

is that, historically, we have not had the luxury of being partisan because of the many needs of our State.

With that, Mr. Speaker, I congratulate our newest Member of the House and welcome him.

Mr. BOUSTANY. I yield to the statesman from Louisiana, Mr. VANCE M. MCALLISTER.

Mr. MCALLISTER. First, let me just say thank you. What an honor it is to be part of such an elite group, as well as the many people that walked before us in these Halls of Congress. With that comes great honor and great value.

I want to say thank you to everybody in the gallery that got me here. I wouldn't be here today if it wasn't for them, and I wouldn't be here today if it wasn't for these kids.

As I always said—and I know we are ready to get out of here—they didn't raise no dummy, I can tell you that. I didn't get here by accident.

I just want to say, let's make sure we keep this country, our politicians, and everybody in our prayers. Let's do the right thing by this country and take care of business, like we should. Let's all work together.

ANNOUNCEMENT REGARDING CLASSIFIED SCHEDULE OF AUTHORIZATIONS AND CLASSIFIED ANNEX ACCOMPANYING INTELLIGENCE AUTHORIZATION ACT FOR FISCAL YEAR 2014

Mr. ROGERS of Michigan. Mr. Speaker, I wish to announce to all Members of the House that the Permanent Select Committee on Intelligence has ordered the bill, H.R. 3381, the Intelligence Authorization Act for Fiscal Year 2014, reported favorably to the House with amendments. The committee's report will be filed next Monday.

Mr. Speaker, the classified Schedule of Authorizations and the classified Annex accompanying the bill will be available for review by Members at the offices of the Permanent Select Committee on Intelligence in room HVC-304 of the Capitol Visitors Center beginning any time after this report is filed. The committee office will be open during regular business hours for the convenience of any Member who wishes to review this material prior to its consideration of the House. I anticipate that H.R. 3381 will be considered in the House in the near future.

□ 1215

I recommend that Members wishing to review the classified Annex contact the committee's Director of Security to arrange a time and date for that viewing. This will ensure the availability of committee staff to assist Members who desire assistance during their review of these classified materials.

I urge interested Members to review these materials in order to better understand the committee's recommendations. The classified Annex to the committee's report contains the committee's recommendations on the intelligence budget for the fiscal year 2014 and related classified information that cannot be disclosed publicly.

It is important that Members keep in mind the requirements of clause 13 of House rule XXIII, which permits access to classified information by only those Members of the House who have signed the oath provided for in the rule.

If a Member has not yet signed the oath but wishes to review the classified Annex and Schedule of Authorizations,

the committee staff can administer the oath and see that the executed form is sent to the Clerk's office. In addition, the committee's rules require that Members agree in writing to a non-disclosure agreement. The agreement indicates that Members have been granted access to the classified Annex and that they are familiar with the rules of the House and the committee with respect to the classified nature of the information and the limitations on the disclosure of that information.

AMERICAN ENERGY INDEPENDENCE

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, just a couple of years ago, America was on a path to spending hundreds of billions of dollars more a year on energy imports to fulfill its energy needs—money that could otherwise be used to invest in our kids and to pay down our debt.

Today, due to shale oil and natural gas activity, the U.S. is set to leapfrog Saudi Arabia and Russia to become the world's biggest producer of oil and gas and, by 2035, capable of providing all of its own energy. This activity also contributed over 1.7 million jobs in 2012 and saved American families \$100 per month in the form of lower energy bills.

These amazing strides towards greater energy independence and a better standard of living for more Americans are due to energy development taking place not on Federal lands but on State and private lands, regulated not by the Federal Government but by our States.

This week, the House acted on policies to keep us on this path to greater energy security—a future where America is less reliant on the rest of the world to fulfill its energy and power needs.

TYPHOON YOLANDA

(Ms. DUCKWORTH asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DUCKWORTH. Mr. Speaker, today, I stand with my neighbors in Illinois and express my deepest sympathies to the victims of Typhoon Yolanda. More than 4,000 Filipinos died in this tragedy, and millions more are now in need of assistance.

While we mourn for those who suffer, I am also inspired by the resilience of the victims and of the generosity of the American people. I want the people of the Philippines to know that we stand with you.

Our brave men and women stationed in Okinawa were on the ground, evacuating victims and dispersing supplies within 2 days of the storm hitting. Local communities throughout the United States, including my district, are also helping. Motorola Solutions, based in Schaumburg, Illinois, and its employees have already donated \$150,000 and emergency equipment to help with the recovery. We in the Eighth District will not forget our Filipino friends and families.

Yesterday, members of the Illinois congressional delegation and I also sent a letter to Secretary Hagel, asking that the men and women of the Illinois National Guard be allowed to fly their C-130s of supplies, collected in Illinois, to the Philippines in order to assist with the recovery. I know the dedication and professionalism of these men and women, and I am certain that their contribution will save lives.

Citizens of the world look to the United States for leadership in difficult times; and time and again our Nation has stepped forward to help those in need. I am proud that America is doing so much to help the victims of Typhoon Yolanda, but I also know that that need, that that assistance will be needed well into the future as the Philippines continue to recover.

Again, to our Filipino friends and families, we stand with you.

REALITY CHECK PROGRAM

(Mr. POSEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POSEY. Mr. Speaker, I want to draw attention to a positive program that helps young people make better choices. It is called the Reality Check Program, and it was founded by Larry Lawton of West Melbourne, Florida.

In his youth, Mr. Lawton lived a life of crime, and that ultimately landed him in Federal prison for 11 hard years. Upon his release, Larry dedicated his life to helping kids everywhere make better choices by reaching at-risk young people before they make serious mistakes. Larry uses his experiences in prison to show kids the truth about where that path leads and what life in prison is really like.
