#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mrs. FEINSTEIN:

S. 1136. A bill to authorize the extension of preferential tariff treatment for certain textile goods imported from Nicaragua; to the Committee on Finance.

Mrs. FEINSTEIN. Mr. President, I rise today to introduce legislation to extend a critical textile and apparel trade program with Nicaragua, currently set to expire at the end of 2014 through the end of 2024.

This is a unique program which benefits not only Nicaraguan apparel factories and U.S. apparel companies and retailers, but U.S. fabric and yarn mills as well.

Let me explain.

In an effort to promote trade between the United States and Nicaragua, the 2006 Central American Free Trade Agreement, CAFTA, allows Nicaragua to export to the United States a limited amount of apparel products duty free regardless of the source of the yarn or fabric.

Specifically, this Tariff Preference Level, TPL, allows Nicaragua to export 100 million square meter equivalents, SMEs, of apparel made with fabric from non-CAFTA countries as long as the apparel is assembled in Nicaragua.

In order to ensure that U.S. fabric producers could also take advantage of this program, it contains a special rule for trousers.

It requires Nicaragua to purchase one square meter of U.S. fabric for every one square meter of non-CAFTA woven trouser fabric.

That is, under this "one for one" rule, for each export of woven trousers made from non-CAFTA fabric, Nicaragua agreed to export to the U.S. an equal amount of woven trousers made of U.S. fabric, up to a certain level 50 million square meter equivalents.

This "one for one" feature has been especially successful, resulting in an increase in U.S. fabric exports to Nicaragua and an increase in apparel production jobs in Central America.

In fact, since 2006, when the program went into effect, U.S. fabric exports to Nicaragua have nearly doubled from \$57.3 million to \$110.2 million.

Nicaragua is now the fastest growing market for U.S. fabric exports to the CAFTA region.

Nicaragua has also greatly benefited from this program.

I would remind my colleagues that Nicaragua, with a GDP per capita of \$3,300, is the poorest country in Central America and the second poorest country in the Western Hemisphere.

Approximately 42.5 percent of Nicaragua's population lives below the poverty line.

It is vital that Nicaragua develop and grow new export opportunities to help lift its people out of poverty. And that is what this program has done.

Since 2006, total apparel exports from Nicaragua to the U.S. have doubled. The program now accounts for 25 percent of those exports.

Between 2005 and 2013, jobs in the apparel sector in Nicaragua have grown

by 23 percent. That is, 13,236 new jobs have been created since CAFTA went into effect.

With a program that has proven to be so successful and mutually beneficial, it is appropriate for Congress to extend it and ensure that these benefits continue.

Some of my colleagues may wonder why I am introducing legislation now to extend a textile and apparel trade program that will not expire until the end of 2014.

The simple answer is that an early renewal is critical for business planning purposes.

U.S. companies that have taken advantage of this program are making decisions now about their long-term investments and where they will source apparel products.

Extending this program several months before its expiration date will help give U.S. companies the necessary confidence to continue to invest in Nicaragua and take advantage of its benefits.

If we wait until the last minute to extend the program, the ties that have been developed between U.S. and Nicaraguan companies and the benefits accrued will be put at risk.

Simply put, U.S. companies will not make the commitments to Nicaragua if there is a chance the textile and apparel trade program will lapse.

They will look elsewhere for new business opportunities to avoid what would in essence be a new trade barrier to U.S. textile exports and U.S. apparel companies in Nicaragua.

And as U.S. apparel orders from Nicaragua decline, U.S. textile exports to Nicaragua will also decline. Jobs will be lost.

U.S. companies are looking for assurances that the U.S. is committed to this program after 2014 and that is why this legislation is needed now.

It is supported by the American Apparel and Footwear Association, the National Retail Federation, the Retail Industry Leaders Association, and the United States Association of Importers of Textile and Apparel.

It is a win-win trade program promoting jobs and economic growth in both countries.

