

PROTEIN SCIENCES

(Ms. ESTY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ESTY. Mr. Speaker, this shutdown is hurting families and businesses in my district and across the country. It must end.

Protein Sciences in Meriden is a prime example of the many cutting-edge businesses driving economic development in central Connecticut. Their mission is of critical importance to the entire Nation. For the last 30 years, they have been developing and producing lifesaving vaccines to treat and prevent a variety of diseases.

The FDA previously approved Protein Sciences' Flublok vaccine for 18- to 49-year-olds, calling it a "landmark in influenza vaccine history." But with FDA officials and employees now on furlough, Protein Sciences can't get approval for their revolutionary flu vaccine for Americans 50 years and older, increasing the chance that the vaccine won't be available for next year's flu season. The FDA and Protein Sciences can't fulfill their mission of saving lives because of the irresponsible shutdown.

Mr. Speaker, let's come together to end this shutdown today to give businesses in all of our districts certainty and to ensure that businesses like Protein Sciences can get back to their work of keeping our families healthy and of saving lives.

GOVERNMENT SHUTDOWN

(Mrs. CAROLYN B. MALONEY of New York asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, as the ranking member on the Joint Economic Committee, I would like to call your attention to this recent report. It is subtitled, "Ten Ways the Shutdown is Hurting the Economy."

Its findings are rather sobering.

The report makes it clear that the shutdown acts as a serious drag on our economy. Economists have testified before the committee that 3 or 4 weeks of a shutdown would reduce the country's gross domestic product by 1.4 percentage points. We are now entering the third week.

The shutdown harms not only Federal workers, but also the private sector. If it persists, it will reduce tourism revenue, cause contractors to lay off employees; the housing market will suffer, and public health services will feel its effects. The shutdown hurts everyone, from vulnerable mothers and children to ranchers, farmers, and agricultural exporters.

We are close to ending this crisis, and as the JEC points out in this report, it could not end faster. It is hurting our economy.

TIME FOR SOLUTIONS

(Mr. SHIMKUS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SHIMKUS. Mr. Speaker, \$17 trillion is our national debt. \$800 billion is how much we spend more than we take in. We pay \$280 billion a year just on interest payments on the money that we borrow. Those are the real numbers, and that is why House Republicans have spent much of these past 2 weeks talking about debt, deficits, and Federal spending.

House Republicans know what is driving America's debt. It is our reckless spending by legislators here in Washington. The American people know this, too. A recent Bloomberg poll found that 61 percent of Americans think it is right to include spending cuts with a debt limit increase.

This is not just a Republican problem. Vice President JOE BIDEN, while serving in the Senate, protested against adding to America's debt without "taking positive steps to slow its growth."

Mr. Speaker, that is what this debate has been about, and we will continue to work hard to make that happen.

WE MUST STAY OUR COURSE

(Ms. HANABUSA asked and was given permission to address the House for 1 minute.)

Ms. HANABUSA. Mr. Speaker, Day 16 of the shutdown; 1 day to the debt limit deadline. The question is: Are we close to a resolution?

We have to stay the course. On October 5, by a unanimous vote of 407-0 in this House, we passed retroactive pay for all Federal workers. On October 8, by a unanimous vote of 420-0 in this House, we passed pay for the essential workers. The Federal workers will be paid, so the people cannot be forced to suffer anymore. That is just common sense.

Mr. Speaker, we must keep our course on the resolution, on the default. An example in Hawaii: 217,678 seniors and disabled workers rely on Medicare. What would happen to them if a default were to occur?

We must stay our course, Mr. Speaker. We must have a resolution. We must vote for the people of this great Nation.

DAY 16 OF THE REPUBLICAN GOVERNMENT SHUTDOWN

(Ms. VELÁZQUEZ asked and was given permission to address the House for 1 minute.)

Ms. VELÁZQUEZ. Mr. Speaker, day 16 of the Republican government shutdown: children across the country are being turned away from Head Start educational services; our small businesses are seeing a loss in demand for their services; and local economies are

suffering. Americans are finding it harder to finance the purchase of a new home, placing a damper on the housing market, a cornerstone of our national economy. In New York, alone, 50,000 workers are furloughed, holding back on purchases that will help stimulate our local economy.

Now we approach another deadline and the possible default of the Federal debt. Allowing this to happen will be the height of Republican irresponsibility, causing havoc in our capital markets and costing American jobs.

All of this could end today if our colleagues would simply allow a vote. Stop playing political games. We need to reopen the government and pay the bills Congress previously authorized.

Mr. Speaker, the American people have seen enough. The time for talk is over. Let's vote to end this today.

MESSAGE FROM THE PRESIDENT

A message in writing from the President of the United States was communicated to the House by Mr. PATE, one of his secretaries.

CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO SIGNIFICANT NARCOTICS TRAFFICKERS CENTERED IN COLOMBIA—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 113-66)

The SPEAKER pro tempore (Mr. POE of Texas) laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, referred to the Committee on Foreign Affairs and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act, 50 U.S.C. 1622(d), provides for the automatic termination of a national emergency unless, within 90 days prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency with respect to significant narcotics traffickers centered in Colombia declared in Executive Order 12978 of October 21, 1995, is to continue in effect beyond October 21, 2013.

The circumstances that led to the declaration on October 21, 1995, of a national emergency have not been resolved. The actions of significant narcotics traffickers centered in Colombia continue to pose an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States and to cause an extreme level of violence, corruption, and harm in the United States and abroad. For these reasons, I have determined that it is necessary to continue the national emergency declared in Executive

Order 12978 with respect to significant narcotics traffickers centered in Colombia.

BARACK OBAMA.
THE WHITE HOUSE, October 16, 2013.
