, it's immoral, and it's contrary to our values as a Nation.

I strongly urge my colleagues to oppose this shameful proposal.

Mr. SESSIONS. I reserve the balance of my time.

Mr. MCGOVERN. Mr. Speaker, I yield for a unanimous consent request to the gentleman from New York (Mr. SERRANO).

Mr. SERRANO. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill rule and the underlying bill because it takes food nutrition from working families.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York.

Mr. GOHMERT. I object.

The SPEAKER pro tempore. Objection is heard.

Mr. MCGOVERN. Mr. Speaker, I'd like to yield for a unanimous consent request to the gentleman from Vermont (Mr. WELCH).

Mr. WELCH. Mr. Speaker, I ask unanimous consent to revise and extend my remarks in strong opposition to the farm bill rule and the underlying

bill because it takes food nutrition from working families.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Vermont?

Mr. GOHMERT. I object.

The SPEAKER pro tempore. Objection is heard.

Mr. SESSIONS. Mr. Speaker, I reserve the balance of my time. I have no additional speakers except myself when I close.

Mr. MCGOVERN. Mr. Speaker, I'm the final speaker on our side, so I yield myself the balance of my time.

Mr. Speaker, this is about our values. This is about what we stand for.

The constant attacks by some of my Republican friends, by many on the other side of the aisle, on SNAP, on poor people, on the vulnerable is just plain wrong. And, quite frankly, it's offensive.

Three weeks ago, this farm bill failed in this House because the Republicans cannot govern. You know, you are in control. Sixty-two of your Members, including five committee chairs, voted "no."

To suggest that somehow Democrats should have carried this bill is ludicrous because I want to make one thing clear: we are not going to vote for a bill that sticks it to poor people, and that's exactly what this bill does.

The bill that you had on the floor that threw 2 million people off SNAP was unacceptable, and we could not vote for that.

There are 50 million people in this country who are hungry; 17 million of them are children. Millions of people who are on SNAP work for a living. They go to work every day; but they earn so little, they still qualify for this benefit.

These are our neighbors. These are our brothers; these are our sisters. Please do not turn your backs on them. Please do not turn your backs on these people. We are a better country than that.

Please don't be so callous, because that's what this is about, when you throw 2 million people off this benefit, or even more. Because we have no idea what was promised to get votes on this current bill right now. We have no idea how much you're going to cut the SNAP program or whether you're going to sunset it, because none of us know what was decided in the Republican Conference.

But when you cut people who are poor, when you deny them the benefit of food, which should be a right in this country, that is callous. That is cruel. We should not be doing that.

We should be about helping people, not hurting people. So have a heart.

Where's your conscience?

What makes this country great, what makes America great is that we've had a tradition for caring for the least among us. That's why we're so angry over here, because all of a sudden it seems like we're turning our backs on the poor.

There used to be a bipartisan consensus when it came to making sure that the hungry in this country get enough to eat. There's a long history of bipartisanship on this.

All of a sudden this has become a partisan issue, and the target, so that you can try to balance the budget, has been placed right on the programs like SNAP, nutrition programs, programs that feed our senior citizens, provide our children meals in schools.

You've even gone after WIC. Enough. Enough. We can do better. We can have a bipartisan farm bill if you will move over to our side and understand that we have an obligation to take care of the most vulnerable.

So vote "no" on this rule. Vote "no" on the underlying bill. We can do so much better.

I yield back the balance of my time.

The SPEAKER pro tempore. Members are reminded to address their remarks to the Chair, not to other Members of the body in the second person.

Mr. SESSIONS. Mr. Speaker, I yield myself the remaining time.

I believe that the gentleman from Oklahoma represents not just the conscience of my party, but also of the Members of the House of Representatives. I think he well and faithfully is attempting to do his job; and it is this body today that will have an opportunity, after hearing the gentleman from Oklahoma speak about not just his desire, but his leadership on behalf of the Agriculture Committee.

As he approached the Rules Committee last night, he spoke very clearly and eloquently and said it is his desire to have the farm bill farm bill, as he calls it, to be able to be before this body today where we can pass good and wise farm bill policy.

He also stated, before not only all the Members, but also in testimony that he presented to the committee, that it is his intent to follow up today's bill, farm bill farm bill, with a nutrition program bill that he would bring to the Rules Committee for this House to consider.

This man has worked on a bipartisan basis and, I believe, should have the admiration and respect of this body. But more importantly, the gentleman placed his word of what he's trying to do before this body. I think he is a sincere and honest man.

It is my intent, as the chairman of the Rules Committee, as it was last night, to say to this body today, this bill, farm bill farm bill, that is before you does appropriate and good things for farmers and for people who make a living and provide this country with the agriculture and products it needs. We are trying to make sure that that is faithfully and well done today.

I believe the gentleman from Oklahoma deserves the respect of this body, and I would ask for each and every one of us to please vote "yes" on this rule and the underlying legislation.