Nicaragua will be able to continue to develop a vital export industry and U.S. apparel companies, retailers, and textile manufacturers will continue to access a growing, thriving market in Central America.

I urge my colleagues to support this legislation.

(b) AMBULATORY SURGICAL CENTER VALUE-BASED PURCHASING PROGRAM.—Section 1833(i) of the Social Security Act (42 U.S.C. 1395l(i)) is amended by adding at the end the following new paragraph:

“(8) VALUE-BASED PURCHASING PROGRAM.—

“(A) ESTABLISHMENT.—The Secretary shall establish an ambulatory surgical center value-based purchasing program (in this subsection referred to as the ‘Program’) under which, subject to subparagraph (I), each ambulatory surgical center that the Secretary determines meets (or exceeds) the performance standards under subparagraph (D) for the performance period (as established under subparagraph (E)) for a calendar year is eli-

gible, from the amounts made available in the total shared savings pool under subparagraph (I)(iv), for shared savings under subparagraph (I), which shall be in the form, after application of the adjustments under clauses (iv), (v), and (vi) of paragraph (2)(D), of an increase in the amount of payment determined under the payment system under paragraph (2)(D) for surgical services furnished by such center during the subsequent year, by the value-based percentage amount under subparagraph (H) specified by the Secretary for such center and year.

“(B) PROGRAM START DATE.—The Program shall apply to payments for procedures occurring on or after January 1, 2015.

“(C) MEASURES.—

“(i) IN GENERAL.—For purposes of the Program, the Secretary shall select measures from the measures specified under paragraph (7).

“(ii) AVAILABILITY OF MEASURE AND DATA.—The Secretary may not select a measure under this paragraph for use under the Program with respect to a performance period for a calendar year unless such measure has been included, and the reported data available, on the website ‘Medicare.gov’, for at least 1 year prior to the beginning of such performance period.

“(iii) MEASURE NOT APPLICABLE UNLESS ASC FURNISHES SERVICES APPROPRIATE TO MEASURE.—A measure selected under this paragraph for use under the Program shall not apply to an ambulatory surgical center if such center does not furnish services appropriate to such measure.

“(D) PERFORMANCE STANDARDS.—

“(i) ESTABLISHMENT.—The Secretary shall establish performance standards with respect to measures selected under subparagraph (C)(i) for a performance period for a calendar year.

“(ii) ACHIEVEMENT AND IMPROVEMENT.—The performance standards established under clause (i) shall include levels of achievement and improvement.

“(iii) TIMING.—The Secretary shall establish and announce the performance standards under clause (i) not later than 60 days prior to the beginning of the performance period for the calendar year involved.

“(E) PERFORMANCE PERIOD.—For purposes of the Program, the Secretary shall establish the performance period for a calendar year. Such performance period shall begin and end prior to the beginning of such calendar year.

“(F) ASC PERFORMANCE SCORE.—The Secretary shall develop a methodology for assessing the total performance of each ambulatory surgery center based on performance standards with respect to the measures selected under subparagraph (C) for a performance period (as established under subparagraph (E)). Using such methodology, the Secretary shall provide for an assessment (in this subsection referred to as the ‘ASC performance score’) for each ambulatory surgical center for each performance period. The methodology shall provide that the ASC performance score is determined using the higher of its achievement or improvement score for each measure.

“(G) APPEALS.—The Secretary shall establish a process by which ambulatory surgery centers may appeal the calculation of the ambulatory surgery center’s performance with respect to the performance standards established under subparagraph (D) and the ambulatory surgery center performance score under subparagraph (E). The Secretary shall ensure that such process provides for resolution of appeals in a timely manner.

“(H) CALCULATION OF VALUE-BASED INCENTIVE PAYMENT.—

“(i) VALUE-BASED PERCENTAGE AMOUNT.—For purposes of subparagraph (A), the Secretary shall specify a value-based percentage

amount for an ambulatory surgical center for a calendar year.

