Mr. HOYER. I thank the gentleman for his comments.

Would it be safe to tell the Members there will be no votes before 1 o'clock tomorrow, do you think?

Mr. CANTOR. Mr. Speaker, I would respond to the gentleman, yes, that would be correct.

Mr. HOYER. I thank the gentleman.

Does the gentleman intend to meet on Sunday if we have acted on the CR tomorrow?

Mr. CANTOR. Mr. Speaker, I would say to the gentleman about Sunday's schedule, pending action tomorrow, I am hesitant to commit that there would be no votes on Sunday. I do know, Mr. Speaker, that we're dealing with a day of worship for many people, and would work with that fact as well, if that's the purpose of his question.

Mr. HOYER. I thank the gentleman for his response, and I yield back the balance of my time.

STOPPING OBAMACARE AND PREVENTING SHUTDOWN II

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, if there's one thing I know that hardworking taxpayers back home in my district need in these tough economic times, it's certainty. It's tough enough putting food on the table and putting gas in the car without worrying that an out-of-control Federal Government is going to make life harder for you and your family.

That's why last week my colleagues and I in the House passed legislation that provides some of that certainty. We don't want our fellow Americans to see their insurance premiums shoot up or lose their insurance altogether because of the President's unworkable health care law. And we want our government to stay open.

That's what the American people need, and that's what the House has acted to do. Now it's time for the Senate to act as well.

COME TOGETHER TO ACT RESPONSIBLY

(Mr. HOYER asked and was given permission to address the House for 1 minute.)

Mr. HOYER. Mr. Speaker, there are 435 of us that have been asked by our fellow citizens to come to Washington, D.C., to have the extraordinary privilege of sitting on this floor and making—they hope—responsible decisions for their country.

I regret that the House is not full at this point in time.

I have a reputation for working across the aisle. I cherish that reputation because I believe that all of us have been given an honor, and each of us ought to respect that.

Mr. Speaker, we are days away from shutting down the government. We are a few more days from defaulting on the

So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mr. WOLF. Mr. Speaker, today I was unavoidably detained and missed roll call vote 491, to concur in the Senate Amendment to H.R. 1412, the Veterans Affairs Expiring Authorities Act, and roll call 492, on H.R. 3096, which would designate the FBI Building in Vienna, Virginia, as the Michael D. Resnick Terrorist Screening Center. I was hosting a STEM Careers Fair in my congressional district, which was a longtime commitment to the students of Northern Virginia. Had I been present, I would have voted "aye" on both roll call 491 and 492.

PERSONAL EXPLANATION

Mr. LANGEVIN. Mr. Speaker, on rollcall votes 491 and 492, I was unavoidably detained. Had I been present, I would have voted "aye" on both questions.

LEGISLATIVE PROGRAM

(Mr. HOYER asked and was given permission to address the House for 1 minute.)

Mr. HOYER. Mr. Speaker, I yield to my friend, the majority leader, for purposes of inquiring of the majority leader the schedule for the coming day and weekend.

Mr. CANTOR. Mr. Speaker, I thank the gentleman, the Democratic whip, and refer him to the announcement that came out from my office that we intend for the Senate to act on the continuing resolution sometime today and to receive it here in the House either this afternoon or evening.

As per the announcement that we sent out, the House will meet at 10 a.m. for morning-hour tomorrow on Saturday, at noon for legislative business, and Members are advised that we could vote at any point tomorrow or Sunday until the situation surrounding the CR is resolved.

credit of the United States of America. I believe there are a small number of this House who are holding us captive and rendering, apparently, this House unable to reach compromise. The American people surely will not reward any one of us.

There is, in my opinion, Mr. Speaker, a working majority for responsibility in this House. I choose to believe that, I do believe it, and I pray that it is the case. And I ask my colleagues to come together on behalf of the American people and our great country to act responsibly.

□ 1045

HOUR OF MEETING ON TOMORROW

Ms. FOXX. Mr. Speaker, I ask unanimous consent that when the House adjourns today, it adjourn to meet at 10 a.m. tomorrow for morning-hour debate and noon for legislative business.

The SPEAKER pro tempore (Mr. JOYCE). Is there objection to the request of the gentlewoman from North Carolina?

There was no objection.

UNITED NATIONS ARMS TRADE TREATY

(Mr. BENISHEK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BENISHEK. Mr. Speaker, I rise today in opposition to the United Nations Arms Trade Treaty. Secretary of State John Kerry signed this treaty on behalf of the Obama administration this past Wednesday.

While I support keeping dangerous weapons out of the hands of international terrorists and bad actors, I believe that this treaty represents a significant threat to our Second Amendment rights.