“(I) the ASC performance score of the ambulatory surgery center under subparagraph (F); and

“(II) the amount of the total savings pool made available under subparagraph (I)(iii)(I) for such year.

“(I) ANNUAL CALCULATION OF SHARED SAVINGS FUNDING FOR VALUE-BASED INCENTIVE PAYMENTS.—

“(i) DETERMINING BONUS POOL.—In each year of the Program, ambulatory surgery centers shall be eligible to receive payment for shared savings under the Program only if for such year the sum of—

“(I) the estimated amount of expenditures under this title for Medicare fee-for-service beneficiaries (as defined in section 1899(h)(3)) for surgical services for which payment is made under the payment system under paragraph (2), adjusted for beneficiary characteristics, and

“(II) the estimated amount of expenditures under this title for Medicare fee-for-service beneficiaries (as so defined) for the same surgical services for which payment is made under the prospective payment system under subsection (t), adjusted for beneficiary characteristics,

is at least the percent specified by the Secretary below the applicable benchmark determined for such year under clause (ii). For purposes of this subparagraph, such sum shall be referred to as ‘estimated expenditures’. The Secretary shall determine the appropriate percent described in the preceding sentence to account for normal variation in volume of services under this title and to account for changes in the coverage of services in ambulatory surgery centers and hospital outpatient departments during the performance period involved.

“(ii) ESTABLISH AND UPDATE BENCHMARK.—For purposes of clause (i), the Secretary shall calculate a benchmark for each year described in such clause equal to the product of—

“(I) estimated expenditures described in clause (i) for such year, and

“(II) the average annual growth in estimated expenditures for the most recent three years.

Such benchmark shall be reset at the start of each calendar year, and adjusted for changes in enrollment under the Medicare fee-for-service program.

“(iii) PAYMENTS BASED ON SHARED SAVINGS.—If the requirement under clause (i) is met for a year—

“(I) 50 percent of the total savings pool estimated under clause (iv) for such year shall be made available for shared savings to be paid to ambulatory surgical centers under this paragraph;

“(II) a percent (as determined appropriate by the Secretary, in accordance with subparagraph (H)) of such amount made available for such year shall be paid as shared savings to each ambulatory surgery center that is determined under the Program to have met or exceeded performance scores for such year; and

“(III) all funds made available under subsection (I) for such year shall be used and paid as sharing savings for such year in accordance with subclause (II).

“(iv) ESTIMATE OF THE TOTAL SAVINGS POOL.—For purposes of clause (iii), the Secretary shall estimate for each year of the Program the total savings pool as the product of—

“(I) the conversion factor for such year determined by the Secretary under the payment system under paragraph (2)(D) divided by the conversion factor calculated under subsection (t)(3)(C) for such year for covered OPD services, multiplied by 100, and

“(II)(aa) the product of the estimated Medicare expenditures for surgical services described in clause (i)(I) furnished during such year to Medicare fee-for-service beneficiaries (as defined in section 1899(h)(3)) for which payment is made under subsection (t) and the average annual growth in the estimated Medicare expenditures for such services furnished to Medicare fee-for-service beneficiaries (as so defined) for which payment is made under subsection (t) in the most recent available 3 years, less

“(bb) the estimated Medicare expenditures for surgical services described in clause (i)(I) furnished to Medicare fee-for-service beneficiaries for which payment was made under subsection (t) in the most recent year.

“(J) NO EFFECT IN SUBSEQUENT CALENDAR YEARS.—The value-based percentage amount under subparagraph (H) and the percent determined under subparagraph (I)(iii)(I) shall apply only with respect to the calendar year involved, and the Secretary shall not take into account such amount or percentage in making payments to an ambulatory surgery center under this section in a subsequent calendar year.”

If paragraph (b) of such section is cited for exclusion of a procedure, the Secretary shall identify the peer reviewed research or the evidence upon which such determination is based. The Secretary may not use or cite section 416.166(c)(7) of such title as criteria or a basis for exclusion of a procedure from such lists.”