The State Department itself has acknowledged that this treaty is “ambiguous” and that any potential obligations imposed by the treaty are difficult to predict. In addition, once ratified, it will be possible to amend this treaty with the support of just 75 percent of the signing members, potentially locking the United States into more restrictions down the road.

Like many people from my district, I grew up around firearms, and I’m a life-long gun owner. The responsible use of guns for sport and hunting is a way of life in northern Michigan, and I do not want to see this way of life or our Second Amendment rights be threatened by a poorly thought out United Nations agreement.

I urge my colleagues in the House to oppose this treaty and join me in standing up for the millions of law-abiding gun owners in America.

CLIMATE CHANGE

(Mr. JOHNSON of Georgia asked and was given permission to address the

House for 1 minute and to revise and extend his remarks.)

Mr. JOHNSON of Georgia. Mr. Speaker, I rise today as a member of the Safe Climate Caucus.

How much longer will the Republicans deny the science of climate change? Today, the world’s leading climate change scientists say that it is extremely likely that human influence has been the dominant cause of climate change. In fact, just reading last night in the BBC, there’s an article about a U.N. report that finds that, with 95 percent certainty, mankind has contributed mightily to climate change.

Last week, scientists from Stanford and Purdue Universities found that the eastern and central United States will likely see more severe weather by the middle of this century due to climate change. Despite this overwhelming evidence, Republicans proudly proclaim themselves as science deniers. When will my colleagues take their heads out of the sand and work with Democrats to preserve our climate and economy for the future?

WORLD TOURISM DAY

(Ms. TITUS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TITUS. Mr. Speaker, I rise today to recognize World Tourism Day.

This year’s theme is “Tourism and Water: Protecting Our Common Future,” and I join with the Las Vegas Convention and Visitors Authority in celebrating this theme.

For southern Nevada, this combines two of our most prized resources, tourism and water. Last year, nearly 40 million visitors came to Las Vegas. We hosted over 21,000 conventions and meetings, which brought in some 5 million national and international visitors, most of whom spent time in District One.

To continue successfully attracting and serving tourists and residents in the middle of the desert, southern Nevada has learned to be especially conscientious about water usage. In Las Vegas, we’ve found efficient ways to maximize our water usage to enhance the experience of visitors while safeguarding this critical resource for the long term.

Every day, tens of thousands of tourists pass by to take in the majestic beauty of the fountains at the Bellagio, not realizing that they come from recycled water. There is also CityCenter, a resort destination located on the Strip which is the world’s largest environmentally sustainable, mixed-use, new construction development to receive LEED certification. Every year, CityCenter saves nearly 50 million gallons of water and, as a tribute to its commitment to sustainability, proudly displays an art exhibit of the Colorado River.

Tourism and Water, it’s a great theme. Come and experience it for yourself only in District One.

STOPPING OBAMACARE AND PREVENTING SHUTDOWN

(Mr. MARINO asked and was given permission to address the House for 1 minute.)

Mr. MARINO. Mr. Speaker, House Republicans remain committed to defunding, delaying, and dismantling the President’s unworkable health care law; and our mission becomes more critical with each passing day.

We’ve already begun to see premiums go up for hardworking Americans all across the country. This is a bad law that will limit choices in health care and kill American jobs.

The House has passed legislation that would defund ObamaCare, rein in government spending, and prevent a government shutdown. That law is now in the hands of the Senate. The Senate must now give the American people what they deserve—an honest, transparent debate.

As this debate progresses, the American people will know who stands with them in opposition to this disastrous health care law. The House is leading the fight to control spending, stop ObamaCare, and protect hardworking Americans. It is time for the Senate to join us as well.

STOPPING OBAMACARE AND PREVENTING SHUTDOWN

(Mr. LAMALFA asked and was given permission to address the House for 1 minute.)

Mr. LAMALFA. Mr. Speaker, my colleagues and I are well aware of how important the next few days are for this country and for the work to be done in this House. We in the House have done our job however. We have acted to control reckless spending, dismantle the President’s unworkable health care law, and keep our government open. Now our House-passed bill is in the hands of the United States Senate, and we hope they will listen to the will of the people as we in the House have done.

The ObamaCare health care takeover is a bad law, it’s harmful, and it must be stopped. The American people, having had a chance themselves to read it a little bit—unlike what happened in this House just a few short years ago—they do not want it.

We are already beginning to see how it’s making insurance premiums go up all over the country—on the average, 99 percent for men, 62 percent for women, and the report just came out yesterday. It’s unworkable. It’s unaffordable.

We need to get rid of this law, and we need to keep our government open, as Republicans have work to do. It’s time for the Senate to act and protect the needs of the American people.

HISPANIC HERITAGE MONTH

(Mr. COSTA asked and was given permission to address the House for 1
